the Anointed Representatives® of the Ascended Masters
Monroe Julius Shearer & Carolyn Louise Shearer

Tucson, Arizona

NATIVITAS NOVAS

NEW YEAR'S CONCLAVE

December 28, 2019 - January 1, 2020

The Divine Ideal of Nativitas Novas

Discourse — December 28, 2019

The Ascended Masters coin proper names and assign precise meaning to those names. So it is with the name *Nativitas Novas*. Every so often a new star is born, called a super nova, shining forth with such tremendous brilliance that it outshines all the rest of the stars, seeming to appear where there was none before. This is an analogy for the ideal of *Nativitas Novas*, where God Individualized as our Mighty I AM Presence is Coming-to-Be into the Fivefold Universe, down to and including the physical plane. It is the glorious action when, after lifetimes of nondescript mortality, the Heart Flame finally awakens and bursts forth, breaking through the chrysalis of the outer self, and shining forth the Majestic Consciousness of the Beloved Mighty I AM Presence.

The Truth of Your Identity is the Christ Light Shining Forth

El Morya — December 28, 2019

Consider whether, as one of the Three Wise Men, you would have had the attunement to recognize the Divine Purpose of your journey. Many students come to El Morya's Retreat to ask their Divine Mission, but if he told you, you would not believe him. Your Purpose is the Will of your Presence and has to be realized within your own Heart Flame. Beloved El Morya holds the balance for the Will of God to move within you and take its dominion. The Power of God can then move through you to fulfill all that you require to recognize the Bethlehem DayStar of your own Being and become the Christ who walks the Earth as a Son or Daughter of God, fulfilling your Fiery Destiny. The Will of God puts you in

the Divine figure-eight flow with the Love and Purity of God. It is all in all, bringing everything you need, so that at the appointed hour you will hear the voice of your Presence calling you into the Ascension.

The Holy Kumaras and the Nine Luminaries of the Secret Love Star

Discourse — December 29, 2019

The Action of the nine-pointed Secret Love Star enfolding your Electronic Body and expressing itself through your four lower bodies signifies that the Dispensation of the Light of the Secret Love Star, focused by the Nine Luminaries and many other Cosmic Beings, is at the disposal of your Presence. This monumental mission of Service to the mankind of Earth, begun millions of years ago by the Seven Holy Kumaras, is to restore the Truth of Cosmic Law[®], especially the Truth of God as One, Individualized as the many Sons and Daughters of God on Earth. This Discourse will assist you in understanding your place in the long span of history. In this era, the plan is to restore these Truths through the Great Commission of The Temple of The Presence, and you have the opportunity to join in this glorious Activity. As you engage with it, you will have at your disposal the Great Reservoir of Light of the *Entire Spirit of the Brotherhood of Light*.

Hold Fast to the Divine Patterns You Are to Establish

Lord Maitreya — December 29, 2019

Allow yourself to be inspired with Faith, Hope, and Joy as Beloved Lord Maitreya reminds you of the Blessings you have received through approaching your own Mighty I AM Presence and through hearing Cosmic Law, firsthand, from the Altar of The Temple of The Presence[®]. Expand the Presence of God by the Flame on the Altar of your Heart, and do not limit the height of Consciousness you can achieve. Understand, instead, the opportunity to gain mastery here on Earth and, once ascended,

use that mastery to create new worlds! As you enter into Holy Communion this day, drink in this Light of the Secret Love Star, allowing your Heart to be filled with Love and Gratitude to the Holy Kumaras who have brought this Virgin Consciousness back to the awareness of the Sons and Daughter of God. Take in this Light to assist you on your Path to the Ascension.

