# ***Keep the Dream The Sapphire Dream Alive!***

**Freedom Conclave 2019**

## ***Keep the Dream Alive!***

**Discourse — May 12, 2019**

The Ascended Masters address you with an impassioned plea: keep alive the Purity and transcendence of the Light of God Consciousness of your own Beloved Mighty I AM Presence throughout your four lower bodies and throughout your nations. Consider how many millions of years Sanat Kumara, the Seven Holy Kumaras, and the Brotherhood of Light have kept their Retreats in places such as Saudi Arabia, the Grand Tetons, and the Cave of Symbols, assisting mankind to elevate out of ignorance into Abundance and Grace. Until now, the Ascended Masters have had to remain behind a veil of secrecy, due to the repeated rejection of the Light of God by mankind. Both Jesus and Saint Germain have borne witness to this rejection. At this pivotal moment in history however, the Light of God has finally broken through and the capstone of Divine Wisdom is God Individualized. The Temple of The Presence is establishing a record and Charge of Light to carry forth the Truths of Cosmic Law unadulterated. Your opportunity is to hold open the doorway for mankind to turn from their cups of mortality and to drink the cup of Liquid Light of God Consciousness of the Ascended Masters and their own Mighty I AM Presence.

## ***Keep the Sapphire Dream Alive!***

**The Great Divine Director — May 12, 2019**

The Great Divine Director streams forth the Light of God from the Great Central Sun, activating the memory of your own Identity in God. It is the Will of your Presence for you to have the full recognition of that Presence as the all in all of your being. Quickly clear up the deeper karmic substance in your memory body

so the Christ Light may take up its rightful place When you keep that memory body honed and fashioned by the Charge of Light, it begins to unspool for you all of the wonderful Attributes of your Mighty I AM Presence. You have work to do. Dig deep with the Violet Flame! Penetrate with the Ruby Fire! Heal and bring forth Abundance with the Emerald Ray, purify with the Mother Light, and most of all, love God with all your Heart. You are the Sapphire Dream of your Mighty I AM Presence, the Diamond Shining Mind of God that must come forth, the Love of God that must expand, the Wisdom of God that must right the circumstances in your life. You are the Purity of God and the expansion of the Mother Light that nurtures and brings in the Seventh Root Race.

***The Will of God for the Godhead Charioteers***  
**Discourse — July 3, 2019**

The Work of the Brotherhood of Light and the Great Commission for their Activity, The Temple of The Presence, is to maintain God Freedom on Earth so each person can know their individuality in God and for this Freedom to be celebrated and proclaimed throughout the land. This Conclave is a call to be truly awake to the Inner Spheres of the Ascended Masters and the Consciousness of your own Mighty I AM Presence and to never again be drawn off the North Star of your Identity. The first root races were able to maintain this tethering, walking and talking with the Ascended Masters, knowing themselves to be their Mighty I AM Presence in action, wielding adept powers in a similar manner as the Ascended Masters. However, gradually mankind chose to turn away from the Presence of God. The Great Divine Director and the Goddess of Purity made the conscious God Determination to hold steadfastly to the height of Ascended Master Consciousness and apply the principles of Cosmic Law to their Victory. You will want to emulate their example, to resolve to remain awake, tethered to the Heart and Mind of the Mighty I AM Presence and to the Purity of the Teachings come what may.

***The Truth of Your Identity Resides in Purity***  
**Goddess of Purity — July 3, 2019**

Enter into Purity and allow the Flame on the Altar of your Heart to throw off the worldly state of illusion. You have desired Purity and the Presence of God, therefore the Goddess of Purity, Twin Ray with the Great Divine Director, has come to assist you. You need not live for one moment more allowing impurity to be where you are, nor be concerned about past mistakes, believing you need to come into incarnation again. The Violet Flame can erase the old records. Let go of those habits. Take command with the Light of God that is within you and make room for the Will of God. If you desire to manifest the Sapphire Dream then let the truth of your Identity shine forth! Quit pretending to be something you are not! When you begin to understand what is required, practice it, hold it as a focus of your attention, surround yourself with images and music that remind you of the Ascended Master Way of Life. As Torch Bearers you have crossed many milestones of Victories. Continue your Victories and you will become the waiting chalice of Purity ready to receive the new life waves of the seventh root race preparing for their first incarnation.

