You Can Be in Your Home of Light While on Earth

Discourse — December 28, 2020

It is the great joy of the Ascended Masters to welcome you *Home in the Heart of the Great, Great Silence!* The Great Silence is one of the proper names for the Great Central Sun. One of the primary purposes for this week will be for you to be set free by the Truth of Cosmic Law®. With the alertness of your Heart Flame, you can truly awaken out of the thralldom of whatever might be the mass consciousness at the present time. Truly, you want to disentangle and remove any investment of your consciousness in those things of this outer world that are unreal. It is not possible to rise into the Consciousness of the Great Central Sun while the outer consciousness is fixated on worldly affairs. So, what does it mean to be Home in the Heart of the Great Silence? We draw from several of Saint Germain's experiences while in embodiment to answer that question. Once you are able to achieve this attainment of forging your own pathway of Light into the Great Silence with the help of the Manus and the Ascended Masters, it will act as a very practical, tangible protection and you will understand the Power of the Mighty I AM Presence.

Enter into Oneness with God Wherever You Are

Lord Himalaya — December 28, 2020

Lord Himalaya offers you the opportunity to enter into the Great Silence with Him. He instructs you on how to enter the Fullness of the Charge of Light of your own Heart Flame and the Mind of God. Once you understand how to do this you will be able to have the Great Silence all about you, even when surrounded by outer noise and activity. There are certain steps in gaining this mastery. There must be a focus of one's attention and centering of consciousness. The journey requires your deep desire and love for God. Going within and reaching the High Vibration of the Presence, being taken up by your soaring Heart Flame, and allowing that Flame to fill your four lower bodies will strengthen the Core Identity of your Being until you become an unshakeable Pillar of Light! This is the Oneness your Presence wishes you to attain and maintain.

The Great, Great Silence, Spiritual Light, and All-Pervasive Oneness Discourse — December 29, 2020

The aspect of the Great Central Sun known as the Great, Great Silence is registered in the Consciousness of your I AM Presence. Your Presence has come down from the Great God Flame of your Identity into the Realm of the Great Central Sun, illumining with the Sun of its own Radiance and God Consciousness all of the Great Central Sun. Even in the Heart of the Great Central Sun, the Consciousness of the Presence is Spiritual Light, for God Consciousness equals Spiritual Light, and Spiritual Light equals the Consciousness of the Godhead. The highest level of the Godhead is known as The One. The One imbues every part of Reality, for there is only The One God Self everywhere. So, ultimately, the Ascended Master is part of your own Presence, and your Presence is part of the Ascended Master, as both are part of The One. The Ascended Master will know the Will of your God Presence. You can converse with the Presence of The One. You can know that *I AM here and I AM there* — *I AM there* in that Allness of the Great Central Sun.

Put on the Garment of Light of God Consciousness
Goddess of Light — December 29, 2020

The Goddess of Light offers you her Sword Excalibur so that you will know the difference between the human consciousness of unreality and the Garment of Light of God Consciousness that you are to wear. All that is not streaming forth in the Light of God is unreality. Elevating your conscious vibration daily in your prayers, meditations, affirmations, and decrees allows you to set in motion a pathway for the Light of God as Consciousness to fill your Chalice. When you are blessed with a deposit of Light, you have a new opportunity. Holding fast to God Consciousness allows you to move forward through all cycles of life effortlessly, holding to the North Star of the Divine Opportunity extended to you. When there is greater acceleration, your Presence can extend the days of your incarnation, electing that you must continue on in your Service to God in Life. Etch on the fabric of your vehicles what it means to be in the Consciousness of God and to have that Light penetrating through and through so that you are shining forth as a Star! The Goddess of Light and El Morya know your name and your Flame and are with you always.

Your Heart Flame Magnetizes the Great Central Sun to Itself
Discourse — December 29, 2020

While your Presence continues to abide in the Home of Light that is the Great Central Sun without ever descending from that Immaculate Purity of Consciousness, it most assuredly does send its own Heart Flame forth, out into the Fivefold Universe. Our goal during this Conclave is your interaction, while in embodiment, with the Great, Great Silence of God's Eternal Great Central Sun and all that is ongoing there. Why have the mankind of Earth lost their connection with and awareness of that Universal Omnipresence? It is because of the distractions and fixations of the outer identity caught in the incessant appearance of unreality that seizes upon the attention, the physical or the spiritual sensitivities

resident within the four lower bodies. In all of that distraction, the consciousness has lost the momentum and training to pierce through those overlays of unreality and rivet attention instead upon the Heart and the bedrock Reality of the Great Central Sun. The key to a return to this connection is to bind all the noise in the Great Silence and attune with the Heart Flame. Within your own Heart Flame is the Heart of God's Love acting as a great magnet to all that is in the Great Central Sun.

