Entrée Into Nirvana

Lord Gautama — September 19, 2021

Lord Gautama invites you to drink in the Light of the Golden Radiance of the Buddhic Consciousness of his Momentum on Illumination's Flame. As your own Flame of Illumination surges, you will open those pathways that will allow entrée into Nirvana. Your Heart Flame desires to be in that glorious Communion, for it has striven to bring to the fore the Fullness of Divine Wisdom that you have already mastered. But oftentimes your vibration has not risen to the level of this Charge of Light. It is a step-by-step process to enter into the Fullness of your Christhood that begins with calls to invoke the Flames of Transmutation and the other Rays of God. The Radiance of this Golden Light that Gautama brings allows you to *feel* within your crown the Lotus beginning to exercise a Charge within the synapses of your brain to clear away unreality and to Charge the Mind of God within you. As you hold that Golden Light in the forefront of your consciousness and actively engage in that Momentum, you can make a difference by the Light you bear and the Service to God that you render. Then you have something of God Worth and God Good to give to the Earth!

Enter into the Glorious Celebration of the Godhead Victorious
The Great Divine Director — September 25, 2021

In the Fullness of the Light of Godhead Victorious, the Great Divine Director stands in your midst so you might realize the Fullness of Opportunity to enter into the God Victorious Realm of your own Christhood. He holds the Pattern of your Identity in the fulfillment of the Edenic Blueprint of your Momentum and the glorious Grand Design that your Presence has established for you to fulfill as your fiery Destiny. And He will hold the Vision of your lifestream and your Victory, so that you may fully engage, train your vehicles, and bring to the fore the acceleration that your Presence desires for you. The key that opens the floodgates to Momentums of Light being released into your world is within your own Heart Flame as you give your calls for the Will of God and the Good of God to come forth. This is how you enter into the Glorious Celebration of Godhead Victorious on this Holy Day!

There is Always Ongoing Opportunity to Accelerate
Lord Maitreya — September 26, 2021

In his Office of Cosmic Christ and Planetary Buddha, Lord Maitreya holds the Charge of that Christic Fire that will announce to you all of the actions of the twelve modes of expression that your God Presence desires for you to partake of to fulfill your Divine Destiny. You must bring to the fore the Divine Plan for your lifestream, your own momentums that are waiting for you to realize, to crystallize into manifestation. Lord Maitreya desires for you to know in this hour that there is always the ongoing opportunity for a greater awareness of God to be drawn into your life, for an acceleration of the Vibration of your God Presence to be anchored into your outer vehicles, and for you to walk through your day being aware of the Presence of your own Christhood. When you have the ability to truly feel the Threefold Flame of your own Heart, and to have that Flame fill your vehicles, that Charge

of your God Presence will reinforce all of the areas of your life that require a greater Momentum of Light in God Consciousness. And the *Entire Spirit of the Brotherhood of Light* will come forth to assist you in fulfillment of your Divine Destiny!

Invite Your Causal Presence to Overshadow You
Discourse — October 6, 2021

Are you assuming that the time has not yet arrived for the good momentums stored in your Casual Body to be made available to you? Or that they are being postponed due to past karmic conditions? This may have been true in the past, but now that you are on the Path, different Laws come into play. You have long been training to identify with your True Identity, learning how to send forth powerful Light Rays for transmutation. The door is now open for you to *invite your own Causal Presence* to step into and directly overshadow your four lower bodies. This means you must remain harmonious to move forward and accelerate, letting the high frequency of the Momentum of the Casual Body supersede and displace indiscretions. Realize that for every temptation or weakness stored in the memory body, there is a mountain of the counterpart momentum of overcoming that is already fully established in your Causal Body — charging forth, supercharged, Coming-To-Be with the Supra Fullness of the Heart of the God Flame! Be assured that your Beloved I AM Presence sent you forth into incarnation with all of the momentum you need to win your Victory in the Light!

