Seven Sabbath Weeks in The Love Star Retreat II

**New Year's Conclave
December 27-31, 2018**

The Progression of the Seven Sabbath Weeks Discourse — December 27, 2018

During this Conclave on the mysteries of the Seven Sacred Weeks, you are held, as a Grace, in Divine Peace. You are invited to receive the whirlwind action of the Light of God, poured forth out of the Hearts of the Holy Kumaras, the Nameless One, and the constellation of Cosmic Beings and Ascended Masters. We begin our seven-week cycle with the return of gratitude toward God for all that we have received. Then as we continue on, we enter into the Great Silence, emerging free of outer burdens. In the Bethlehem DayStar we revere the Christ Light in the four lower bodies and celebrate coming into Divine Incarnation. As the weeks progress, you are lifted more and more into the glorious Light of the Secret Love Star and your own Beloved Mighty I AM Presence so that upon the culmination of the cycle, you are ready to move back into your outer life, refreshed, rejuvenated, and ready for the Victories ahead.

To Truly Know Love You Must Become God Love Lady Master Venus — December 27, 2018

The opportunity you are to experience throughout this cycle is the streaming forth of all that is God Good from the Secret Love Star, the foundation of which can only be embraced if you are in Love, know Love, and have become Love. Lady Master Venus

addresses you on the attributes of God Love so that with each introduction to the Secret Love Star you will be ready to understand that you are to be an open chalice to God Love. There are many loves in your life that can awaken the Flame of Love upon your Heart to allow that Love to expand into all the areas of your life. For this to happen there must be a vulnerability to God Love, a surrendering of all you are into the keeping of God. Lady Master Venus proclaims this Conclave in the Secret Love Star open for the streaming forth of New Dispensation in the Light of God! She will be ever close with her Beloved, sending forth their Cosmic Light so that you will have a greater opportunity of moving within all of the Radiance of the Secret Love Star — bathing your consciousness and accelerating your own Momentums in the Light.

The Secrets of Sustaining the Spiritual Path

Discourse — December 28, 2018

How is it that many of those who start out with great zeal for the Path eventually fall back into the old ways of the outer world? Because there has not been the forging of that conscious contact and communion with their Individual I AM Presence strong enough to endure whatever may be the travails of the Steep Path to Christhood. If realizing your Presence is not the goal of your Path, you will eventually fall away. Your Presence must become the Pearl of Great Price of your life. This is why our Activity focuses on the Presence first, and why we have christened our Activity “The Temple of The Presence.” Allow your Presence to imbue your four lower bodies with its Consciousness. There is to be just one True Self — the God Self of your I AM Presence. Identify not with your physical body, with your mind, and with what your mind and intellect revolve. Identify not with the pressure of the records of your previous incarnations. But identify with your Heart and give all to your Presence, offering up the chalice of your four lower bodies to your Presence and receiving back the Consciousness of your Presence into your life. That is the Path.

The Great Silence Is Your Home and Refuge

Lord Himalaya — December 28, 2018

Lord Himalaya instructs you on the Great Silence and on the Love of God. For you to be able to embrace the Truth of your Identity, there must be a setting aside of time and space, so that you are in the Great Silence, bathed in the Light of God. When the outer world becomes too much, you can enter into the Great Silence. This is your home and your Great Refuge. The moment you embrace the Mind of God, your whole life changes. The quicker you train your outer vehicles to be responsive to the Command of the Flame of God upon your Heart, the quicker you will have this exuding Presence of God all about you. This is the Light of the Christ. Loving God in life, expanding God in life, commanding God in life, and becoming God where you are is the great desire of your Presence. As you generate more Love, the Great Silence becomes a permanent state of conscious awareness in your life. Allow the Flame upon the Altar of your Heart to carry you into that height of Consciousness that allows for the flow to be primed from the very Heart of God and reinforce the atmosphere about you.