Your Identity in God Shines Through You
God and Goddess Meru — December 29, 2020

Let the greater Momentum of the White Fire of the Mother Light of the God and Goddess Meru bring you closer to realizing the Truth of your Identity in God and assist you in building your Pillar of Light from the Home of the Great Silence. In the Silence you are renewed, refreshed, and strengthened in your True Identity in God. You recognize the Individuality of your Presence, but you also become aware of the Allness of God that pervades all of the Kingdom of God. As you chart your Destiny, it should always be with the Mighty I AM Presence at the helm as the guiding Intelligence of the Mind of God, anchoring the Mother Light as the White Fire of Purity and the Power of God as the Will coming forth that does not cognize any lesser vibration, but knows the exact right direction to take. As you live more and more in the Light, you come to recognize that it is not confined only to your lifestream but moves out to touch any Heart Flame that is ready, and the one receiving that Light recognizes that something unique and very joyful has occurred!

Enter into the Great Silence to Lawfully Do God Good
Discourse — December 30, 2020

This Discourse explains why, because of free will and the Law of Octaves, we cannot compel others to do what will make them happy or what is the Will of God. We all have to learn this

lesson, as Jesus did in many of his embodiments. We have to learn that everything must be accomplished through Divine Service and Love. Divine Love contains the complete Wisdom and Almighty Power of the Mighty I AM Presence. The Lords of Karma are aware of the tendency of the not-self to rule the Heart Flame with unreality, but they have the Divine Wisdom to know that it is the Heart Flame of an individual that must be moved to make the right decisions. As you study this Teaching and understand this point of Cosmic Law you will be able to go into the Great Silence and stand firmly and safely in the Light, connected with the Allness of God, sending forth the Love of God into the very body of the world. This is how the nations can be healed. As the Light goes forth, it is a Presence, a Divine Intelligence, a Principle, a Light, a Power, and an Activity. Through this you are able to do all that can lawfully be done for mankind and remain free from becoming tied to the incessant flow of human creation in this world.

***Hold to the Light of the Emerald Matrix to Accelerate the Earth
Cyclopea — December 30, 2020***

Mighty Cyclopea discusses how to bring forth the Vision your Presence wishes to manifest. He highlights the need to maintain the Perfection of the Light coming forth by protecting your consciousness from sights, sounds and vibrations that would taint it so the Vision can come through in all of its Purity for your lifestream. Illumination's Flame will quickly rise into your consciousness, the Love of God will fill you, comfort you, and return you to Wholeness. The Will of God will protect you and propel you forward with Divine Direction for Holy Purpose. The Mother Flame, as a Pillar of Fire, will consume all impurities and knit together your spiritual centers so you are One in the Heart of God. You have all you need to accelerate your own life. Use the Emerald Ray and Shekhinah Pillar to accelerate the lives of the many who are on the verge of becoming aware of their Heart Flames. The few always assist the many who are not ready. Be as

a little child, with a Pure Heart and clear Vision, and let your life story be one of overcoming Victory and full awareness that you are your Mighty I AM Presence.

I Stand With You as You Are Fulfilling Your Fiery Destiny!
Vaivasvata Manu — December 30, 2020

Vaivasvata Manu, Lord of the Fifth Root Race, instructs you on your spiritual journey, including what you now understand and what is available to you. You, as a disciple of your own Presence and the Teaching of Cosmic Law from The Temple of The Presence, are fulfilling your Fiery Destiny. The quicker you transmute the sense of duality between yourself and your Presence, the quicker you will realize how you are One in the Heart of God. Maintain your Peace to know the abiding Presence of God and the assistance that is there for you. You must always be encouraging, uplifting, and filled with Peace and Harmony, setting the example for those around you. You must give the Violet Flame so that your karmic records are not reactivated and re-lived. As you look into the future, do not forget to be present here and now. Embrace the moment, for the Charge of Light received each moment is the stepping stone to your Victory, building the archetypal patterns of your God Identity — the Attributes of your own Presence. Let the Light of God carry you into the Oneness of your Heart in the Home of the Great Silence. Vaivasvata Manu stands with you, encouraging you, and giving you his is full support!