***Wholesale License is Not Freedom but Slavery***  
**Discourse — July 4, 2019**

Keeping the Dream alive of the Vision of your Mighty I AM Presence as an Ascended Master is the keynote of this Conference and Acropolis. Our subject today on the Fourth of July here in America is the Divine Ideal of God Freedom. God Freedom has nothing to do with the license that human beings usurp on their own behalf, giving to themselves the ability to do whatever they wish to do, whether it be aligned with the Virtues of the Christ or not. When God Freedom is misused as the license to engage in activities that are impure and those things are manifested, the fruit of that is not Freedom but slavery. Saint Germain teaches that the

sense appetites of past lives become the driving forces and habits of future lives, keeping you enslaved embodiment after embodiment. In your own Electronic Body are Patterns of Perfection that are the real Patterns of the Dream that you are intended to keep alive for yourself, for one another, and for the Earth.

### ***Cherish and Keep Freedom's Flame for the Earth!***

**Saint Germain — July 4, 2019**

On this Independence Day, Saint Germain proclaims that he is most grateful for all who stand for the Flame of Freedom and warns that you cannot, for one moment, take for granted that it will always be there if you do not cherish and love it. You have a solemn Responsibility to keep the Flame for the Earth. Saint Germain instructs you to bend the knee before the altar in supplication to your I AM Presence and surrender all that you are to that Presence. Allow for your Presence to enter into your body temple, be sure that you are not half-hearted in your approach to the High Altar. Seal up your Temple and allow for your Temple of the Presence to be impenetrable, for that is the Power of God. Do not buy into the lies that try to separate you from the Flame of Freedom and what is right according to the Truth of Cosmic Law®. Do not allow seeming outer appearances to create limitation on the Path. Have the desire for God and maintain the Guard Consciousness. Continue to strive and keep on keeping on! If you will not give up, never turn back, and never submit, then you and Saint Germain together will hold the line for Freedom!

### ***The Practice of the Undivided Attunement with the Presence*** **Discourse — July 5, 2019**

Beloved Jesus had such power that nothing could assail him, and yet he was still subject to the Sapphire Dream of the Will of his Presence, practicing putting down the impulses of his own vehicles throughout his life. If you are going to Keep the Dream

Alive it means keeping attunement with the Undivided Presence, becoming seated in consciousness on the throne of your Heart Flame, identifying with that Heart Flame of the Presence and not with the four lower vehicles. This is not, however, a path of drudgery, monotony or austerity; communion with your Presence is communion with Divine Love and you are fed by this communion. It never gets old but is the staying power of your whole world. Your Presence is the pearl of great price! Let go of mortality and make the Presence the all-in-all of your being!

***Fulfill the Sapphire Dream of the Will of the Mighty I AM Presence***

**Surya — July 5, 2019**

It is the glorious Radiance of the Realm of Akasha that Elohim Surya brings to you, transferring to you the Patterns and the High Ideals held there. However, he also asks if you are maintaining a vibration that allows for the free flow in your vehicles of consciousness, so you can enter into this glorious stream of the Perfection of God. Maintaining Purity and disciplining your vehicles to act according to the Virtues of the Christ must be ongoing. This is done by your determination and will, which is the Power of the Will of God exercising its command to keep the vehicles in Harmony, Peace, God Love, and Wisdom. As you purify your vehicles you will develop the glorious Garment of Light that your Presence has waited for you to garner for many lifetimes, a Garment that reflects your Mighty I AM Presence. Do not let down your guard or lose the Charge of Light, but hold to the Truth of your Identity and to what you know to be the Sapphire Dream of your own Flame upon the Altar of your Heart, and let the Glory of God be fulfilled in you!

