Summoning the Oriflamme Chalice™

Easter Conference 2017

The Dispensation of the Oriflamme Chalice™ Discourse — April 12, 2017

This Conclave is a complete immersion in the 3rd Secret Ray, the action of Divine Love and Sacrifice, and is consecrated to your training and investiture in the Office of Priest and Priestess of the Sacred Fire. The *Oriflamme Chalice* Dispensation is the greatest tool for the Golden Age entrusted into your keeping, and the *Shekhinah Pillar™*, called forth by you in the Cosmic Christ Command, is the open door to the Ascended Master Octave pouring forth to the earth plane. Grasp the key differences and similarities between the public Activity of The Temple of The Presence and that of the Mosaic Dispensation. The work you are now involved in is calling down from God on High the action of the Angelic Hosts and Ascended Masters, but also addressing directly the Presence of God Almighty. Learn why your free will election to make your Ascension is a rule changer for you, and hear key teaching on the essential attitude and attunement required for you to operate the Ruby Fire successfully.

Your Calling as a Priest and Priestess of the Sacred Fire
The Great Divine Director — April 12, 2017

The Great Divine Director, Manu of the seventh root race, wishes you to gain the fullness of your opportunity! The Patterns of God Identity that you internalize and the Light that you anchor when you stand at your altar vested in the Charge of Light of your own Mighty I AM Presence establishes an Eternal Momentum of God's Light on the planet that will not be eroded away. Put on the Garment of the Christ that you need to be victorious, get to know your Heart Flame, embrace your God Identity. Thus, you will discern truly the vibration that you are in; Purity, Harmony, and Peace are requirements for your Holy Christ Presence to overshadow you all your days. Take up the work of the Priest and Priestess of the Sacred Fire; invoke the *Shekhinah Pillar*, feel and understand the action of the *Oriflamme Chalice* and the Consciousness behind it. Call forth the Light with Constancy in the flow of God!

Encounters with the God of Very Gods
Discourse — April 13, 2017

Vow to yourself to hold to this axiom: if it is not happening in the Consciousness of God, it is not real and has no power. Then don't give it any power whatsoever! The Teachings of the Ascended Masters support the unapologetic denial of appearances that are less than Perfection. As you put the Presence of God in the place of that imperfection, you affirm what is true all the way down to the physical plane. The Presence of God should be understood to be everywhere present. Every time something less than the standard of your I AM Presence and the Ascended Master Consciousness announces itself to you, call to the Ascended Master you trust most. Remain profoundly indifferent towards imperfection, because attraction or repulsion is an admission of the condition being real. You say, "Beloved Mighty I AM Presence, direct your attention into this condition!"

Let Your Heart be on Fire in the Service of God!

Archangel Zadkiel — April 13, 2017

Avail yourself of these detailed instructions on making calls at your altar in the Divine Outpouring of the Ruby Ray, Violet Flame, and Emerald Ray. First attune with the Mighty I AM Presence, calling on the Angelic and Ascended Hosts, then put those things in the forefront of your consciousness into the Flame. Call all that is lawful in your being and world to go into the Flame. Finally, allow the Fullness of God Love to flow through you to touch all of life. Use the Ruby Fire for anything you have wrestled with time and again. Being so saturated with the Momentums of God Qualities and the Virtues of the Christ that you can wield those Qualities on the instant is true adeptship. When you are called home at the end of this embodiment you will see what a tipping point this opportunity has been! Beloved Zadkiel urges you to pay full attention to the upcoming Class instruction as to what to put your attention on when you go to the altar as a Priest and Priestess of the Sacred Fire.

Invoke the Ruby Fire — the Work of the Ages!