Establish Your Christ Light in the Earth
Archangel Michael — December 29, 2019

The Blue-Flame Angels come to protect you this day, as well as to strengthen the Faith you need to maintain your attunement with your Presence. In order for the Momentum of your Presence to be realized in this incarnation, only the Mind of God and the Flame on the Altar of your Heart can be in your consciousness. When you have challenges, still yourself and take a moment with your Mighty I AM Presence in Holy Communion, and you will begin to see that you have the solution, the Momentum and Power of God to complete the Initiation. Surrender fully to your Presence, knowing your Presence will accomplish all that is Divinely intended. This Sabbath, Archangel Michael brings the Gift of his Legions of Angels to surround you and any person who is raising their Chalice to the Glory of God. You have Cosmic Beings by your side and the commitment and help of these Anointed Representatives. You will leave your mark and your record that the Christ Light has been born in the Earth and will have its day of Ascension in the Light!

How Can There Be Two Selves? There Cannot!
Discourse — December 30, 2019

Nativitas Novas heralds the Incarnation of the True God Self, the Coming-To-Be of the highest level of your Identity, your Mighty I AM Presence, all the way down to and through your physical body. One primary stumbling block to the full maturity of the Christ Presence in your four lower bodies is the “not self” of the human ego — the layers of rebellion against the True Self of

the Presence that have built up through many incarnations when the outer self turned its back upon the Presence and went its separate way. There cannot be two selves, a human self and a Divine Self. Once the True Individuality of your Presence is appreciated, it changes everything. You come to know the Presence as the Self. There need be no fear of being annihilated by completely identifying with your Presence as the One Real Self. Your four lower bodies and Christ Presence can be reabsorbed and blended with the Electronic Body of your Mighty I AM Presence to become the Ascended Master. Previous Ascended Master Activities did not tell the full story of God Individualized, which is found at the levels of the Great I AM and The One.

My Gift to You of the Golden Elixir, Illumination's Flame
Kuthumi — December 30, 2019

Blessing you with his Momentum of Illumination's Flame, Kuthumi instructs that you must learn to refine all of the urges within your outer vehicles and put them through the Flame. Without the refinement of your Heart Flame filling your intellect with Illumination's Flame, Wisdom will not prevail, and you will make karma. Decide to be in Illumination's Flame, attentive to all aspects of your life. You fulfill the desire of your Presence by calling upon your Presence and surrendering all that you are. This allows your Presence to fill you with every Attainment that you require and with the Wisdom, the Love, the God Power, and the Will to fulfill it. Your relationship with your Presence is Holy, and the closest relationship you will ever have — for it is the “Divine You.” Divine Destiny is not the completion of your work, but the journey, as each step is a preparation for fulfilling all that your Presence desires. When you become impatient, you lose the opportunities that would otherwise build a firm foundation upon which you may rise in vibration and attainment. All things will come in their Divine Order in the perfect Outpouring from your Presence as you accelerate on the Path.

Your Presence is the Full Complement of Your True Self & Q&A

Discourse — December 30, 2019

It is not in accordance with Cosmic Law for Jesus or anyone other than your own I AM Presence to perform the service of salvation or the repayment of karmic debts on your behalf. Your Presence is, by the outpouring of its All-Consuming Love, paying that karmic debt. And that Presence is, by its Service in cooperation with your Heart Flame, being the Doer of all the Good that comes into your life because you *are* the incarnation of that Presence! That is why the Ascended Masters want you to come into a more intimate communion with your Presence. The Teachings of the Brotherhood through this Activity instruct you to give your all to your Presence, because you realize that your Presence is the full complement of your one True Self. In the Thoughtform for *Nativitas Novas*, the Heart of the Presence is operating not only in the Electronic Body, but also in and through the four lower bodies. *Nativitas Novas* means the Coming-To-Be of the One Heart of the One Presence pouring forth into this world of form. That which has been a duality of human and Divine must be reunited into the One Selfhood, accomplished by the open Heart. Questions and Answers follow.

