## ***Paradise Kingdom of Helios & Vesta*** **Freedom Conclave 2018**

***Enter the Pranic Breaths of God's Vast Kingdom***  
**Lord Maha Chohan — April 29, 2018**

The Beloved Maha Chohan calls you forth to the Freedom Conclave, to immerse yourself in the teachings on the Seven Rays and the Elemental Forces of Nature of the Five Pranic Breaths. Meditate deeply and allow your consciousness to soar to the heights

of your own God Presence. There you can strive to perceive the movement of the Elemental Forces of Nature. You will then apply your spiritual senses into pouring forth the Qualities of your own God Presence into the fullness of the Elemental Forces of Nature. You will fashion and form your life and all about you with your Mighty I AM Presence. Let your Heart Flame grasp every nuance that is released, building upon this opportunity at every turn. Let your Heart soar in knowing that as you invest in calling daily to your Presence, it will come full circle in the Ascension in the Light.

***The Blessing of Golden Helicon for Establishing a Golden Age***  
**Saint Germain — June 23, 2018**

The Violet Flame that you have given this day has prepared you for the Fullness of all you are to receive during the coming of the Hierarchs of the Elements who will instruct you on the refinement of your outer vehicles. You must take Authority over them! You have been given these Teachings so you can have a wealth of Wisdom to touch the Flame of God and have that Flame moving in, through, and around you daily. The momentum you are establishing here and now within your consciousness and the Teaching being lowered will continue as a firm and lasting foundation into the Fullness of the Golden Age. Throughout this coming cycle, you will be given the opportunity to feel the Charge of the Purity and Consciousness of the Hierarchs, and learn how you can apply all of that within your own vehicles of consciousness. The Ascended Masters are ever ready to assist you at every turn. You need only ask. You have the ability, here and now, to make a difference and live the Golden Age!

## ***Live, Move, and Have your Being in this Glorious Realm of Helios and Vesta***

**Discourse — June 27, 2018**

You are invited to enter here and now into the Paradise Kingdom, far beyond mortal consciousness, yet as close as your own Heart Flame. The Masters desire for you to experience firsthand the tangible reality of this magnificent Realm and achieve the alchemical marriage of the outer self with the Holy Christ Presence. Saint Germain in his embodiment as Francis Bacon was in a constant state of Listening Grace. His attention was fixed upon a realm of such exquisite Perfection that the vision before him served to remove any sting of earthly life. Jesus knew of this Heavenly Kingdom of God and taught in the Lord's Prayer that it is to outpicture here on Earth as in Heaven. It is your right and privilege to have your mortal experience glorified with the outpouring and inpouring of this Light. As you experience this, your mind and feelings will be fed with the Bread of Angels and you will find yourself filled with a Divine Zeal to anchor all this in the outer world.

## ***You can Live within the Paradise Kingdom of Helios and Vesta*** **Lord Maitreya — June 27, 2018**

Lord Maitreya takes you into the Buddhic Realm, desiring you to absorb into your conscious awareness all that comes to mind as Purity, as Love, as God. This Realm is availed to you to win your Victory as a Christ, living in Joy and Beauty where God Ideals can come forth. Here you can create, commanding the Elemental Forces of Nature through your Heart Flame. It is Lord Maitreya's hope that, with the coming of the Hierarchs of the Elements, you will understand how to establish that pristine record of the Christ Light and have it reverberate throughout the world. Once you are able to accelerate into the Buddhic Realm you may come to take a stroll through Maitreya's Garden. Hearing the sounds of Joy and

laughter and reflecting on the landscape you will see the jewels that are there dancing in the Light for your enjoyment and will understand that the Hand of God is not limited.

***Eternal Vigilance is the Price of Your Divine Freedom***  
**Discourse — June 28, 2018**

You are being given basic spiritual training to cultivate the sense of the ephemeral nature of the outer world. Your Holy Christ Presence always has the sense that outer appearances are maya, illusory, unreal, and it receives no reverberation or record of emotional turmoil into its Realm. Through your connection with your Christ Presence and your Heart Flame you can wield the two-edged sword of Christ Discrimination. If you are to recognize and arrest those riptides of thought and feeling, you must cultivate a close communion with your Christ Presence. As you wear that garment, more and more you will have promptings concerning events in your own life. You will see them for what they are and direct the Light into them. Saint Germain teaches that you need not feed your attention into conditions, or allow yourself to be moved or burdened, or to have any sense of the power of world conditions. Simply see them for what they are and make the calls, putting the God Presence into those conditions.