Saint Germain — April 13, 2017

Saint Germain invites you to reflect upon the opportunity available to you right now. To walk in the hallowed halls of The Temple and commune with the Masters, to not only engage with the Light but to call it forth, that is the opportunity! It is time to expand your awareness to include the whole Earth and all thereon. You are making a turn now and grasping the Attainment and Mastery needed for your Victory. You have touched the Flame of God and communed with the Ascended Masters. That should encourage you. Consider how far you have come since feeling the Flame of God and gaining the understanding that there was a plan from the beginning. You are that plan. Indulgence and excuses are not acceptable, nor should you limit what your Presence is capable of! Saint Germain asks that

you surrender your all to your Presence and allow for the *Oriflamme Chalice* to pour forth over its rim the Divine Ruby Action. With the coming of the Dispensation of the *Oriflamme Chalice* you can bring divine change through the Will of God and consume all that is opposed to that Will. Your reward will be the Ascension.

The Glorious Action of the Oriflamme Chalice

Discourse — April 14, 2017

A Dispensation is a grace, a Mercy of the Law. It is an investment of God Life, Light, and Love. Some Dispensations relate only to individuals, and some are worldwide — such as new world religions. Dispensations have included: the Maxin Light; the knowledge and use of the Violet Flame; the sponsorship of Anointed Representatives; the Theosophical Society; The Temple of The Presence; Golden Helicon; the various elements of the *Shekhinah Pillar*; and now, the *Oriflamme Chalice*, which enlists the Power of the Solar Devas acting under the direction of the Elohim. The Golden Earth, the Perfection of our planetary home, is lowered safely within this *Oriflamme Chalice* to re-establish the Divine Patterns within the mind of mankind. The *Oriflamme Chalice* is an instrument of immense Power. It must be used with utter Harmony, Compassion, and Love in the Virtue of Sacrifice.

All is an Opportunity to Love God, to be of Service to God

Lady Master Nada — April 14, 2017

As Beloved Nada releases the spiraling action of the Ruby Fire from the very Heart of God, allow it to consume unreality, catch you up, and help you to surrender all to your Mighty I AM Presence. Invoking the Ruby Fire first requires that you stand fully in unconditional Love. All Ascended Masters, including the recently Ascended Elizabeth Brookhart, mastered this before they ascended. This will ensure no negativity returns into your world. While Beloved

Nada reports all you have already achieved, she urges you to value every new opportunity to enter into the Heart of your God Presence, to have the Charge of Light come over you to vivify the cells of your body! It could be the tipping point for your Presence to have the Victory! How blessed you are to know of your Mighty I AM Presence, more so than those given great missions or wealth. Run to grasp and understand every Dispensation! Trust your Presence! Your Presence is trusting you with the Glory of God!

The Role of the Angels and the Threefold Flame

Discourse — April 14, 2017

For most students on the Path, mastery of their feeling world is most challenging. The Angelic Hosts can be your heartfelt companions. It is the Divine Plan for the Angels to stand within your four lower bodies and transfer their Qualities into your feeling world so that you can receive the additional Momentum that they can bring into your forcefield. As many Angels as are needed to help you overcome will stand within your aura. When your Heart Flame can command stillness and Harmony, reasserting its God Dominion over your feelings, you will have won the greatest of all initiations. You can look to your I AM Presence as the Fountainhead of Divine Love that takes charge of your feeling world. You have the Authority to send the All-Consuming Love of God to encompass the Heart Flames of mankind. Make the Call and let the Light do its work!

Become the Teaching and Call Forth the Ruby Fire!

Archangel Chamuel — April 14, 2017

Archangel Chamuel brings forth a Great Dispensation of the Ruby Fire from the Heart of God in the Great Central Sun and begins an action of the Ruby Fire going into the Earth. This Dispensation gives you all you require in your spiritual centers to stand in this Fire and convey the Light of God. By immersing yourself in the Consciousness

of the Angels and acting as Priest and Priestess of the Sacred Fire, your calls to the Ruby Fire will produce an immediate response. Misuse of the Ruby Fire would make great karma; therefore, you must have internalized the teaching on Cosmic Law and become that teaching. Going to the Retreats at night you will receive more instruction, and the Angels are here to help you raise your consciousness and vibration. You are establishing a Momentum of the pure Essence of God Love to go forth to consume negativity layer by layer. Your responsibility is to respond to the direction of God, to be a pure chalice, no longer being timid. You are the Mighty I AM Presence!