Step Forth as your Christ Presence

Discourse — December 28, 2018

There is no Quality, Virtue or Attribute that did not come forth from the unconditional giving of The One. The world-changing truth is this: the Great God Flame and Mighty I AM Presence came forth as Individualizations of the Godhead. In self-contemplation, the Great I AM focuses itself to a concentrated point of Individuality — and that Individuality knows itself to be one with The One and The Good. This action and consciousness is “I AM.” Thus, when you affirm: I AM Light, Happiness, Beauty, or whatever Quality you are calling forth, you are affirming and out-picturing that which you already are in your Presence. Your Presence intends to impart its I AM Consciousness through the Crystal Cord into the Heart Flame, infusing it into the four lower bodies, from

the memory body right through to the nerves of the physical body. The overshadowing by the Holy Christ Presence comes first. It has the full Consciousness of the Mighty I AM Presence. As you wear this White Light Garment, the Consciousness of your Presence will begin to shine through, illumining all the vehicles. The more you can open the doorway of consciousness, the more your Mighty I AM Presence will sustain this flow.

The Glory of God Is Upon You!

Omega — December 28, 2018

Beloved Omega comes with the full weight and measure of the Cosmic Mother Light for the Protection of the Heart Flames of the many. It is for those who know of their Mighty I AM Presence that the Cosmic Beings and Ascended Masters bring many of the Dispensations so that the Torch Bearers and Lightbearers can live in the Consciousness of the Christ Light. As you keep to the disciplines that allow for the Christ Light to be released, you will have the Light of your Mighty I AM Presence pouring forth the Divine Outpouring from the Great Central Sun. The White Fire of the Mother Light tempers your vehicles and allows for the kundalini to become a Rod of Power which never lets you down and galvanizes your being in your Mighty I AM Presence. You have been given, by the great Mercy of God, the opportunity daily to transmute your karma with the Violet Flame. This Flame has the unconditional Love and Power of God within it and transmutes on the instant. Be blessed in the Radiance of the Secret Love Star and let the Glory of God lift others out of their denial and awaken them so the Hand of God may be present in the land.

The Path to Happiness

Discourse — December 29, 2018

The dazzling Light brimming over from your Mighty I AM Presence must be safeguarded into and through your four lower bodies — so that flowing through your bodies is the unbroken

God Consciousness of your Presence. It flows through the Causal Body and the Christ Presence, issuing through the Heart Flame, and then out into the etheric double and the flesh itself. Happiness begins at the fountainhead of your Presence's Heart. You will be able to turn on this faucet of Happiness and let it flow through you as you understand it is welling up and overflowing from the Heart of your Presence. The Angels will, in answer to your Call, step into your feeling world and augment whatever your desire is to express the happy thoughts and feelings streaming forth from your Presence. And as the Violet Flame performs its perfect work, you will feel the stream of God Happiness beginning to re-radiate out from your Heart. When you arrive at this state, your Victories will come more quickly, as there is the transference of God Power.

Be an Active Alchemist

Saint Germain — December 29, 2018

Saint Germain asks, “Are you ready to become an alchemist...?” There is far more to being the alchemist of the Divine Light of God than merely making a call and waiting upon the Lord. God is not going to produce magnificent alchemies through you if there is not an exertion of your vehicles to call forth that alchemy. That is where the mastery is developed! This is an active Path, not a passive one. It is worthwhile to study and to be at your Altar, but not to the exclusion of the interaction with other life streams, other momentums of life, and discovery of the Nature of God right around you! It is not enough to sit in contemplation of your I AM Presence day-in and day-out without actively engaging in the Light! Saint Germain also reveals what will carry you into the awakened Reality of the Presence of God, the Divine Goals that should always be held, how to manifest the Momentum of the Secret Love Star, the Great Magnet that automatically draws you into your Ascension, and what spurred him on when he was in embodiment.