***Individualization Is the Focus of The One***  
**Discourse — July 5, 2019**

Consciously entering into the Realm of Eternal Light requires the striving of your Heart Flame to untangle the threads of the weight of human consciousness woven into the tapestry of your life. Above your Presence, there is that overshadowing Presence of The One and The Good. When you arrive at the level of The One, you will share in that Consciousness. Individualization is a focus of all that The One is and also all that The Good is. The Individualizations of The One can do any great or small task. The Law of the Being of your Mighty I AM Presence is absolutely an undivided part of The One and The Good. In the Realm of the Great Central Sun, there is God and God only. In order for the Presence to act through you, you must set up the Law of the Being of the Presence in your vehicles. When the Principles of the Truths of Cosmic Law are mastered, healing will take place and God Consciousness will prevail. Fill the void of unreality with the Light of Perfection, with the intensity and fierceness of the Light of Truth.

***Be the Presence, Front and Center in Your Life***  
**Elohim Peace and Aloha — July 5, 2019**

In the Realm of the Purple and Gold hues of the Violet Flame and Wisdom's Ray, you are not concerned with the outer world, for you have charted your course with the Divine Destiny of God. The greatest Power wielded is that which lifts the consciousness of mankind up. When you partake in the Fullness of God, calling upon the assistance of Elohim, through the Command of the Christ you can wield the Shield of Elohim and establish God Good. When you maintain the depths of Peace you will find in

the Silence, in the stillness of the Ovoid of Light prepared for you in the Secret Chamber of the Heart, then you can draw upon that Peace to guide your every move, your every emanation of energy. Learn to gather up your inner strength and discipline and allow for the Fullness of God to give you all that you require and desire, no longer looking to some other part of life to show you the way. The Elohim do not reorder your life. Any reordering is done by your Presence. Since your first incarnation, life has been a series of exercises garnering some Victories and Momentums of God Good that are safely tucked away in your Causal Body until you reach the age of maturity and recognize that the Light of God is far more important to you than other aspects of life.

***The Nature and Authority of Your Presence as the Source***  
**Discourse — July 6, 2019**

Every time you address your Mighty I AM Presence in adoration and invocation, in acknowledgment and acceptance of all that your Presence is, you are Keeping the Dream Alive. Your own Mighty I AM Presence is truly your Source and the wellspring of that Source is the Threefold Flame of the Heart. You are invited to gain a new perspective on the Almighty Power of your Presence to act in your world, issuing forth Divine Qualities from the Heart of God and actualizing their Perfection in these lower worlds of form. “I AM” is the creative Name of God. The Presence is Light, Life, and Love, and the Source of Light, Life, and Love. The Presence is the Source of that energy that we observe all throughout Creation, even to all that is in the Great Central Sun. Every part of Reality is the offspring of the I AM Presence. Your own Mighty I AM Presence is the Lord over all, even over those outer appearances that seem impossible to solve.

***Choose Daily Your God Identity and Your Ascension***  
**Pallas Athena — July 6, 2019**

Pallas Athena encourages you in your striving toward your Ascension, instructing you on what you need to do. She exclaims, “You can do this!” Describing the battle and war being waged within your lower vehicles, she teaches that you must treat these vehicles with Love and discipline. Remember that you are a disciple on the Path, a Godhead Charioteer, ready to hold the reins of the discipline of your outer vehicles, guiding them by the Godhead, the Christ Mind, into all the areas of life determined by the Will of God. For you to nourish the Seed Ideal of God Consciousness that you receive from the Ascended Masters, you must breathe on it the Breath of God Desiring, of God Will, of God Love! Explaining what establishes a Golden Age, Athena states that every aspect of your life must have your Presence issuing a Momentum of God Good. What is absolutely essential is that you know the Vibration of your I AM Presence, that Flame of your Identity — and that you breathe upon that Flame and allow it to manifest all around you a sustenance, an atmosphere, a way of life that allows you to live the Ascended Master Way of Life here and now!