Embrace A New Day of Dawning
Archeia Aurora — October 6, 2021

Archeia Aurora reminds you to embrace your own Causal Body Presence that puts into the realm of Cause all that you manifest as God Good. This requires that you open your consciousness to all

the new possibilities that your Presence prepares for you. And so you must fill your Chalice to overflowing with the Light of God so you have the reinforcement you require to have Communion with your higher vehicles. This glorious opportunity that you have been given is the understanding of how you need not lower your vibration to function in the world of form. There is a way for you to maintain a vibration that is just a breath away from the Heart of your Presence. Then, gradually, step by step, you will mount your ascent. And, lo and behold, you will discover a ‘new’ you and each day will be a new day dawning in the Sun of your Mighty I AM Presence! Dawning in the opportunity to truly engage in the Fullness of all that your Presence desires to extend to you to anchor the Blessings from the Allness of God for yourself and the entire world. Be the Light where you are as the New Day appears!

A New Understanding of Your Causal Body and Its Momentum **Discourse — October 7, 2021**

Immense Momentums for God Good are already fully actualized and repositied in your Causal Presence. Previously, the Causal Body was thought of as being in the same realm as the Mighty I AM Presence as a locked storehouse with its treasures preserved for some future time when you reached maturity in your Christhood. Then those treasures held in trust for you could be released to you. We now understand that this Causal Presence is already an expansion of your Presence into the Nirvanic Plane. The One Heart of your I AM Presence is at the center of your Causal Presence, always enveloping you and always accessible to you — and the magnificence of your Causal Presence can be lowered into physical manifestation. Your Causal Presence overshadows and clothes your four lower bodies, transferring God Power to your vehicles. The more there is purification, the more your faith mounts up, then the more God Power can be stepped down from

the Great Central Sun to the etheric subplanes of the physical. And the more that Power comes forth, the more quickly the timeframe will be shortened between your decrees and visualizations and the out picturing of them in your outer life.

Meditate Upon My Heart and Enter the Nirvanic Realm

The Angel Deva of the Jade Temple — October 7, 2021

The Angel Deva of the Jade Temple invites you into the Realm of the Secret Jade, the Nirvanic Realm, where you may embrace a new plateau of awareness. This is the Realm of Perfection, where all is Perfect, Pure, and holds to the Pattern of God Consciousness. There you begin to know who you truly are as you trace the patterns of your ideal consciousness in the Mind and Heart of God. You access this Realm by entering your Heart Flame and through the Peace you establish within your mind and emotional body. And once you enter this Realm consciously and completely it cannot be stripped from you, for you know the way back. It is important for you to be on guard that your vibration is pure — for you *are* your Presence in all you accomplish. Opening the door to your Causal Presence is as easy as entering into the overshadowing of your Holy Christ Presence in your Threefold Flame. The Angel Deva requests that you frequently enter this meditation upon his Heart and Momentum until you can say, *“I AM Here and I AM There in the Consciousness of the Holy Christ Presence, of the Causal Presence, of the Mighty I AM!”*

Re-accelerate Your Bodies with the Zeal of God

Discourse — October 7, 2021

It is time to, at long last, capture the experience of feeling the Light within your own Heart Flame burst forth and pour forth Light through your four lower bodies, re-accelerating those bodies. The goal is for you to be bitten with a Divine Desire that

will never again leave you. Beloved Jesus, as the psalmist David, alluded to this in one of his Psalms: “The zeal of thine house hath consumed me.” This Fiery Zeal is the great Light coming forth from the Heart Flame, with the Ascended Masters standing by your side, taking away all of the sluggish dross and re-accelerating all of your four lower bodies. Each body will experience a complete rejuvenation from within-out, where each in turn begins to exhibit the Luminosity of the Heart Flame and the overshadowing of the Christ Presence, the Causal Presence, and the I AM Presence. And so begins the process of speeding up and sustaining acceleration in your four lower bodies that is Limitless. As this takes place, more and more you will find the instantaneous response of *All of God* to your Divine Desire to create Perfection in your world.