Establish the Fullness of the Flame of God Love

Djwal Kul — December 30, 2019

Djwal Kul challenges you to establish the Fullness of the Flame of God Love. Mastering and manifesting the Light is your Initiation. But first, you must have the Love of God for all of Life. Entering into the Heart of Love allows you to embody the Presence of God. For it is that Love of God that allows for the transfer of Light and God Momentum into your life. By expanding your Heart Flame and loving God with every erg of energy, you realize how all of Life responds to that Love. All Love should be

unconditional. Becoming the Christ is the Divine Commandment from your Presence and the reason you have come into incarnation. Becoming the Christ and embodying the Christ Command with your Heart Flame is an active participation in the very Presence of God moving through the Earth and establishing patterns in form! As one of the Three Wise Men, Djwal Kul reveals that these Three Kings brought to Jesus the Love, Wisdom, and Power to fulfill his Divine Mission — and you are to manifest in your life all that Jesus accomplished, and much more! Call to his Flame and Djwal Kul will always stream forth his Love to assist you.

The Divine Ideal of the Outer and Inner Becoming One
Discourse — December 31, 2019

You are undoing the construct of a dual in your world, identity which pits the “not self” against the Light of the Christ. You are reconnecting with your Mighty I AM Presence. The goal now is for your outer vehicles to stream forth the Light of your God Identity. Your four lower bodies must *chalice* the Consciousness of your I AM Presence into respective modes of thought, feeling, will, word, and deed. Fearlessly give your four lower bodies back to your Presence and allow your Presence to enact the *at-one-ment* so that the full Path of Initiation can be accomplished. The Sacred Realm of the Presence and the Allness of God in the Great Central Sun are brought forth into the physical, manifesting Perfection. The Godhead Charioteer, through the saga of the Divine Incarnation, is unfolding the various expressions of The Good so that it can bless every part of Creation. From within out, the Inner comes to embrace the outer. *Nativitas Novas* is celebrating the burst of the Heart Flame coming forth to establish that *at-one-ment* as shown in the poster.

I Seal Your Karma from the Past Year

The Great Divine Director — December 31, 2019

Proclaiming that this is your time in history to accomplish a great task, the Great Divine Director asks you to account to your Mighty I AM Presence, asking you eight questions, including: “Who are you?” and “What have you realized as the Presence of God in your life?” “Do you have the co-measurement of what is and what is not the Vibration of the Christ Light?” “Do you know what are and what are not the identifying Patterns of the Truth of your Being?” Stating that you are the outer activity of the Most High, he explains how the healings and miracles of Jesus occurred. You have all you need to live a life filled with God Joy, Peace, and Love — that is what the Manus hold as the Pattern of your Christhood for you. The Great Divine Director grants the Dispensation of the sealing of your karma from the past year of 2019 away from the Light of the New Year of 2020, so that you will not bring that karma into the new patterns that you are to fulfill. The Great Divine Director charges you to hold fast to every word that he has released during this Dictation.

Living Within the Consciousness of Your Presence

Lord Gautama — December 31, 2019

Lord Gautama teaches you to abide within your Threefold Flame. It is within that Threefold Flame that you become aware of who you truly are. In the Flame that abides upon your Heart, you are Home. When you are within that Flame, you touch all of God Life. Gautama promises that when you still your consciousness and rise into the Mind of God and into your Presence, all is clear and there is no more struggle. Struggle means there is a sympathetic tie to unreality. Explaining “Fiery Destiny,” Gautama teaches why you must decide where you choose to live — in human or God Consciousness. Gautama elucidates the important meaning of the

Great Divine Director's Dispensation. Reading the Scroll from the Great Silent Watcher, he announces the new Thoughtform for the Year 2020. This accelerated Light from the Secret Love Star is to produce an expanded consciousness among the many Sons and Daughters of God. Gautama asks that as you contemplate your future, always hold in the forefront of your consciousness this new Responsibility of the expanded Heart Flame and the Crystal Cord Light that will fill it and tether you to the Heart of your I AM Presence.