The Redeeming Powers of the Ruby Fire

Discourse — April 15, 2017

Torch Bearers are called to invoke the full outpouring of the Ruby Fire to manifest on a cosmic scale, encompassing the Earth. Wherever the Heart Flames of the Sons and Daughters of God are assailed through superstition or peril, the Solar Devas, the cherubim, the *Oriflamme Chalice*, and the *Shekhinah Pillar* will fly to their side. The service that you give by calling forth the Ruby Ray is to siphon off the overburden of discord in the mental and emotional planes before it can rupture through as cataclysm. The Ruby Fire is the most intense concentration of God's Love that will pursue wherever those conditions have their causes and cores. As the Ruby Fire acts in your own life, let things go and do not return into old momentums of doubt or fear. It takes Courage to focus that Fire.

Be a Chalice of Ruby Fire

Lord Maitreya — April 15, 2017

Lord Maitreya brings initiation in the Communion with your God Presence, in the action of the Threefold Flame of the Heart and the release of the Ruby Fire of God Love accelerating your vehicles of consciousness to prepare you for the next initiation. In this wonderfully

definitive Dictation, Lord Maitreya describes the process of initiation as an acceleration and stepping up of the Light in your vehicles, a moving beyond the status quo in terms of vibration, a new awareness and expanded horizons. This lifetime has seen a great initiation for students in comparison to the Mystery Schools of old because of the teaching coming forth on the Heart Flame. Lord Maitreya encourages you to prepare to receive these increased initiations of Light by increasing your Violet Flame momentum and developing God Poise. Describing in detail how your bodies may feel as the Light is increased, Lord Maitreya explains the importance of allowing the Light to flow through the vehicles. Cook in the Flame! The increase of Light will give God Vision and will accelerate your spiritual centers. What will change with the next initiation and cycle?

The Omnipresence of God

Discourse — April 16, 2017

The Solar Devas work in cooperation with the Elohim to produce the precise action of the *Oriflamme Chalice*. This action will be magnified when you understand that the Presence of God is truly present everywhere, despite appearances in this outer world of form. When you issue the I AM decree, God's Omnipresence responds to that Call. The Lords of Karma recognize that the Sons and Daughters of God are entangled with the world's karmic conditions. The Hand of God, through your Calls, stays those conditions so there can be an unraveling of the discord without harming the good. It is the Divine Intent that the Great I AM hear the Decree and answer personally. The last place where Victory has to be won is in the emotional realm. Your feelings need to be engaged by your Threefold Flame so that you can have the Power of God stepped down. This God Power has to come through your mind and emotions.

Come into the Fullness of your Christhood

Jesus — April 16, 2017

Our World Teacher brings the Charge of Illumination to consume the dross clouding the consciousness and highlights the urgency of grasping your opportunity here and now. Consider the ticking of the clock as a hammer driving more negativity into the Earth! The Angels are waiting for your calls, and there is a need for daily regularity of invocation. Understand that humanly you cannot deal with the downward cycles, but when you actively engage in service at the altar, the Life Force of God lifts you above all concerns and brings the answer. When calling to the Ruby Fire your heart immediately responds, “Yea, I AM here, it will be done.” Do not wait nor expect others to do it for you, for that will be the human beguiling you. Don’t accept it! And when Illumination’s Flame begins to flow and the Fire of God begins to consume the dross, then there is new opportunity for a lifestream, a new awareness of God that has not been embraced before. When the Ruby Fire descends into your vehicles, you will be so grateful to God for your training, disciplines, and striving! It will have all been most worth it.