The Bethlehem Star, the Holy Family, and the Emerald Ray
Mother Mary — December 29, 2019

Mother Mary asks, “Have you prepared your manger for the coming of the Light of your own Bethlehem Star?” Consider that it is the Star of your Presence, shining forth to release the Divine Direction of your incarnation and all that is to be accomplished to gain Christ Mastery and Attainment. Let the Peace and the Blessing of the Bethlehem Star be your constant reminder of who you are. That is the gift of the coming of Jesus and the Holy Family and why you honor this cycle every year. Stating that you are expected to wear the Mantle of your Christhood as Jesus did, Mother Mary instructs that you not limit yourself to studying just one or two God Qualities — you must have the full Panoply of the Christos to become the Christ. There must be Mastery on the Emerald Ray. The Crystalline Fire of the Christ Consciousness is a distillation of the Emerald Ray. Much of the alchemy of using the Emerald Ray will come to you naturally as you elevate your consciousness. Learning how to honor and adore the Holy Family allows you to refine the Emerald Ray in your associations. Allow your daily responsibilities to be accomplished through you by the Light.

Keep the Dream Alive!

Discourse — December 30, 2018

When The Temple of The Presence began, we penned a letter titled “Keep the Dream Alive,” speaking of the Dream of the previous Ascended Master Activities. Today, we sound the Call of the Brotherhood of Light in the name of the Holy Kumaras that you find the burning passion in your Heart to keep alive the Vision of the Ascended Masters for the Dawning Golden Age. We want to do all we can do to keep that Dream expanding so that those who receive the Torch in future generations will have fidelity to that Flame. This involves the personal surrender of your will to the greater Design and Vision of your Presence and, in tandem, the Wisdom and Divine Direction of the Brotherhood of Light. As you realize

this Opportunity, a burning passion and zeal will arise within you. All Ascended Master Golden Age civilizations start out with great promise and work well during the times of their ascendancies. But their unascended members eventually rebel against the Law of their own I AM Presences. However, we can choose to break this pattern and keep the Dream alive of what the Ascended Masters wish to bring to the fore. Keep those High Ideals alive!

Stand with the Holy Kumaras and Proclaim Your Destiny!

Sanatka Kumara — December 30, 2018

The very Patterns of your Identity are reinforced in the Consciousness that Sanatka holds in the Will of God. This allows for the ongoing Dispensations from the Lords of Karma. Without the Holy Kumaras' assistance, there would be no Brotherhood of Light or Dispensations or God Momentum in the Earth. Sanatka instructs that to stand in the Will of God is the greatest of Momentums that you could experience. Every time you make a decision in your life, you are determining whether you will be in the Will of God or outside the Will of God. There is no in-between. Your consciousness, seated within the Perfection of God Will, allows you to absorb into your body temple all of the Patterns within the Mind of God, the Heart of God, the Will of God. Do not let one day pass you by, one hour that you are not reflecting upon your I AM Presence and the opportunity that is extended to you! Make no discernment of mind, conscious action, or release of energy from your emotional body without the tethering to the Will of God so there will be no misuse of the Power entrusted to you!

***The Consciousness of the I AM Presence
as the Unconquerable Light***

Discourse — December 31, 2018

In the Mighty I AM Presence, Consciousness and Light are inseparable. The Consciousness of the Great I AM, the Great God Flames, and the first level of Individualizations are all One.

The Unconquered Limitless Light of Lux Invictus occurs when this Light builds up such a pressure that it overflows in an Outpouring of Undiminished Giving, pouring into the Great Central Sun. The One Light of the Presence shines from above and illumines all that the Great Central Sun is. Creation comes forth as the coming-to-be within the Great Central Sun. This Consciousness of the Godhead and, hence, the essence of Light is positively Limitless. When the Light Rays go forth from the Presence, they have the original Consciousness of the Unconquered Light and they perform their Perfect Work in answer to your calls. You can have all the Light you need for constructive purposes. Cultivate the Consciousness of Lux Invictus, the Unconquered and Unconquerable Light that never fails.

Draw Forth the Light to Become that Light
Goddess of Light — December 31, 2018

The Goddess of Light gives you the Sword Excalibur so you can be seated in the Consciousness of the Will of God and the Emerald Ray to bring forth the Divine Outpouring of Light. No Ray operates singularly without the other Rays of God Consciousness. This is why you are given training in all of the facets and Qualities of God. Rather than fighting darkness, draw upon the Light, become the Light, and then banish that darkness by the very Light that you bring forth. You have the ability to move within the Realm of God while tethered to the physical, mental, emotional and memory bodies, for the Light of God connects you with the Fullness of the Allness of God. For those who have chosen to gain their Mastery and Attainment for their Ascension, Dispensations abound. You will hold the Light not just for your own Mighty I AM Presence, but for the Earth. In faceting your Temple of the Presence begin with the White Light of Purity. As you do so, all of the other Rays of Light and Momentums of God begin to fashion and form all that you require. This is Cosmic Law.