How Your Holy Christ Presence Handles Outer Appearances
Discourse — December 31, 2020

The attainment of being unmoved by outer appearances is part of your Path to Christhood. Although your Mighty I AM Presence will not override your free will misqualification of thought and feeling, the Consciousness of your Presence, by

Cosmic Law, will never comingle with mortal consciousness. While the Electronic Body of your I AM Presence does not even register unreality, your Holy Christ Presence is able to observe dispassionately those overlays of misqualification and imperfection in your world, and make the Call to your I AM Presence to send forth the Light to deal with them. Because your Holy Christ Presence is always able to see the White Fire Core of Perfection, It knows those appearances are unreal and so its world is not affected. In spite of the binding effects of returning karma, unreality should not be given any power. For it has no permanence or power, except for those individuals who continue to feed their life into it. Recognize that those appearances are unreal. Exercise Christ Discrimination and eliminate any acceptance of those appearances in your thought and feeling world. Take God Control, give the Conscious Cosmic Christ Command, and hold to Perfection.

Prepare for the Coming of the Seventh Root Race!
Great Divine Director — December 31, 2020

The Great Divine Director asks: Where is your consciousness? Have you allowed it to be fixed upon your Presence, to gaze into the Oneness with your Presence, and then look out of the Eyes of your Presence? The Great Divine Director invites you to enter into the Great, Great Silence with Him. For there you discover the Truth of your Identity in God, the Consciousness that you are to manifest daily. And that Great Silence is the same and One with the Allness of God! Each time you enter into the Great, Great Silence in Communion with God's Heart, you are establishing the Home of the Presence of God to abide where you are. Holding to the Vibration of the Presence within the Silence allows you, and all about you, to be bathed in Light and Momentum. When you can set aside a cycle of time to enter this Holy Estate, you will know the Allness of God. The Great Divine Director reminds you of your Responsibility for the

preparation of the Seventh Root Race. For the coming of these Pure Ones, with their Strength and God Determination, will change the world and move the Earth into a Higher Consciousness!

Thoughtform of the Year: The Torch of White Fire

Lord Gautama — December 31, 2020

Lord Gautama reminds us that life is a series of challenges dictating the use of the Flame upon the Altar of your Heart. That is why He, the Holy Kumaras, and the Nameless One pour forth their Attainment and Momentum — so your Heart Flame can be responsive to the commands and desires of your Mighty I AM Presence. Let the Light of your Holy Christ Presence be the co-measurement by which you weigh the Truth of the reality you are living, for unreality disrupts the flow of Light you desire. The Thoughtform of the Year, a Torch of White Fire encircled by the Emerald Ray of Cyclopea, is to consume the impurities in the Earth and impart the Edenic Blueprint back into the Heart Flames for a greater momentum of health and well-being, Peace and Harmony, Purity, and the Truth of Cosmic Law. As this Momentum of Spiritual Light spreads across the Earth and moves within the physical plane, it will begin to bring the planetary healing required. There will be a dissipating of karmic returns and a flourishing once more of the Grand Design of each one's Mighty I AM Presence.

Silencing the Four Lower Bodies

Discourse — January 1, 2021

Silencing of the four lower bodies is a wonderful way of realizing how everything unreal can literally be bound and held fast, so that it can then be transmuted and consumed. Nowhere is that silencing as necessary as within whatever remains untransmuted and unredeemed within the four lower bodies of the lifestream. The activities of the outer mind are not to be stunned into unconsciousness but are to enter into a strong current of

Harmony and exquisite Silence. The Power of the Great, Great Silence to re-establish this state of quiescence can be released by your Mighty I AM Presence through your mind. Emotional acceptance of outer appearances and unreality create turmoil below the level of conscious awareness that needs to be silenced by the action of the Heart. Re-instilling a sense of the Sacredness, Immaculate Purity, and Innocence of the Mighty I AM Presence is an important dimension of this Path. The Mighty I AM Presence is Holy and Sacred — as is the Life it gives. If this was understood and practiced, it would quickly transform the world.

Fill the Need of the Hour

Mighty Cosmos — January 1, 2021

The Law requires that you recognize what can be afforded your lifestream, and the entire Earth, by the Magnitude of your own Mighty I AM Presence, for all the Power of God is available to your Mighty I AM Presence now! Everything begins with the Mighty I AM Presence. Every opportunity, every goodness you experience comes forth because you have entered into a greater Momentum of God Reality. As the Source of all you require streams forth, you are filled to overflowing and want for nothing, save to be in that Light. It is important to have co-measurement of the planes of consciousness so you can pinpoint, according to your Mighty I AM Presence, exactly where you are in conscious awareness and make the adjustments necessary. Understanding this gives you a framework with which to move through your day-to-day life. It is one thing to know; it is another to become! Let your preparation begin by entering into the Great, Great Silence.