***Allow Tara and Zeus to Establish Momentums
Available to You***

Beloved Zeus — October 7, 2021

Zeus, the Hierarch of Akasha, teaches you the Treasures within your Heart Flame and your Causal Presence. He instructs you to wake up to God’s Presence on the Altar of your Heart! For right within you is the God Direction you require, the Love you desire, and the Vision you must behold to move forward according to God’s Will. The record of your Purity, the Will of your Presence, the Illumination of the Mind of God, and the Love and Momentum of God’s Heart are all there upon your Heart’s Altar, as well as your Presence’s desire for your accomplishments in this lifetime. Do not forget that you *are* your Presence In Action! Make communion with God a Reality in your life! Hold your emotional body in God’s Will. It is your responsibility to recognize areas of blindness you have ignored and also to study previous Teachings from The Temple of The Presence that will illumine those blind spots. Calling upon Zeus and Tara to establish the Charge of

Akasha and the Momentum available to you will help you achieve greater communion with your Presence. They will assist you to overcome the limitations that keep you from accelerating the Light and momentum you must achieve.

Maintain God Control of Your Vehicles

Discourse — October 8, 2021

With the Blessings of the Casual Body Presence ushering in more Light to your four lower bodies comes a tremendous acceleration and step-up of those bodies. This will be a new experience in most cases and a test of handling a new level of that magnitude of Light with God Control. Can you maintain Purity, Harmony and Perfection? We must demonstrate trustworthiness to our Holy Christ Presence, a momentum of alertness, self-correction, and vigilance that will no longer tolerate seemingly insignificant indiscretions of the past, such as mild dislike, disdain, or gossip. Consider this advice from Saint Germain: “When critical or disturbing thoughts try to find entrée into your consciousness, slam the door quickly and command that they be gone forever.” And he adds, “The very instant that you fixate upon the outer appearance of imperfection, you are again forcing that quality into your own experience.” So be prepared, gird up your loins so your Causal Body Presence can flood your bodies with more glorious Liquid Light with which you can achieve the Service to Life which your own God Presence would have you perform.

Live the Life your Presence Desires

Goddess of Music — October 8, 2021

The Goddess of Music encourages you to open your consciousness to receive the Music of the Spheres so you can begin streaming the Momentum and Consciousness of your own Casual Body Presence, letting it bestow the Patterns and Tone of the Keynote

Identity of your own God Presence. This is the Tone you perceive in all things that translate as Purity, as Love, and as the Voice of God. Your Casual Body Presence conveys to you all of the dimensions and rhythms of your life and intones Vibrations that translate to you as Divine Direction. As you elevate your consciousness within, you will attune your vehicles to the Harmony that allows the Heart to begin to sing. Then, let God be the Director of your symphony, that you might sing the song you came to sing and play upon the elements that your Presence has intended for you to manifest as talents in this incarnation. All this is because of the Grace and Blessing of your God Presence desiring for you to have all that life has to offer. And all the while, the Music of the Spheres conducts you to the life your Presence has called you to live!

The Expansion of the Mighty I AM Presence into the Nirvanic World

Discourse — October 8, 2021

Your I AM Presence sends forth your Causal Presence into the Nirvanic World. It is the expansion, from within-out, from the timeless and spaceless Realm of the Central Sun into the first level of time and space in the Nirvanic World. And what is present there is the fully developed and actualized record of all that the Presence has already achieved. The ideal way of relating to your Causal Presence is as the “Causal Activity” — the expansion of your own I AM Presence unfolding its nature to radiate its Love throughout the Nirvanic world, and in turn, through each of the other planes of consciousness. In the Nirvanic World, the unfoldment of your Causal Presence will fashion into a cornucopia, one of many symbolic representations present within that body. From that cornucopia spills the abundant life, the harvest of the sowing of good karma that has come to fruition. Wishing to love and bless every part of Life, your I AM Presence unfolds its nature and

expands from within-out. And as that expansion pours forth in all of your vehicles, the Mastery that your Presence already has is then unfolded, exerted, cultivated, and developed. That is the real purpose of incarnation — to gain that unfoldment in specific areas.