Utilize the Light You Have Been Given Wisely
The Nameless One — January 1, 2020

The streaming forth of the Secret Love Star is a magnificent Gift to use wisely. This Dispensation signifies a New Day for all of mankind, and you will see the signs around the world as well as in your own life. Allow this acceleration to multiply and bring you into a greater sense of Holy Purpose. Keep the watch over the Flame on the Altar of your Heart so you do not let this experience fade away into the minutia of life, which will try to pull your attention away from the Christ Light. To continue to expand, you will need to ensure your Christ Light is protected, sealed when necessary, from any part of life that may try to erode it away. The Master requests you also make calls for the Protection of Freedom in the United States so that the knitting together of the Etheric City with the High Altar of The Temple of The Presence may continue.

ALL THINGS BRIGHT AND BEAUTIFUL

ACROPOLIS SOPHIA

January 2 - 8, 2020

Experience the Realm of Your Own Causal Body **Discourse — January 2, 2020**

The study of the Causal Body is of great value to you. The Anointed Representative, Monroe Julius Shearer, explains how he was taken up to the Realm of the Causal Body by the Chohan of the Secret Ray of Akasha, the Goddess of Light. The Goddess of Light provided the impetus for this Conclave. It is self-evident just how important this World of Akasha is to your day-to-day life. Early translations of the teachings of Lord Gautama show that he knew Nirvana to be the foundation for all creation, right down to the physical plane. This Discourse, using schematic diagrams and detailed explanations, confirms that teaching as a Divine Reality and explains how the Realms of Coming-to-Be and all Creation unfold, beginning with Akasha. The Causal Body, within Akasha, is like a great motor that is stepping down the Charge of your Electronic Body. When your Presence trusts you to use the Blessings wisely, these Momentums will appear in your life as an innate flow, an intuitive genius for certain activities, and as Bliss.

The Great I AM is the Fountainhead of All Things **Discourse — January 3, 2020**

In the unlocking of the Momentums of your Causal Body, you must begin and end with the Consciousness of The Great I AM. This Great I AM is the Fountainhead of all things bright and beautiful that Come-To-Be out of the Great Central Sun

and out of the I AM Presence into the Nirvanic World, the first of the Realms of Creation. The Godhead has Consciousness and Awareness. The whole variety of Attributes, God Qualities, and Expressions that are in the Allness of God in the Great Central Sun first originate in Providence as the Consciousness of The Great I AM. Consciousness is activity. God is in action already at the level of the Great I AM. And that action is the Providential Love and care for every part of life. Every possible avenue of Good is there in The Great I AM. And it is motivating. The Great I AM is the motivating center and primal impulse that comes forth from the Presence of the Godhead. All of the Brotherhood is motivated by the care and concern of The Great I AM. In the Great Central Sun, there is the Mind of God eternally conceiving absolute Beauty and absolute Perfection.

Instruction on Accessing Your Causal Body Momentums of Attainment

Goddess of Light — January 3, 2020

The Goddess of Light presents instruction on accessing your Causal Body Attainment. This Attainment has been banked over the ages for your protection. Your Presence loves you and desires to manifest good works from your Causal Body as much as you are prepared to utilize wisely. It is as simple as that. There are many avenues through which your Causal Body can manifest and be utilized before your Christhood is truly achieved. You will see how these Causal Body Momentums that your Presence releases into your world make a difference! And each time you achieve a Glory of God that is raised up into your Causal Body, you allow for greater work that you can accomplish here and now. The Goddess of Light states that the Path can be as simple as deciding to change

your life, removing all that is not good, healthy, or wholesome. As you refine your consciousness, you will behold all of the God Good that your Presence desires for you to be part of, to accelerate with, and to establish as creativity upon the Earth — and ultimately, to place upon the Altar of God as your good works in gratitude to God for the assistance to bring it forth.