***Strive to Meet Every Challenge Fearlessly***  
**Lady Master Leto — June 28, 2018**

Beloved Leto offers her assistance in knitting together your vehicles of consciousness to prepare you for the Golden Age of One. By putting on the garment of Fearlessness, you will roll back any riptides of thought and feeling with the Fires of God and stand in the Fullness of Freedom with the expression of God in full command. Train your vehicles to be responsive to the Light, drinking in all that your Presence has for you daily. Your Presence is fully and completely capable of handling any weight of human

unreality, and if at any time you feel weak, you can call to the *Entire Spirit of the Brotherhood of Light* to assist you. Whether you know it or not you are protected. Therefore, live life to the best of your ability — in Joy, in God, in the Fullness of your Presence.

### ***Erect Your Fountain of Light and Bring it to Fruition***

#### **The Goddess of Liberty — June 28, 2018**

The Goddess of Liberty entreats you to remember the Truth of your Identity so you can exercise the Freedom being given to stretch forth your consciousness and enter into God Reality. There needs to be the figure-eight flow with the Presence for Liberty to be in the land. Staking out a piece of land may not be possible in this era, but the greater opportunity to enter into the Kingdom of Helios and Vesta is being given. This is the New Frontier of the Presence of God, a land rich with the Blessings of God. With little effort you can have the Pure Nature of God establishing the atmosphere about you, building a Flame Fountain on your home altar that can take on the Qualities you desire to bring forth from your Heart Flame. Have you elected to be the Presence of God? Your responsibility is to establish a momentum of God Identity on the Earth. You must be the Golden Age!

### ***The Reacceleration of the Four Lower Bodies***

#### **Discourse — June 29, 2018**

Making your Ascension requires you to put your attention upon the *Paradise Kingdom of Helios and Vesta*, as well as enter into it. During this Conference you will hear revelations and descriptions of this Realm of Perfection. Hold the vision that you are on the very cusp of liberating the Authority and Power of your Mighty I AM Presence to accelerate the four lower bodies; uphold that level and sustain that momentum. The Great Divine Director, whose name comes from the fact that he is in control of great Power from the Godhead and whose Office is in part to

direct that Power, renders the service of assisting the students to reaccelerate the four lower bodies when they prove themselves to be ready. Once the acceleration has occurred, there can be the overshadowing of the Holy Christ Presence enveloping and sharing its God Consciousness with your feelings, with your mind, with your free will.

### ***Make the Election to be in the Presence of God***

#### **The Great Divine Director — June 29, 2018**

The Great Divine Director desires that you understand your God Identity and how to integrate with that Identity. Surrendering to the Mighty I AM Presence is the greatest striving that you can enter into. For it is within that surrender that you establish the willingness to allow the Will of God, the Purity of God, the Grand Design of God to come to the fore. Allow your reactions to be God reactions and examine your relationships, habits, and your desires. Do they follow the Virtues of the Christ? The Great Divine Director calls you into the service of your Mighty I AM Presence to accomplish whatever the Presence asks of you. The Still Small Voice of the Heart, welling up within you, will carry you into the Bliss of the Fullness of the Presence of God and allow the Presence to orchestrate all of the creativity you are to accomplish.

### ***The Earth is in the Bosom of Helios and Vesta***

#### **Discourse — June 29, 2018**

This landmark Discourse contains awe-inspiring revelations concerning the *Paradise Kingdom of Helios and Vesta*, and you are encouraged to begin venturing into that Realm. Like explorers of old who brought back incredible stories of such places as Yellowstone Park, you are commissioned to journey into this Realm of Perfection so that all mankind will eventually desire to do so also. As you travel throughout this Realm of quintessential

Beauty, the Oneness of your Individuality with The GREAT I AM will become evident and you will begin to be aware of that brooding Presence. Throughout this Buddhic Realm and the lower realms you will find the Buddhic Web, which holds within it the Divine Designs from the Mind of God for the Earth. To understand the nature of these Patterns of Perfection is to understand the action of the Resurrection Flame. The entire Shekinah Pillar™, particularly the Shield of Elohim™, reveals that the Earth truly is the Lord's and the Fullness thereof!