Let My Voice Guide You on Your Journey through Nirvana
Goddess of Light — October 8, 2021

The Goddess of Light stands in the Fullness of Akasha, intoning the Keynote Identity of your own God Presence, so that you will hear her Voice and recognize that Tone to be *your tone* that will bring you higher and closer to the Vibration of the Allness of God. She offers to let her Voice guide you at any time you require a Charge of the Causal Body Presence. Far too many do not embrace the possibilities offered by the God Presence, thinking they are not worthy. But you must banish those thoughts of negativity, so that you might have the full measure of Light flowing forth into your world. It is the Light that clears away all manner of maya and illusion, the Light that will never let you down and is exactly what is needed at any given time. The Light of God is upon the Altar of your Heart, and that touchstone of Reality will keep you through thick and thin so you recognize the Truth and the patterns of thought that are Divine. All this to carry you through glorious opportunities and mastery as you proclaim the Truth of your Identity in God!

Torch Bearer Meeting - Keeping the Sapphire Dream Alive
October 9, 2021

The Torch Bearer Meeting began with a fond acknowledgement of the Hierarch of Akasha, Zeus and his Twin Flame, Tara, through the reading of a poem memorializing Tara. As we heard the words, our Heart Flames were stirred with the Vision of the Sapphire Dream of the Ascended Masters for the Dawning Golden Age of Saint Germain. We are encouraged to resolve, along with El Morya,

the Great Divine Director, and all the Ascended Masters to keep the Dream alive of the Will of God for ourselves, our loved ones, The Temple of The Presence, and for all mankind. The Anointed Representatives are looking forward to a time when we all can be welcomed back to Morya House. As we draw forth the alchemy of precipitation for the abundance required to complete the Pavilion, we are reminded to visualize the actualized manifestation of the precipitation in its completed form, and to use the triptych The Temple of The Presence created to assist in this process. Our Decrees are now further empowered as we are enveloped with the Casual Presence, the scintillating Forcefield of our higher vehicles building a Bridge of Light that is the open pathway into the Octaves of Light!

Instruction on Fulfilling Your Divine Destiny
Elohim Cyclopea — October 9, 2021

Cyclopea presents in-depth instruction on the life you are to live to fulfill your Divine Destiny. All that is presented to your Heart by your Presence is part of your Divine Destiny. You must have detail consciousness and clear vision to see all areas of your life that need refinement and alignment with the Christ Virtues and God Qualities, replacing what needs transmutation with God Good. *Be* that Presence of God In Action! You gain your Victory and become an Ascended Master by taking command, fulfilling your responsibilities, and recognizing the Authority that you must establish. If you stumble, call upon the Law of Forgiveness and correct the error. Throw off negativity and awaken to your Heart Flame! Make room for your Presence! Put your attention, first and foremost, on your Presence and what your Presence desires, not what the world requires of you. Then your Presence can operate more and more through your vehicles. You can call upon Cyclopea to assist you in refining the Vision you are beholding. And when

you call forth the Emerald Matrix, remember Cyclopea's Teaching and anchor the Emerald Ray into every vestige of your life, preparing your Crystal Chalice for your Causal Presence!

The Consuming Action of God Love

Discourse — October 10, 2021

Think of your Causal Body Presence breathing within itself. That breath being a Love breath that is both an outbreath and an inbreath that is transferred from the Heart of the glorious Flame of God. This Flame of God is the supreme authority of the outbreath of Love and creativity and the inbreath of consuming the miscreation of the four lower bodies with Love. Both of these activities are always ongoing in the Casual Presence. You know the priceless action of these Love inbreaths that balance your karma and help the world as the Mercy Flame, the Violet Flame, the Ruby Fire and its most intense action, the Maxin Light. As a service to you, it is magnificent to realize that the direct outpouring from the Casual Presence in its consuming action can and will overpower whatever might still remain lodged within your lower vehicles, especially the memory body, opening wide the direct access to the blessings of your Causal Presence and your Mighty I AM Presence!