You Have the Entire Spirit of the Brotherhood of Light!
Discourse — January 3, 2020

During this Conference, El Morya reminds you that the *Entire Spirit of the Brotherhood of Light* is available to you. You have the Gifts of the Gods and the fused merging of the Brotherhood's Causal Body Momentums and Attainments which issue out of the Nirvanic Realm as the Golden River of the Helicon. By signing the Torch Bearer Affirmation, there is entrée into a relationship with Saint Germain, Sanat Kumara, and the *Entire Spirit of the Brotherhood of Light*. The Masters would never want you to idolize them, or put them before your own Presence. They are standing by your side *invisibly visible* but they do not always let you know it because you need to win your Victory on your own by your calls to your Presence. Now enters the Ray of Necessity. The Heart Flame, which has been content to be a human being for so long, breaks through the human nature and in that Necessity, calls to the Presence and demands and draws forth the resources in answer to those calls. This results in Attainment. The Mastery that your Presence has long wished for is being elicited from that Presence by the Heart Flame in embodiment, and new levels of Attainment are the victories being won.

The Causal Body is the Vehicle of the Mighty I AM Presence in the Nirvanic World

Discourse — January 4, 2020

While it is true that the Causal Body stores all the good Momentums of your lifestream, that is not its only function. The Mighty I AM Presence uses this vehicle to step down Love for your Heart Flame to send out a greater release of its Life Wave. The Mighty I AM Presence uses all that is in the Great Central Sun and also acts through the Causal Body as an ever-expanding expression of the Glory of the God Flame, pouring out undiminished giving to the rest of the universe. The Hearts of the Individualizations of God in the Great Central Sun send out their Love Rays into the Realms of Coming-to-Be and initiate the process of creation. In the first of those Realms, Nirvana, the Elemental Essences of Akasha coalesce around that focus of Love. Since these Essences have intelligence, they are able to respond to the Command of the Will of the Presence to create a new manifestation. Your Causal Body is a vehicle created in this way by your Mighty I AM Presence sending forth its Heart Flame into Nirvana.

Be Filled with the Joy of All Things Bright and Beautiful

Surya — January 4, 2020

The Elohim of Akasha lowers the Charge of the Nirvanic Realm around you. This is the Realm of Perfection that brings creation into manifestation and is the glorious domain of the Causal Body. Beloved Surya explains that the Consciousness which directs Momentums to come forth in your Causal Body is that of the Mighty I AM Presence. The Presence takes great Joy in bringing forth Momentums that are new. Hence the Conference title: *All Things Bright and Beautiful*. There is nothing repetitive about the Flow of God, the Momentums are always different. Most importantly, for acceleration and expansion to take place in your world you must recognize the need to remain in your Heart Flame,

with the Vibration of the Christ seated in the position of Authority. That is how you will experience those more than ordinary victories. If you have the impetus of God Desire burning brightly in your Heart to bring forth a Momentum of God Attainment, it can block out lesser momentums. Call on your Mighty I AM Presence and any Master with Attainment on that Momentum to assist you.

There is No Limit to What the Presence of God Can Accomplish
Maha Chohan — January 4, 2020

The Maha Chohan has allowed for this Dictation to be as comfortable as possible for you so you can take the fingers of Light of the Flame of Illumination within your mind and trace the patterns being spoken of. That Flame can be touched by the Master's Flame and new avenues of Illumination can be forged. If you could witness the interactions of the Lord Maha Chohan with Adepts and Ascended Master students daily as they invoke his assistance, you would see how they deal with challenges that need solutions. Keeping to Patterns of Purity, they are receptive to the new awareness of their own Higher Consciousness that they haven't accessed before. Behold all that God has given you and know there is more for you to partake of. The Glory of God is vast. This is the opportunity when your Causal Body is engaged. Prepare your chalice to receive the Directing Intelligence of the Presence from the Causal Body, to allow that *cause* to be triumphant in your life.