### ***You are the Whole Being of the Presence of God***

**Lord Gautama — June 29, 2018**

Lord Gautama inspires you to enter upon a wonderful journey in the Buddhic Web where you will receive all that the Mind of God desires you to draw into your conscious awareness. Life consists of moving forward, elevating your consciousness and vibration, and meeting life where you are. Not just initiations and labor, but Joy, Bliss, and Harmony are to fill your life! Lord Gautama encourages you to temper all your vehicles of consciousness with Harmony, Purity, Constancy, Fearlessness, Clarity, and Responsibility. There is no need to wrestle with maya. When the Holy Christ Presence is overshadowing you, there is the Wisdom of how to deal with any situation and you have the Patience, Poise, and Faith to know all will be well. When the Holy Christ Presence is fully engaged it is lawful for the Realms of Perfection to come to be where you are.

### ***The Buddhic Realm is Very Close at Hand***

**Discourse — June 30, 2018**

Understanding the Buddhic Realm with its Patterns of Perfection is a practical part of your Mastery. The Cosmic Pranic Breaths are accessible to you. The journey to Helios and Vesta is

one of opening your Heart and letting your Presence elevate your attunement and attention, allowing your focus to be in your Christ Presence. The Buddhic Sun-Behind-the-Sun is an open doorway into the Nirvanic Realm, the place of the Panoply of the Christos. To graduate from your earthly pilgrimage, you must first complete the work of drawing the Presence and the Light down, bringing them into manifestation here and now. The Great Commission for The Temple is to keep the Truth of God Individualized, the Mighty I AM Presence, and the whole fabric of Cosmic Law alive as a foundation for all who truly love God and deserve to know the Truth of the Law of their own Being — their Individual God Identity.

***Take Flight into the Conscious Awareness of the Mind of God***  
**Archangel Adonel — June 30, 2018**

Archangel Adonel embodies the Consciousness of the Mind of the I AM. When Adonel comes with his legions, the Substance of the Mind of God penetrates the very atmosphere. He brings you instruction on Illumination's Flame and how there must be sufficient Love for God for Illumination to flourish. Passion for life is stirred by the Love of God. You are to take Authority over your life and exercise the Christ Virtues. Life is to be a series of victories, a series of overcoming. Have the awareness that there is nothing in Heaven or on Earth that you cannot accomplish with your I AM Presence. Adonel declares the importance of making the Calls. Use the Fiat I AM! that draws the very Presence of God into your midst. It is the I AM that performs all Perfection and all Good Work. He teaches why you cannot separate any one of the Five Secret Rays of the Pranic Breaths from another.

## ***Wherever You May Be, You Are in the Place of God***

### **Discourse — July 1, 2018**

Wherever you are, you are in the place where God resides. Wherever you are is the open door into the Inner Realms. The Buddhic Realm of Helios and Vesta is a swaddling garment around you, around every person, and around the Earth itself. Participating in that Realm requires your Heart Flame's ability to enforce the Law of the Being, the Buddhic Consciousness of your Holy Christ Presence, upon your four lower bodies. The I AM Presence's expressions of Power, Wisdom, and Love are always seeking to work from within out through the Threefold Flame. It is through this shared Consciousness with your Holy Christ Presence that you are able to look out through the eyes of that body and gaze upon the Perfect Patterns that exist in the *Paradise Kingdom of Helios and Vesta*. The standard upheld in that Paradise Kingdom comes from the Consciousness of the One Presence. It is true Ascended Master Perfection.

## ***Prepare Your Vehicles to Receive the Mind of God***

### **Beloved Vesta — July 1, 2018**

Beloved Vesta holds each Son and Daughter of God upon the Earth close to her Heart as a Mother, as a Hierarchy, as the Flame of Illumination. The Wisdom that she imparts will carry each one into their Ascension. She explains how important it is for you to have the attunement with the Mind of God and the readiness to receive it and to have the understanding that you cannot fulfill your Divine Outpouring of the Presence of God with the human consciousness. You cannot cut off any part of your vehicles of consciousness from the Mind of God. Let the Mind of God be so fired within you that you know on the instant God Will, God Love, God Truth, God Purity! When you combine those Attributes of God Qualities, you can bring to the fore all of the Treasures of your own I AM Presence in all of its Glory. Each day there should be a new expansion of the figure-eight flow with your Presence.