How to Gain the Mastery and Attainment You Require

Vesta — October 10, 2021

Vesta reminds you that there is no limit to what you can experience in God! That should be in the forefront of your consciousness when you approach your altar daily, setting aside concerns for your outer life. Guard well that you do not lose the tether that you have experienced in your communion with God! Maintaining and expanding upon that communion allows your

Causal Presence to vibrate, intone, and accelerate your outer vehicles so that you no longer are of this world. Even now you can ponder: What would you do as an Ascended Master? What will be the example you set for the world? What Ray of Light will you express? What Momentum of Teaching of Cosmic Law will you continue to expand in glorifying the Allness of God? Vesta reveals that she is the “Teacher of teachers,” for throughout the ages she has taught those who would speak for the Ascended Masters. Vesta commends you to study the Teachings released through The Temple of The Presence from the very beginning, for they are a map you can follow to your Victory and Mastery as an Ascended One. Do not miss one Momentum, one Teaching, one erg of energy that you can apply to life.

Unlocking Your Very Own Causal Body Cornucopia

Acropolis Sophia

Accelerate into the Oneness of Your Own

Mighty I AM Presence

Nada — October 11, 2021

Your Love of God is the foundation through which your vehicles of consciousness knit together the Talents, Momentums, and Qualities of God your Presence desires to impart to you. Recognizing the need for greater Momentum among the Sons and Daughters of God, the Ascended Masters request Dispensations that immediately produce Rays of Light and Vibrations of God Love. Being the recipient of these Dispensations, it is important you have a sufficient foundation of the Love of God, Gratitude and Patience until there is the refinement of your vehicles to receive all that your Presence desires to release through you. As you draw closer to your Causal Body Presence, realize the great Love of God for you, and assume your rightful position as the Christ Light, the talents and Momentums stored there for you can begin to be released.

Thy Kingdom Come on Earth as It Is in Heaven

Discourse — October 12, 2021

Your Causal Body Presence is to act as a cloak wrapping your four lower bodies in its Vibration, dialing out everything less than its own Perfection in the Consciousness of God. Whatever is swirling around in your mental and emotional worlds will out-picture in your personal physical world. Proclus postulated that what comes first, or higher levels of existence, are more powerful and encompassing than those that come after. Therefore, The Great I AM, which gives life to all that follows, will not only be greater than, but will be included in that which comes after. This means it is possible for the lesser to be drawn back up into the greater. And so as you are able to enter into the Vibration and Consciousness of your Causal Body Presence and maintain your focus there, that will become your Reality.

The Kingdom of God Stands Ready to Respond to Your Heart Flame

Archangel Rōriel — October 12, 2021

When Ascended Masters and Cosmic Beings come, you are in an atmosphere that is protected for you individually, Charged by the Light of God and Dispensations of the Karmic Board. The Archangels deposit into the atmosphere around you the Body Consciousness of God so you will have available at any time the memory of your experience at this Acropolis. As you hold fast to this Vibration and your Harmony, you are able to navigate the planes of consciousness and draw forth all of the Attributes your Presence desires for you in this incarnation. This requires a Constancy of the Will of God that keeps you tethered to the Light of your Heart Flame and the embrace of your Mighty I AM Presence. The degree

to which you are able to maintain this connection is determined by the Light you invoke daily, drawing into your vehicles Patterns of Light and Momentum that keep you attuned to the Mind of God to know the right course to pursue.

The Limitless Capacity of Universal Love

Discourse — October 12, 2021

All of universal life, including Primal Divine Being, desire The Good and Divine Love. Each Individualization of The One is a unique expression of the Godhead, as are each of the universal monads in the Great Central Sun. Each level coming forth contains all of the attributes of the previous level or All of God. Love is a synonym for Primal Being and is the Body Consciousness of God. Love is all of the Qualities of God combined with The One and The Good, which are different ways of addressing the same Quality. We spiritually refer to that as the Universal Love of God. All of Universal Life desires this Love and thus the more you are able to be that Love in Action, the more Universal Life exercising Divine Providence will be attracted to you and the more powerful will be your ability to take dominion over outer circumstances.