***Hold the Vision of Illumination's Flame
and the Secret Love Star***

Lord Gautama — December 31, 2018

In the Buddhic Consciousness, the blazing Light of Illumination's Flame marks the standard the Christ will hold. For there is no question when you are wrapped in the garment of Illumination's Flame. This is something to treasure and hold dear every moment of your life, for you have received the greatest of all gifts — the ability to put into action the Flames of God. You can receive the streaming Consciousness of your own God Presence and begin to build upon each increment, never losing one erg of energy, one facet of detail, but keeping your consciousness fully apprised all along the way as you add to your attainment. Entering into the Flame of Illumination gives you the opportunity to enter into the Buddhic Web of Consciousness. The Thoughtform of the Year, the intertwining of your Flame of Illumination with the Secret Love Star, is a visualization and actualization you should bring into form by the manifestation of the Light of God. It is the gift of vision that allows for the Sons and Daughters of God to flourish in the Golden Age.

LOVE COMMANDED AND COMMANDING

Generating Love with the Archangels

**Acropolis Sophia
January 1 - 7, 2019**

Our Four Lower Bodies are the Holy Grail of our Presence Discourse — January 1, 2019

In preparation for the upper room Teachings and release of the Power of God Love from your own Presence this week, there are some guidelines given. As our Beloved Jesus withstood the temptation to use the Power of his Presence for the purposes of the outer self, so too you are to understand the correct moral attitude to adopt in receiving the Light daily through your Crystal Cord. These guidelines are even more important during this Acropolis because of the extra Power you will receive with the work of generating God Love in this class. The Life of God is a Grace not a right. It is priceless, Holy and Sacred, to be received with a humble, reverent gratitude. This is the meaning of the parable of the talents as well as the story of the ten lepers whom Jesus healed. All belongs to the Presence; this is the Law of Life. Wait upon your Presence to know how to use the Life it has given you. Stay present in the Heart, esteeming all you are given as Pure and Holy.

Draw Upon the Power of the Violet Flame

Archeia Amethyst — January 1, 2019

Holy Amethyst comes in the pristine Charge and Joy of the Violet Flame of God Love, dispensing millions of Violet Flame Angels into all areas of the Earth, as well as into the atmosphere under the Etheric City. She would have you appreciate the Violet Flame Angels and the Joy of Life they bring so you can have a closer communion with them. There are many more Angels in attendance to your life than you realize. She urges you to learn how to master the use of the Violet Flame, not just in transmuting karma, but in calling to her, to her Angels, and to all the Ascended Masters and Cosmic Beings who serve on that Ray, making the call for yourself and for others so the Mind of God can be drawn to the fore, assisting those who do not know how to call. You have the opportunity every day to command the Violet Flame, which is not only joyful and comforting, announcing that all is well, but also powerful and commanding with the Power of God. It is able to liberate your consciousness so your Heart Flame can be free to soar.

Understanding the Consciousness of the Principle of Undiminished Giving

Discourse — January 2, 2019

You will not truly understand what it means to generate Love if you do not understand the principle of Undiminished Giving. This is more than just the sense of Divine Abundance, it is use of the Limitless Power of the I AM Presence. Undiminished Giving gives, but is not permitted to be wasted. There must be productivity and fruitfulness as in the Fifth Secret Ray. It is given because there is a need, a Necessity. In that Consciousness of the I AM Presence there is an utter lack of neediness, but it is so full it must give. The nature of the Great I AM and of the Presence is a Limitless Power, an outflow just limitless in its capacity to give

forth Good to every part of life. The One and The Good give this Limitless Undiminished Giving of themselves. That givingness of Self we call the activity of Love.