Shout the Rejoicing Victory of the Jubilee!
Discourse — January 5, 2020

This is the day of the Great Sabbath, the conclusion of a seven-week cycle of rituals instituted by the Ascended Masters for us to come together under the expanded Outpouring of the Secret Love Star. This is a time of recuperation and Divine rejuvenation. Monroe explains the ritual of the Pharaohs and the Jubilee tradition from the time of Moses. For Torch Bearers of The

Temple this means identifying with your Mighty I AM Presence, knowing that your inheritance as a firstborn Son or Daughter of God can never be lost. Our version of the symbolic ritual of the Pharaohs and the rising of the Phoenix bird is the Violet Flame. Divine Providence is the DayStar under which you are born. It is the certainty that the victorious outcome will prevail. Regardless of the mortal assessment, there is the inevitable movement of God working through Divine Providence culminating in the Victory of the Ascension.

***I Seal the Patterns Released through these
Seven Sacred Weeks***

Archangel Purusha — January 5, 2020

As you hold your Torch high, you will recognize the Light streaming forth from your Presence. You will see the Angelic Hosts assisting you in magnetizing your Mighty I AM Presence into the core of your being so you are prepared to fulfill your Fiery Destiny. Clear away the debris in your feeling world so that you have the awareness of the Angels and Archangels in your midst. You have the greatest opportunity ever to truly grasp the Identity of your Mighty I AM Presence, to draw forth that Perfection into your life and to begin to thrust forth the Fire of your own Heart Flame by your good deeds and good works. Rejoice and give Gratitude for your Mighty I AM Presence guiding and teaching you. You are part of the fabric of the whole concert of Light and God Momentum. Do not doubt or think you are unworthy, for that will diminish your Momentum.

***The Masters Are Constantly Assisting You
Discourse — January 6, 2020***

The whole of the Path involves stages of self-mastery. As degrees of that mastery are achieved, there will be the facilitation of the Light of the Mighty I AM Presence and the Ascended Masters pouring through the four lower bodies to produce the Victory. The

goal of the Ascended Masters is always that the Light banish all misqualification, but they take their cue from your Christ Presence for when to intercede and when to let you win your own victories. You do not have to be free of mistakes to continue to benefit from the sponsorship of the Ascended Masters. They understand the ups and downs of the Path to Christhood. But, at the same time, you are encouraged to practice self-correction and self-restraint when mistakes are made. A number of episodes regarding Arthur and the Sword Excalibur are explained.

The White Fire-Emerald Ray Actions of Excalibur
Goddess of Light — January 6, 2020

With the Sword Excalibur, you have the White Fire Diamond Shining Mind of God and the crystalline Emerald Ray that allow the Patterns of God Identity to flow freely, filling time and space with the Perfection of God. Calling upon Excalibur sets the Fires of your Heart in motion. The Ascended Masters will utilize Nirvana to send forth a Momentum to you because the corresponding Radiance of Akasha is within your own vehicles. Any aspect of life that you could consider can be augmented, enhanced, and accelerated by the Charge of your Causal Body coming forth. But a recognition by the outer consciousness must also be present. As your Causal Body is lowered as Momentum and Attainment, you must learn how to protect it. As the Causal Body begins to sing within your vehicles of consciousness the great symphony of your life, you begin to have a greater understanding of the Attainment that comes forth by the very Presence of God.

The Training Is Beginning to Bear Fruit in Your Life
El Morya — January 6, 2020

There is no turning back from the Light and Momentum you have already established. You are engaged in the Life of the Christ, and The Temple of The Presence is your Home. It is your own Heart Flame and the disciplines you are engaged in that allow

this to take place. Do not become complacent and think this is as far as you are intended to go. Your Presence wants you to have the Charge of Light of each of the God Qualities, sending forth throughout the world its Identity and Hallmark of God Good that you have brought to the fore and magnified through the Earth. Once you have truly mastered being in the Christ Light, there is no limitation to where your Presence can take you — even all the way to the Great Central Sun. This is not a life born of human desire, but a life filled with the Substance of God Identity.