# ***Nature's Mother & The Five Lords of the Solar Pranic Breaths***

**Freedom Acropolis Sophia 2018**

## ***The Divine Science of the Transcendent Power of God*** **Discourse — July 2, 2018**

The purpose of this week of Acropolis is to allow for a closer relationship with the Hierarchs of the Elements so that you can better understand what they can do in your world. The Secret Rays have been called “secret” because they are subject to the misuse of human thought, and so they are guarded. This is the area of specialization of the Hierarchs of the Elements. When their Heart Flames move on the Pranic Breaths and command the elements, their Life flows through the elements and precise results occur. It is the plan of Saint Germain that they come into your service on behalf of the Golden Age. Understand the Power of the buildup of decrees in your life. The pressure of the Light will go into any situation. I AM the Way that will solve the problem. Don't bleed it off with doubt or fear. Add new pressure of the Light each day. The application of that pressure will move mountains of adversity out of the way.

## ***Preparing Your Body and Consciousness to Receive the Pranic Breaths*** **Maha Chohan — July 2, 2018**

The Maha Chohan desires you to be in the Flame of your Heart and to become the full adept at work. Put your attention on how it feels to have the flow of God Light so very close. Be at Peace, for Peace allows the Light of the Presence to move through you, allowing you to sail over the mass consciousness. In this Peace and quiet there is the knowing that you are the Presence of God. For Peace and Harmony to stay with you, the inner core of

your being must be galvanized by the White Light of the Mother Flame. Your vehicles must be tuned, fashioned, and refashioned, resurrected back into vehicles that will hold the Light your Presence desires. Study well, but remember how to enter into the Peace of your meditation. Trust in your Presence. Let your bodies become aware of who they are under the direction of the Mind of God, the Light of God, and the Will of God.

***Teachings on the Threefold Flame of Your I AM Presence***  
**Discourse — July 3, 2018**

The Threefold Flame is to take its dominion over each of the outer realms. When the Threefold Flame is expanded and unfolded and given its rightful Authority, by Cosmic Law your Mighty I AM Presence can assert its God Dominion over your every thought, feeling, word, deed, memory, and attention. Nothing can assail you when all is controlled by your I AM Presence in the Heart of the Great Central Sun. Helios and Vesta and other Ascended and Cosmic Beings have already achieved this ideal state. Their Causal and Buddhic vehicles function as one through the nexus of their Threefold Flame. They always stand ready to assist through the Dispensation of streaming Golden Helicon. This is an action whereby the Cosmic Momentums of the *Entire Spirit of the Brotherhood of Light* have been collected and welded together by the Power of God into one. Their Causal Bodies are there in that Nirvanic World and made available to the Sons and Daughters of God.

***Draw Forth the Pranic Breath of Akasha!***  
**Beloved Zeus — July 3, 2018**

Zeus instructs you on many points of Cosmic Law including what is required to move effortlessly through Akasha, the Universal Sea of Life and Light of God Substance; the importance of internalizing the Authority of God; on transferring

your Causal Body Attainment to your outer vehicles; on translating the tonal quality of Akasha into creativity. Zeus states that all you require is your Mighty I AM Presence and the bending of the knee in surrender to that Presence so that the Flames of God may perform their Perfect Work. To have full command of all of the Rays of God Consciousness there must be the integration of the Heart Flame with your own Electronic Body. In all of your pursuit of the understanding of the Teachings of the Ascended Masters and Cosmic Law, put your attention first upon the Mighty I AM Presence, for that is the Authority of your life! The Hand of God is Zeus' Work. He fills all space of the Christ Consciousness with the Charge of God's Substance.

### ***Face the Sunrise and Receive Divine Life***

#### **Discourse — July 3, 2018**

When Saint Germain taught his students to say: "*Mighty God in me! I face Thy Eternal Sunrise...*" he was alluding to the Divine Life forever issuing from the Sun-Behind-the-Sun, invigorating the four lower bodies and working its way into the center of the Earth. Those currents then travel back to the Great Central Sun. These forces are a part of the Sacred Life of the Individual Presence and the Life of God in the Great Central Sun. They are to be revered for the Holy Consciousness they are and only used selflessly, for the Mighty I AM Presence is always the Doer. All of this Realm of Coming-To-Be is the Garden of Helios and Vesta, fashioned by the Elohim and the Hierarchs of the Elements. Functioning in this Realm while in incarnation was the natural estate, for incarnation was never intended to be filled with discord and all manner of human creation.