***Utilize Your Mighty I AM Presence Consciously***  
**Discourse — July 6, 2019**

Your Mighty I AM Presence is the part of you that decided to step forth from the Great Central Sun into the fivefold realms of Coming-To-Be. Now you are correctly looking at your life from the perspective of your own I AM Presence. For the Ascended Masters teach us to identify with our Presence and speak in the Name and by the Authority of that Presence, as more and more our Presence enters into at-one-ment with us through the overshadowing of our

Christ Presence. This is not the human seeking to command God, but rather the Individualizations of God commanding the universal expressions of that Godhead. What your Presence will do for you must be done through you as signaled by your Heart Flame's intent. When you decree, flex the Blue Plume of your Threefold Flame in the Office of your I AM Presence and Holy Christ Presence, and give the Constant Conscious Cosmic Christ Command in the full intent of your Affirmations and Decrees. Consciously utilize your I AM Presence to manifest your Calls in this world, just as Jesus did. The greatest of all rewards is that you embody more of the Consciousness of The Good and The One.

***Awaken to the Will of God and Your True Identity!***

**El Morya — July 6, 2019**

El Morya presents profound Teaching that can be applied to every aspect of life. All of life boils down to a very simple equation: Do you love God? If so, will you invite God in? To exercise the Will of God, you must make your attunement with God, and you do that by loving God. The Will of your Presence will always be the highest good for you. You must learn what to do and what not to do and have the Directing Intelligence of your Mighty I AM Presence through your Holy Christ Presence guiding you. You must wear the mantle of the Christ and allow the Christ Light to infuse the Identity of your Presence in all things that you establish. Stay the course! Allow the Fifth Secret Ray of Constancy to be your foundation. Fulfill the necessities of the Law. Allow for the Ruby Fire of the Sacrifice of your Heart to give you the understanding of God Love. Enter into Akasha. Allow your consciousness to soar and draw upon all that is Perfect and Holy. Protect your Freedom to remember the Sapphire Dream — for if you lose it, you will be responsible for it. Your Presence awaits you to remember your own Sapphire Dream and have the Courage to reach for it!

***The Consciousness Necessary to Keep the Dream Alive***  
**Discourse — July 7, 2019**

Keeping the Dream alive refers to your ability to hold the conscious tethering of your outer consciousness to your Mighty I AM Presence, to hold at-one-ness with your Presence at all costs and not permit anything in your life experience to cloud over or cause you to lose that thread of contact. The Charge of God Purity is central to your ability to do this. Building the Golden Age, recognizing The Temple of The Presence as the Activity to advance this goal and the Anointed Representatives as the outer world messengers to deliver the Ascended Masters' messages to the world are all part of keeping the Dream alive. Proclus said: "The Gods have filled everything with themselves and all are subject to them." When the Mighty I AM Presence comes down, it is Lord of the Great Central Sun. This Presence that you are can fill everything with its own Perfection and Purity, full to overflowing. As quickly as you become aware of anything less than Perfection, you can ask your Presence to pour its own nature into it. We call that Love. It is given without measure and there is no limitation to how much can be given. This understanding means your own Mighty I AM Presence can go into every situation across the world.

***You Are the Jewel in Your Presence's Domain***  
**Goddess of Liberty — July 7, 2019**

You must be in the right state of consciousness at all times and be prepared to elevate your attention on the instant to the Mighty I AM Presence and say: I AM ready, I AM coming Home. But what is Home? The Threefold Flame of the Consciousness of your Mighty I AM Presence, the very Heart Flame of God, is Home. So wherever you are, you can be Home when you are in the Flame of God. Those who go forth knowing that they are the Mighty I AM Presence in action are in a position to begin

the process of fulfilling any request from their Presence or any Ascended Master. The Glorious Fountain of Light placed upon the Altar of your Heart requires communion, and that communion will accelerate you into the Fullness of the Mighty I AM Presence. You have a mission to remember who you are and to allow for the Fullness of the Sapphire Dream of your Mighty I AM Presence to be realized. Understand that you do not make advancements to the Ascension in the Light in the abstract. There is an engaging of your vehicles of consciousness with the Mighty I AM Presence that must take place. A life worth living is a life in God. Let that be one of the mottos you hold fast to. The Goddess of Liberty initiates the Violet Flame River Dispensation.