I Impart the Fullness of the Love of God

Lady Master Venus — October 12, 2021

Although you are becoming aware of the Allness of God streaming forth from your Higher Vehicles, you might not initially cognize how to operate that Light or Momentum. But then a pattern begins to emerge announcing the Divine Momentum you are to carry out and you ponder how to bring it forth into manifestation. Allowing for the Holy Christ Presence to bring it into manifestation through you is the operation of the Law you are to learn. Entering into the Great Silence before and after your decrees afford opportunity to have a chalice prepared to receive all your Presence

desires you to bring to the fore. You must maintain this Vibration and Attunement throughout your day so the Charge might come forth at any time and you grasp it on the instant. You must be able to distinguish between the weight of human consciousness and the Light of God streaming forth to establish a Momentum of God. This is how you train your vehicles of consciousness to utilize all your Presence desires you to receive.

Realms of Eternal Day and the Divine Grace of The One
Discourse — October 13, 2021

The Ascended Masters exist in Realms of Eternal Light. What is the Source of this Light? Within the Allness of God exists the monad of Light and when the Conscious Cosmic Christ Command is given to that monad of Light, Light Comes-To-Be. So the proper command is “I AM Light,” not “Let there be Light.” The Ascended Masters are not only aware of the Light of the Great Central Sun in which they reside, but of the Light of God Consciousness of The Great I AM shining through. Your Causal Body Presence brings with it outpourings of Divine Grace, or Caritas, including the Light that is of The One. This is possible because your Causal Body Presence encompasses the Light of all the Divine Levels above it. When you decree in the Name I AM, you are making a pronouncement of Divine Truth for Truth to come forth.

Transfer the Allness of Your Presence into the Lower Octaves
Maha Chohan — October 13, 2021

Making yourself available to the Presence is all that is required by your own Mighty I AM. Because the Law of Octaves allows your Presence to send its own Heart Flame down into the planes of consciousness. And that Flame can accelerate the vibration of life, washing clean your consciousness, giving you the Faith and Strength to overcome any limitation. The Divine Desire of your

Presence is that you live a life that expresses the Presence of God. Every area of your life is an Opportunity to draw upon the Flame upon your Heart and the Momentums of your Causal Body Presence. As you accelerate the Light within your vehicles, you realize how great is the Constancy of this Flame of God. Whether you are daily aware of it or not, your Presence is always tethered to you via that Heart Flame. However, purification of your vehicles is necessary for the unfolding of that Flame to be an active Participant in the way of life you are to establish.

The One Being and the Frequencies of Love

Discourse — October 13, 2021

Stories of Bernadette being unburned by the candle flame and the three Hebrew youths emerging unscathed from the fiery furnace are examples of the Causal Body Presence and Christ Presence overshadowing and protecting them. The same Service can be performed for you as you open your consciousness to the ability of your Presence, Christ Presence and Causal Body Presence to overshadow your lower bodies. The “I” of Limit and the “AM” of Limitless are joined together by Divine Providence as it triangulates with The Great I AM and the Great God Flames. This joining together is philosophically known as One Being and spiritually called Love. The interaction between The One and One Being produces the highest, most powerful frequency as it is all things fused together. As the Ascended Masters have come forth from the Great God Flames, they not only possess the Consciousness and awareness of All that is within the Great Central Sun, but know it to be a part of themselves.

Foundation Teachings for Entering Your Higher Bodies and the Ascension

Discourse — October 14, 2021

Examples presented last night of assistance given by Ascended Masters were shared so you will have the Faith and consciousness that your own Mighty I AM Presence is fully capable of rendering those services for you according to your Faith, Harmony, and Purity of Consciousness. Sessions devoted to meditation are opportunities to deepen your connection to your Presence because you are meditating with Torch Bearers around the world as well as receiving the impetus of the an Ascended Master or Manu and so the momentum is multiplied as in group decree sessions. Your Causal Body Presence is meant to not just remain in the Nirvanic World, but to descend and be the open door through which you enter into the Consciousness of the Great Central Sun. In order for this to happen, you must let go of all outer attachments and give all that you are to your Mighty I AM Presence.