## ***Learn to Be and Move in the Presence of God!***

**Aurora — July 3, 2018**

Aurora sends forth the Charge of the Violet Flame, the Purple Robes of Royalty that you are to wear, the Golden Light of Illumination's Flame, and the Ruby Fire so that in your Office of the Christ Light you will understand what it means to have unassailable Purity, Divine Truth, and a Heart that is always giving, always sacrificing of Itself to allow for its own Light Substance from the Presence of God to flow and bless those around it. Make the leap into your Christ Presence. Allow the Light to perform its Perfect Work, lifting you into the Divine Patterns you have longed for. Learn what it means to be and move in the Presence of God, to love, create, and be steadfast and constant in the Presence of God. No greater Freedom could ever be expressed than to enter into the Kingdom of your own Presence and to allow that Momentum to carry you through life.

## ***Flow in the Power of God***

**Neptune & Luara — July 4, 2018**

Guarding and disciplining your emotional body is a prerequisite for attaining God Power. Learn to recognize when the waters of your life are spilling out into needless waste. The energy in motion you are to bring forth is the Energy of God. It is directed by God and belongs to God. Learning how to move within the water element requires the realization of the subtleties present within your emotional body. To gain the Ascension, there must be the charging of the bodies you wear with discipline and harmonization. You can't leave it to chance. You must be on guard. These things are important, for there is not another incarnation to master this; it is here and now. You may think you have all the time in the world to get this right. But that is not the Path of an initiate who is taking the reins as the Godhead Charioteer to move into their higher vehicles of Light and gain their Attainment.

***Be Charged with and Send Forth Ascended Master Light***  
**Discourse — July 4, 2018**

Everything less than Perfection can be charged with Ascended Master Divine Perfection. You can draw forth the Power of the Life of your Presence, not only at the level of the Electronic Body, but you draw forth that Power and God Perfection into your outer vehicles as well. Then your world becomes a blazing Outpouring of Ascended Master Light into which nothing human can penetrate. The only thing that can come back to you is the Perfection you send forth into the universe. Your Office as the Christ Presence is to wield the Sword of Christ Discrimination. If the appearance world reports back less than the Vibration of the Presence, you call the Light into those conditions. The answer goes forth from your Electronic Body and will continue on for as long as it takes to produce 100% fulfillment of the initial call. You need to be on the Path to your Ascension until your Presence calls you home. So desire is the motor force that keeps refueling Divine Zeal for the Path.

***Awake to Your Freedom and Charge Life with Freedom's Flame***  
**Saint Germain — July 4, 2018**

Saint Germain calls you into the service of Freedom's Flame to establish a ritual within your own life to let your calls go forth. Let the Violet Flame move in the land to consume the unreality and return the Sons and Daughters of God to Peace, to respect and honor of each one, and to the Glory of God regardless of religion. Your God-given talent is to invoke the Light of God as a Priest and Priestess of the Sacred Fire. Never should there be a time in the United States when there is not the Flame of Freedom burning brightly. It must be protected and fed by the Light of God. For if the Light goes out in America, who will hold the torch? It is for you to ignite a Flame of Freedom that will be heard around the

world. When you are right with your Presence, you have the full command of the Light of God to meet all personal challenges and still call forth the Light. It is a matter of priority. A Golden Age can only happen when there are those who know who they are, take command, and lift up the rest of mankind who are ready. What more glorious opportunity could there be for the Flame of Freedom within your life?

### ***All You Require Is the Mind of God***

**Aries & Thor — July 5, 2018**

The Hierarchs of the Air Element desire for you to have the understanding of Cosmic Law so that at every turn you may make a wise discernment according to what is presented to you from any source whatsoever. Vibration matters. What you receive into your consciousness affects the whole of your body temple in this world of form in which you reside. If there is not sufficient Charge of Light and Momentum within your own emotional body, how can you hold your vibration to that high pitch that is required to be within the Mind of God? Your life is intended to be full, abundant, and filled with all you require. But that is determined by the Patterns of the Mind of God you allow to play upon the Pranic Breath of your own mental body. Begin to live as though you are practicing to be an Ascended Master, for indeed you are, when you are in the Fullness of the Mind of God.

### ***Let the Pranic Breath of Earth Move within You***

**Virgo and Pelleur — July 6, 2018**

Virgo and Pelleur stand in the Great Central Sun with their attention and Momentum going forth to fill the Earth. What you ultimately manifest in the physical is going to be a product of what you are distilling within your consciousness. Within the Flame upon the Altar of your Heart is the memory of that Purity, of that Joy, of that Sanctity of God. And that is what you must be in touch with to bring into manifestation all that is God Good. Your

Constancy in your disciplines and devotion to God is what will ultimately bring you the Mastery and Attainment you require. The pressure upon the Altar of your Heart is the pressure within your own body temple that is connected with the Great Central Sun. Your role as an incarnate Son and Daughter of God is to learn how to magnify it, charge it, and ultimately co-create with that Flame all that is God Good.