***Formula for Keeping the Dream Alive***  
**Discourse — July 14, 2019**

The Dream you are being called to keep alive for yourself and all the Heart Flames in the world is the Vision that is in the Eternal in the Heart and Mind of God in the Great Central Sun and the Great I AM. There is a tremendous Current of Divine Providence flowing to the Earth from the Secret Love Star, as the Engrams and Perfect Patterns of the foreknowledge of the Godhead for the world and for each of you. There is a constancy of Service rendered for millions of years by the Holy Kumaras and the Nameless One. This Outpouring of the Secret Love Star as an expression of the Golden-Pink Ray of Providence and the Blue Ray of the Sapphire Dream is a Momentum that all of you may draw upon for your own Path. Keeping it alive means you allow yourself to be inspired by the prospect of what it means to be the Mighty I AM Presence in action and have dominion over all of your outer world affairs. Make the determination that you are going to keep the Sapphire Dream alive!

***Draw Upon the Patterns Held within the Secret Love Star***  
**The Nameless One — July 14, 2019**

You have the opportunity and the commandment by your own Mighty I AM Presence to elevate your consciousness and to make room for the Presence of God. The longer you are an initiate on the Path forging your Fiery Destiny, the more you will find the ideas lodged within your mind as well as the habit patterns of this incarnation challenged by the Light of God. You must be willing to allow those patterns to go into the Flame. As quickly as you are willing to surrender the vestiges of unreality that still remain within the folds of your garments, the Light will expand within you. As long as you are in incarnation, you must be on guard to fire your outer mind so that it is prepared for the transfer of the Christ Consciousness of the Mind of God. There is a familiarity with the Vibration of the Charge of Light, but it is also always new. The more you prepare, the more you accelerate and the more you receive. That is Cosmic Law. You are to elevate your works into the refinement that is worthy of the High Altar in the Great Central Sun to allow for the Purity to always be upheld. The Secret Love Star is so powerful, for it is constantly radiating all that is required for the Earth, and all upon the Earth, to fulfill the Desire of God. The Nameless One holds in his Consciousness all of these Pristine Patterns of Purity and Perfection so they might be transferred to you from the High Altar of the Great Central Sun, be received, internalized, and used to fulfill your own Mighty I AM Presence's Divine Destiny through you.

***Now Is the Time for the Light of God to Come Forth***  
**Maha Elohim Ouranos — July 14, 2019**

Ouranos announces the Dispensation for the Action of the Shield of Elohim® to be stepped up and to be utilized together with the Shekhinah Pillar® for those areas of the world that require the Divine Providence of God to be actualized into the Earth. The Elohim have a vested interest in you learning how to wield this Light, this Momentum, for it is through the Elemental Forces of Nature they govern that you will be able to send forth the Light Rays and free life to be able to absorb more of Providence currently being divinely lowered into manifestation. Seal yourself in an Ovoid of Light. Allow for the Pillar of Fire to be anchored there by your Mighty I AM Presence and then allow for the refining process of your vehicles to take place. Then, when you least expect it, you will begin to feel the pressure of the transfer of God's Power into your life and there will be those areas of negativity in your life that naturally just fall away. It is the Divine Necessity for you to be able to stay at Home in the Light of your Mighty I AM Presence. Now is the time to raise your vibration on high and allow for the Fullness of the Light of your Mighty I AM Presence to shine forth.