Invoke the Mercy Flame and Violet Flame to Establish God Love

Kwan Yin — October 14, 2021

It is not enough to just know Cosmic Law. You must internalize it and make it your own. Giving the Violet Flame with Constancy will help consume the unreality and resistance that has prevented you from fully experiencing the Light of God. Call upon the Ruby Fire to break through all you are still holding onto consciously or unconsciously. As these obstacles are removed, you can begin to walk the Path your Mighty I AM Presence desires for you. Forgiveness and Violet Flame go hand in hand. As soon as you forgive any part of life, you are filled with the Love of God

and begin to truly realize God Freedom — raising your vibration sufficiently to be an expression of God-In-Action capable of rising into the Ascension. If this has not become a conscious possibility for you, make the determination that all your accomplishments belong to your Presence, for your communion with your Presence is the real Victory.

Causal Presence Momentum in Action in Your Four Lower Bodies

Discourse — October 15, 2021

The theme of this Acropolis Sophia is “Unlocking Your Causal Body Cornucopia.” The misconceptions regarding the Causal Body Presence must be dissipated so that the intense Power of its qualified Life and Momentum of Perfection can be stepped down. For just as the Light of your I AM Presence comes down into each of your lower vehicles, so, too, the Causal Presence comes down into the Buddhic plane, the memory, mind, emotions, etheric, and flesh form when it is so invoked. And when your Causal Presence is brought into contact with your four lower bodies, an intense acceleration begins that transfers greater Power into these bodies. The goal is for your Causal Presence to be *In Action* all around you. The *I AM, I AM, I AM the Resurrection and the Life* Decree can be used for that purpose. Identify with your Causal Presence as you identify with your I AM Presence and your Christ Presence. Feel yourself sitting in the center of the spheres of your Causal Presence. Have your Tube of Light coming from your I AM Presence, and your Causal Presence, and your Christ Presence surrounding you, holding your world in God Control and purifying all things less than Perfection.

You Have Been Given the Keys to Your Own Causal Body Presence

El Morya — October 15, 2021

You cannot discount the blessings *you* establish for the expansion of Light upon the Earth each time you invoke the Light at your altar. When that Communion with your Mighty I AM Presence bursts forth as Light, as Life, as Momentum of God, you are establishing round about you, and throughout the entire Earth, opportunity for others to embrace the Light upon their own Heart Flame! It is the Will of God that the Causal Body Presence come forth and establish its Momentum of all of the Good that has ever been embraced by your Mighty I AM Presence, not just for your lifestream, but for the whole of God! Although the Christ Light you bear is most personal, it is not just for you, but for the Glory of the Allness of God. For it was the Love of the Allness of God that sent forth the Individualization of God to expand more of the Presence of God.

El Morya – Q&A

October 15, 2021

El Morya responds to questions regarding: using human will to control habits; who may write stories for children based on the Teachings; does one born into a certain race or culture bear responsibility for that society; how El Morya used Love to overcome challenges in his embodiments. In response to the last question, El Morya encourages you to let your Mighty I AM Presence carry you into the fullness of the life that it desires you to live. For that is when you are happiest, healthiest, whole, and have the Love of God. He shares that the Love of God streaming forth as

a foundation is what he overcame with. That Love would lifted him out of those areas of discomfort or pain or struggle, whatever the circumstance, just as it will for you. He calls for that Light of God Love to hold you in its firm embrace, all the way to your Ascension in the Light.