The Importance of the Christ Virtue of Constancy
Archangel Shaddiel — January 2, 2019

Archangel Shaddiel offers you the opportunity to adopt a new perspective of life for yourself, drawing upon the help and assistance of the Archangels and Archeiai for the anchoring of your Victory! As the Archangel of the Fifth Secret Ray of Constancy, he schools you on this Christ Virtue, as well as on other important areas that you must grasp. Archangel Shaddiel teaches what is needed to truly take dominion over the Realms, to have your mind receive Divine Direction and galvanize the Divine Mind of God and to have the wherewithal to accomplish the necessities of life. We accomplish Good by the Divine Stream of the Consciousness of God, which nourishes High Ideals and allows us to be in the flow of the Will of God to prime the pump for the Sustenance of God. Have the Divine Outpouring of your Destiny take hold of your life, have the Authority to draw upon all of the Elemental Forces of Nature to fulfill your Fiery Destiny and magnify all that you require and desire, and to actualize all that your Presence has dreamed of for you!

***It is Your Responsibility to Become What
You Have Been Taught***

Lord Maha Chohan — January 2, 2019

You are ready to be accelerated to the next level, to receive the new Dispensation of receiving the Fullness of the Mind of God, and you are responsible for nurturing that which you receive. The Lord Maha Chohan entrusts you with powerful, fully detailed instruction concerning your interaction with your own Heart Flame to facilitate your acceleration. Your Heart Flame

is the seat of Authority established in your outer vehicles by your Presence. It enables you to train and hone your vehicles, to accomplish the disciplines necessary to maintain the vibration of your Christhood in those vehicles. Allow your Heart Flame to take command. Allow it to meet the Teachings, to meet the Ascended Masters' Consciousness and have the full Charge of your Mighty I AM Presence established for you. Only your Heart Flame can really be responsible for stilling the voices of unreality of the outer mind to allow the momentums of the Mind of God to come forth. Put anything that is stifling your Heart Flame into the Violet Flame. Go through the eye of the needle and see what God has in store for you! You will not be disappointed.

The Nature and Action of the Threefold Flame of the Heart
Discourse — January 3, 2019.

The Mighty I AM Presence within the Electronic Body, as well as the Ascended Masters, cannot intrude upon the outer self without an invitation. The invitation includes your co-measurement, your understanding of the Heart Flame in the Electronic Body and in the Great God Flame. You are opening your consciousness, your Heart's devotion, your identification with your Mighty I AM, so you can open yourself up to the Heart of your Mighty I AM Presence. In the Pattern of the Electronic Body there is the unique Identity of each Mighty I AM Presence shining through. With your free will, you are inviting that action at the level of the Electronic Body to move through your four lower bodies. Then there will be the outpouring or generation of Love, Wisdom and Power. The Divine Incarnation plays out in all the realms. This Heart Flame will burn on forever. It is its own Source. It only needs to be what it is and the Power of that Divine Heart necessarily pours forth. Your job is to aim it, infuse it with God Consciousness, and let it go forth.

Embark Upon the Truth of Your Identity in God
Great Divine Director — January 3, 2019

The Spark of Light in the Threefold Flame upon the Altar of your Heart understands its Identity as consciousness, as reality moving into all of the aspects of life and bringing the very Presence of God. The areas of life you put your attention upon begin to paint a picture of what you have elected to bring into fulfillment. From the inception of the God Flame coming forth and proclaiming I AM, the Flame upon the Altar of your Heart has been directed by the Consciousness of God. Your Mighty I AM Presence knows who it is amidst the drama of life. With the coming of The Temple of The Presence, many Dispensations were granted to bring these Teachings to the public. It is hoped that the Christ Consciousness in many will flourish throughout the Earth. You have to know what is expected of you in this incarnation so you can open the heart and generate Love to permeate the land. Akasha is such a great reservoir for you to draw upon within that Perfection that you have established. When the Manus come forth to assist you, you must be aware that it is a new Dispensation for your lifestream.