***You Have the Opportunity to Accomplish the Work of Many***  
**El Morya — July 6, 2018**

El Morya proclaims that you must hone, fashion, form, love, and create a vehicle of consciousness worthy to be charged by the Light of God. The mere desire for the Presence of God to move within your life is enough to start the fire, bring you the courage, the inner strength, and the Mind of God to direct you and change those areas that need to be brought into alignment with the Christ Virtues. Your Causal Body is full of Attainment and Mastery, but you must train these outer vehicles to be the good, wise servant. You are an Individualization, but you are also part of the Allness of God and you have the Family of God to assist you in all things that must come to be. Becoming the actualization and manifestation of God means you draw upon the Mighty I AM Presence, bringing that Light all the way through to each plane of existence and establishing God Good. The overshadowing of the Christ Light is the Divine and Holy Purpose of life.

***Put Your Attention on Your Mighty I AM Presence***  
**Discourse — July 7, 2018**

This Discourse addresses the causes of emotional and mental pain. What counts is that you are on the return path, your Presence is there, and you have a whole panoply of spiritual tools at your disposal. As you identify more and more with your Presence and your four lower bodies become polished with the Violet Flame, a rolling momentum develops and your daily allotment of karma

is swept up into the Violet Flame. Pallas Athena has volunteered to be the champion who will stand within your aura and work with you on these various conditions. One of the best ways of ensuring that you quickly clean out your karma is to apply the Light to the memory body. Use Mighty Victory's Fiat to "turn this condition upside down and bring an Ascended Master Victory out of it." The Goddess of Liberty will reinforce your Threefold Flame. There is no greater mothering action anywhere than that of the Goddess of Liberty.

***Take Hold of the Fire of God and Become the Christ***  
**Oromasis & Diana — July 7, 2018**

When utilized wisely, the Ruby Fire is your greatest protection. For it can consume on the instant all of the patterns of negativity that you call forth to go into its Flame. There are those circumstances that you must guard well to keep out of your life, for you know not the tendencies of your previous incarnations. Maintain the consciousness of your own God Presence holding the Ruby Fire for you intensely until it has consumed every momentum that must go into the Flame. There must be the coming together of hearts afire to ignite all of the Virtues of the Christ so that the Pranic Breaths of God may come under the full command of the Light of God once more. For there to be the fulfillment of all of these areas of the Pranic Breaths under the canopy of the Christ Command, there must be a Fire upon your Heart taking command. The greatest assistance in this era for the Sons and Daughters of God is the Shekhinah Pillar.

***Tip the Scale in Favor of Your Victory***  
**Discourse — July 8, 2018**

All of nature is suffused with Divine Life, the universal indwelling awareness and intelligence that is the Body Consciousness of God. The world still needs the United States of

America to protect and defend the freedoms that are necessary. You have the 40,000 Angels given to you by Archangel Michael and the Shekinah Pillar to call upon. The Angels are the extension of The GREAT I AM Itself standing in your aura. They are universal and impersonal. You have that blessing within your world, and it tips the scales. This is how the ills of the world will be resolved. There is such a oneness between your Heart Flame and The GREAT I AM that whatever your Heart Flame is doing is known by The GREAT I AM. The Light knows its own and gives of Itself unceasingly and unconditionally every moment. Nothing is more vital among mankind today than giving the I AM Decrees for the advancement, enlightenment, and protection for themselves, their families, and America. Remember that your Heart Flame is the Infinite Power of the Light that is truly calling to Itself.

***Recognize the Flame of God Performing Its Perfect Work***  
**Pallas Athena — July 8, 2018**

You who have put your attention upon the Mighty I AM Presence are allowing for the tincture of the Perfection of the Rays of God Consciousness to move within your vehicles to establish Divine Patterns, Divine Momentum, Vibration, and Intonation, the perfect pressure of the Power of God. You are the conductor of a great Symphony of Nature come to life within your own body temple. You must be able to stand in the Fullness of the Rod of Power of your own Mighty I AM Presence with Purity coursing through the spinal altar so that there is the White Fire of the Mother Light magnetizing the Great Pranic Breaths to be played upon by the Purity that streams forth from your spiritual centers. The choice is yours, as always, to be in the Presence of God or not. Those are really the only two freewill elections anyone ever makes.