Divine Momentum of the Causal Body Presence

Discourse — October 16, 2021

Your pure desires, when manifested as positive, creative endeavors or occupations in service to life, are the foundation for accruing Momentums of Good in your Causal Body Presence. It is the combination of the Power of the Nirvanic World, together with your Causal Body Momentum, that your Mighty I AM Presence is able to draw upon and lower into the four lower bodies for a work that is to come forth. Have the sense that your Causal Body Presence is immersed within the omnipresence of the Great Central Sun, constantly being flooded with its Limitless Power. For your Mighty I AM Presence, the Causal Body Presence is the motor that focuses the Power of the I AM Presence through the Seven Rays and Five Secret Rays as well as the personal Momentums you have accrued. The Ascended Masters, one and all, have committed their Causal Body Momentums to furthering the Golden Age of Saint Germain.

Establish the Momentum of the Glorious Sun of Your Identity in God

God & Goddess Meru — October 16, 2021

You have accrued Momentums prior to your incarnation, during previous incarnations, and in this incarnation. You will want to establish a sanctuary where the Light you have garnered can stream forth, a rarefied atmosphere filled with the Momentum of your Devotions and Love for God, a place where your Presence can lower into your consciousness the Patterns it desires you to receive.

And when it is time to bring them forth, you have the Charge of Light within and the clarity of mind to manifest what was intended. Every day is an opportunity for this to occur, to be in the flow of the Presence of God, not always in a grand manner, but in small ways as well. But you recognize the Vibration and would not trade it for anything. You treasure it and hold dear this Consciousness of your Causal Body Presence and Mighty I AM Presence. Regardless of outer appearances, you are in the Sun of the Light of God.

Temples of The Presence Established for a Golden Age **Discourse — October 17, 2021**

A Temple is a dwelling where the Presence of God covenants to live. As David, Jesus desired to build a Temple in Jerusalem to house the Ark of the Covenant. It is our opportunity to have these Divine Momentums come full circle as the founding generation of the I AM Faith as we covenant with Saint Germain to build a Golden Age. Just as our four lower bodies are a temple so are our celestial bodies: The Causal Body Presence, incorporating the Seven Life Rays as well as the Five Secret Rays, might be characterized as a miniature of the Great Central Sun — a true Cloud of Glory in which the Presence of God dwells. The Shekhinah Pillar, which houses the Oriflamme Chalice, the Helicon Solar Shield, the Pharos of Hierarchy, is likewise a Glorious Temple of the Living Presence.

The Glory of God Resides in The Temple of The Presence Where You Are

Nameless One — October 17, 2021

In no other lifetime have you been blessed with the Gifts your Presence is making available to you now, enabling you to enter into the Fullness of Life. You have the assistance of Cosmic Beings and Ascended Masters charging the atmosphere about you with their Vibration for you to feel within your physical and emotional bodies. You come to this Altar because of your Love for God, and it

is that Love that knits together The Temple of The Presence. Now is the time to put your attention upon your Causal Body Presence to receive those Momentums your Presence desires to release to you, Momentums that will accelerate your ability to maintain Mastery and prepare you for the Ascension. Your Gratitude for all you have been given should be so overwhelming that you would never turn away from your Presence again.

Hold the Balance for the Little Ones

Mother Mary — October 24, 2021

The Archeia of the Fifth Ray of the Emerald Light of God, Beloved Mother Mary, comes to bring Wholeness back into the Edenic Consciousness of the Sons and Daughters of God. As the Mother Light holding the balance for the little ones coming forth, it is her Joy to brood over them and to love them. She has witnessed how most times new lifestreams are given circumstances where they can begin to embrace the Truth of their Identity. You who have been incarnated for hundreds of incarnations, have more karmic records that must be transmuted, but you know how to invoke the Light of God, the Violet Flame and the Emerald Ray to overcome limitations. And so Mother Mary calls upon you to invoke the Light, not just for yourself, but for the little ones. Many come forth prepared to do better, but many times returning karma subjects them to a lower human consciousness. If these precious Heart Flames do not receive the impetus of the Charge of Light to protect them, they are buffeted about until they are able to try again. You have the ability to hold the balance for these little ones so they can finally awaken to the Flame upon the Altar of their Heart.