Meditation on Love

Lady Master Nada — January 3, 2019

Lady Master Nada holds you in her Heart and guides you in an exercise of opening the Heart and entering Holy Communion in God Love. This can be the beginning of truly feeling the flow of Love, perhaps for the first time. It is not in great striving or force that the greatest Power of God comes forth but in letting go, allowing your consciousness to be seated in a state of Poise, Reverence, Peace, and in Harmony with the Fullness of the Consciousness of your Heart Flame. When you enter into this exercise of opening your own Heart, you realize what a gift it is that your Presence has made available to your own Heart Flame the opportunity to expand and expand, to bathe life in the Love

of your Presence. It is only when the Sons and Daughters of God learn how to draw upon the Love of the Presence that they truly are able to Love unconditionally and to adore God in Life beyond all measure. Let your Love never flag, never be wanting, but giving, caressing life, expanding and generating the Activity of God in the foundation of Love, to the Glory of God!

You Have Been on a Journey Accompanied by Angels

Archangel Chamuel and Archeia Charity — January 4, 2019

Chamuel and Charity stand forth in their full Momentum of God Love and galvanize the Angels into God Direction for the need of the hour. All of the Momentums which you are to receive are carried to you by the most intense God Love. The Angels, at the direction of the Archangels, are assisting the Sons and Daughters of God, who will all find the Teachings of the I AM Faith as you have done. Whether it be the Ruby Fire to cover the Earth or the Comfort Flame of Love or any other God Quality, the unspeakable Power of God can move mountains. It is within your power and ability, having the understanding of the Flame on the Altar of your Heart, to issue the Christ Command to do all that is done by the Angels. Your Heart Flame teaches you how to bring the Pure Light of your Mighty I AM Presence into your outer vehicles, which are not intended to be separate. You are one vehicle in the Consciousness of God.

Stand in the Ruby Fire and Be a Warrior for God

Archangel Agapiel — January 5, 2019

Archangel Agapiel brings you essential guidance on the action and use of the Ruby Ray. This Fire has Consciousness in it and knows itself to be the Fullness of God's Heart. It knows how it is intended to operate. This intense Love of God desires for the Purity of God to be restored as the Divine Outpouring of Divine Love, taking on the Qualities of the natural estate of your

Mighty I AM Presence and for you to master your life with the Commanding Presence of God Love. Begin with the Responsibility for bringing forth such Power, and take Authority for all you issue forth. The Ruby Fire Angels can come close to you, touching your Heart Flame, sealing you in an ovoid, an atmosphere that cannot be encroached upon by any outer force. Let your calls ring out! Let your Heart sing in the Joy, in the Love, and in the Power of God as you stand in the Fullness of the Ruby Fire, accelerating your momentum until you are no longer a shrinking violet! Let the Command of God's Light and Momentum be anchored in the Earth!

Your Acceleration and Advancement on the Path

El Morya — January 5, 2019

It is the Mercy of your God Presence to accelerate in cycles the Momentum of Light you will receive. This Charge of Light requires you to be in alignment with the Flame on the Altar of the Heart, for you are connected to the Mighty I AM Presence by that Flame. Therefore, when your chalice is finely tuned, the Presence can transfer into your mind and spiritual centers all you require. The Flame on the Altar of the Heart is the prime mover and Commanding Presence. The preparation of stepping up your vibration regularly is most important. You must be the Truth of your Identity. Be the Mighty I AM Presence in Action. When your Heart is in that commanding action, you are taking command over time and space and returning in the figure-eight flow to the Heart of God. This is why you came into incarnation. In those moments when you receive a new Momentum of conscious awareness, let the Fullness of the Light saturate through you and carry you into a greater Victory than you thought possible.

El Morya Q&A

El Morya — January 5, 2019

El Morya answers students' questions on communing with their Presence, becoming closer to the Presence, how El Morya became Victorious, how to use the Will of God practically in everyday life, how to navigate a relationship with a relative, and how to remedy a low vibration. He closes by saying that it is necessary to have cycles of unfolding Momentums of God Consciousness, regularly setting in motion great Currents of Momentum of God Identity so that not only the Earth, but the Sons and Daughters of God upon the Earth, may continue to accelerate to their Victory. The Glory of God is all around you! If your third-eye vision were open, you could see the magnificent display of Light, of Angels, of Ascended Masters that attend to the Conclaves and Acropolis Sophias, to all of the Services that are presented at this Altar, the opening up of the Etheric City to ray forth into your consciousness the Light and Momentum of the Temples that are there. Trust in your Mighty I AM Presence! Trust in the Light of God! Trust in the Will of God! And let the Glory of God carry you into the fulfillment of your Victory!