El Morya Q&A

El Morya — January 6, 2020

Questions that El Morya addresses included: What do we do when we feel love for others but do not feel loved ourselves? El Morya says that since Love comes from your Presence, that Love could not come forth if your Presence did not love you. How to attain God Patience? El Morya teaches that Patience encompasses Love, Wisdom, and the Will of God allowing the Christ Light to endure the cycle, time, and space necessary for the unfoldment of what is to be. What about when we have a wandering mind during Decrees and Services? El Morya says that the mental, emotional, and physical bodies must have the proper nourishment to work in concert with one another so that the Mind of God charts your Destiny. How to annihilate returning records of negative karma? El Morya says to call to your Mighty I AM Presence to release the Violet Flame, Emerald Matrix, and Ruby Fire into those conditions. How to tangibly feel the Love of one's Presence? El Morya teaches that you must galvanize into your vehicles enough Light and Momentum from your Decrees and meditations upon God to have an open Heart Chakra able to feel the Love that your Presence has for you.

New Instruction on the Functions of the Causal Body
Discourse — January 7, 2020

The Path the Ascended Masters offer you is one of learning about God, bringing God into your Heart, communing with your God Presence, and more and more expressing the Perfection of your Mighty I AM Presence — with the Ascension as the ultimate goal of that pursuit. The whole body of the Teaching must be embraced. The tools you need to eradicate returning records and transmute mistakes are in the Decrees provided for your use. But there needs to be the full engaging of the Power of the Presence behind the calls so they are as dynamic as they need to be. The Resurrection Decree is one of the most powerful ways of beginning the process of resurrecting the Light. As you give this call Jesus is engaged in working through your Presence to bring about that Resurrection.

To Access Your Causal Body Attainment,
Master Your Emotional Body
God Harmony — January 7, 2020

If the youth of the world are taught all of the possibilities that the Mighty I AM Presence has in store for them, the pattern will be set from the beginning of an incarnation to be open within their Heart to receive the assistance of the Most High. They will desire God to be a part of their life, they will love God with an open Heart, and will establish Momentums of Harmony that unite them with the Flame of the Living God. This is a recipe to bring forth a new generation that will love God and be prepared for the I AM Faith and the Teachings of Cosmic Law, Heart Flames who will command the Light streaming forth from their Mighty I AM Presence. You have no idea yet how much Wisdom you have achieved in this incarnation. Having placed your attention upon your Mighty I AM Presence, you have already achieved the ability to hold fast to Higher Truth.

The Limitless Capacity to Pour Forth

All Things Bright and Beautiful

Discourse — January 8, 2020

The Electronic Body of your Mighty I AM Presence provides everything you could ever need in this physical world and even after your Ascension. In the Consciousness of your Presence are the most exquisite Patterns of Magnificence. The key to unlocking them for yourself and the Earth is the I AM Awareness which already resides within your Heart. For the outpost of the Electronic Body is the Threefold Flame, and the Selfhood of the Presence is transferred to your Heart Flame through the Crystal Cord. There is no greater Love than the giving of Selfhood. Treasuring the Divine Life of the Crystal Cord reinstates the true state of Oneness. Your Presence has a pure desire to radiate forth all of the Qualities within its Heart and bless every other part of life.

We Come to Share Purity and Upliftment in the

Beauty of God

Snow King & Snow Queen — January 8, 2020

It is important to maintain a vibrant, energetic, healthy body with which to be the temple of the Flame upon the Altar of your Heart. If your body temple is not held to the highest vibration, the transfer of the Causal Body Momentum and the Purity of God cannot and will not be allowed by the Presence. It is necessary for the Christ in embodiment to bring forth the Divine Light of God to purify the Earth itself. You cannot throw away something because it is slightly impure at this moment, without taking the illumined steps to fill that void with a higher vibration that will continue to benefit and hold the balance for mankind. But there is no room for fanaticism in the life of the Christ, for fanaticism disturbs the flow of the Christ Light and Illumination required to recognize the right course and momentum to be established.