The Freedom of the Great Sabbath Jubilee

Discourse — January 6, 2019

The Sabbath Jubilee was ordained long ago by the Nameless One. As explained by Moses, there would be several cycles of sevens, beginning with each seventh day being designated the Sabbath Day. In addition, every seventh year was set aside as a year in which the land would lie fallow, and after seven times seven years, there was the Great Sabbath year, a year of rest. This was the Divinely Ordained plan working through the Nameless One and Lord Ling. The Ascended Masters are proclaiming the Truths of Cosmic Law, which is an Akashic Current that is forever sounding forth the keynote of God Freedom. We are celebrating

the Service of the members of the Secret Love Star regardless of the discords of mankind because the Mighty I AM Presence and the Heart Flame are worthy to be loved. We look to the Daystar of Destiny as the promise of the Victory of the Ascension. We look with anticipation to our Victory in the Light and find it within ourselves to be magnanimous to every part of life.

Remember the Earth is the Lord's and Victory Is Assured
Sanat Kumara — January 6, 2019

The Radiance of all the Holy Kumaras is pouring forth to the Earth a Momentum of the Secret Love Star that will hold the Earth fixed in a stream of consciousness that will allow for the acceleration of more lifestreams who desire to know God and to expand their opportunity to live a life that gives them the Freedom to be the Presence of God. For there to be an overcoming of darkness, there must be the initiates on the Path who will proclaim their Victory and the Victory of all the Flames of God. For you to truly ring the Liberty Bell of your own consciousness and have the Intonation of Akasha available to you, there must be a clarity of mind, Peace, Harmony and unconditional Love. These are glorious times when many Victories are being won. Many are absorbing the Light. But that could not be established without the Ascended Masters. You must welcome the Light into your midst and hold it dear for it to have benefit in your life.

The Ensouling of the Four Lower Bodies by the Heart Flame
Discourse — January 7, 2019

It is the plan of the Heart Flame to expand from within-out into all the planes of the lower vehicles, filling them with the Light of God. The Needle Rays of Light and Life will pierce every atom, cell, and electron of the physical body. This unfoldment of the Godhead which is already within us is achievable and the goal is a complete state of God Consciousness. The Path to the Ascension

is the facilitation of mastery over all of the elements. All of the Qualities and Attributes of the Godhead — the Five Secret Ray Virtues, the Seven Ray Qualities — unfold in the externalization of that which the God Presence is within itself. In the Resurrection and Ascension, the Crystal Cord is accelerated more intensely to draw all that has been externalized up into the Mighty I AM Presence. God Love and God Control always come forth through the Heart. The Threefold Flame must transmit Power for action to take place in the physical world. Through the Heart Flame, the Consciousness of the Godhead is transferred through the vehicles of emotion, mind, memory and physical.

You Have Learned How to Enter into the Stream of God Consciousness

Maha Archangel Purusha — January 7, 2019

A multiplication takes place in the Presence of the Angels, and as you become more acquainted with this Charge of Light, you have a greater understanding of the operation of the Light through your own vehicles of consciousness. All of the testing you experience in a given incarnation reports back to your Mighty I AM Presence the capacity of Light you are capable of holding. This telegraphs to your Presence and the Holy Angels what you are ready for and how they can assist you. The very life entrusted to the Threefold Flame of the Heart requires the Presence of God. Your outer vehicles would simply wither away and be no more, as would the Earth, if there was not the charge of God's Consciousness upon the Elemental Forces of Nature. Your Flame has expanded sufficiently to know that the very Presence of God, wisely and correctly used, can bring forth the Christ Light in all of your vehicles. Visualize the Dispensation from the Secret Love Star as the trumpeting of that Momentum being held and carried forth by the body consciousness of the Angelic Kingdom and reinforced by the *Entire Spirit of the Brotherhood of Light*.