Allow for Your Mastery to Come to the Fore

Lord Krishna — April 16, 2017

Lord Krishna entreats you into the White Fire of the Mother Light, activating the Resurrection Flame in your life so that the Fires of Purification will course through your vehicles of consciousness. There within the White Fire you will have the Charge of God that will purify the core of your being, allowing you to have the pure intent of the Heart as you enter into the Rituals of the *Oriflamme Chalice*. Lord Krishna cautions you to enter into the invocation of the Ruby Ray with the full Wisdom of the Mind of God, so there is not the misuse of the Light overlaid with malintent, for therein great karma can ensue.

You are called to invoke the *Oriflamme Chalice*, to be an adept of the Fires of God. For who else can the Brotherhood count on to make a difference in the Earth?

Solar Lords *of the* *Oriflamme Devas*

Easter Acropolis Sophia 2017

Hold to the Ascended Master Consciousness of Divine Perfection **Discourse — April 17, 2017**

The Solar Devas are elemental beings who do not become burdened by human thought and feeling. The term “Solar Deva” refers to Elemental Life operating in the great Buddhic Plane of the Cosmic Christ Consciousness, as well in the Akashic Realm. The Solar Devas are always under the Cosmic Christ Command of Ascended Masters and Cosmic Beings. These Elemental Beings perform their Service and move into action only when divinely directed, commanded by the Authority of an Ascended One. They are Builders of Form, very involved in the fashioning of higher matter. Some Solar Devas not only fashion the cup that is the form, but become the Divine Expression of God’s Spirit filling that form. Saint Germain’s personal experiences from his life as Proclus and from one other unknown embodiment provide an example of the importance of holding to the Patterns of Divine Perfection.

Attune to your Heart and Embody Illumination's Flame

Lord Lanto — April 17, 2017

Beloved Lord Lanto bathes you in Illumination's Flame as he treats you to the Wisdom of the Ages. This beautiful Dictation gives essential instruction concerning Illumination's Flame. You are meant to bring forth the Radiance of the Mind of God from your heart. To do this the heart must be open and the Heart Flame must be free to express itself. Your heart is being prepared to be responsible for the Ruby Fire coming from the *Oriflamme Chalice*! Being caught up in the minutiae of daily living makes this difficult, as does the tendency of the human mind to think you are separate from your Divine Self. Illumination's Flame is far more powerful than the human will! It is the Higher Vehicles that demand the outer vehicles to come into alignment, and to do this the Heart must be breathing in and out with God Love. Learn how the Mind of God is the foundation of all that comes forth from the Great Central Sun and comes forth ahead of the Ruby Fire. Knowing when, where, how, and the dimension of flow is the work of Illumination's Flame.

The Limitless Power of Your Presence

Discourse — April 18, 2017

There are no limitations for your Mighty I AM Presence. Your Presence is able to produce and send forth limitless actions of the Light into world conditions and into your own life simultaneously. It will hold those Rays fixed where they are directed, however long it takes for them to accomplish their work. When the Presence comes forth, it is Supra-full, a blazing Outpouring of God The One. Your Presence has elected to unfold the totality of its own inherent being of Love, Light, and Life here as the outermost outpost of that Presence,

unfolding and cultivating the Seven Rays and the Five Secret Rays. Elevate your four lower bodies as a grail for your I AM Presence and for the Brotherhood, saying, “You may use my upraised consciousness as the Authority and conduit to leverage your Limitless Power and bring it to bear wherever it is needed across the Earth.”

This is the Greatest Opportunity of your Embodiment!

Zarathustra — April 18, 2017

Beloved Zarathustra comes with fiery words to awaken you to the great opportunity you are now receiving to grasp the awareness of your Mighty I AM Presence. He surrounds you with the Charge of Light so you might have your Victory here and now. You have been prepared. You have the God-given talent of calling forth the Light at your altar. To have the Fullness of the Charge of the Rays of God at your Christ Command you must allow your Heart Flame to spiral at will into the Fullness of the Identity of the Presence. The Masters are looking to you who are tutored in the Word, who speak in the name God I AM, to anchor Patterns of God Identity, to enlighten those who are responsible for making wise decisions. Sharpen your swords! Do not settle or procrastinate! That is the death of an adept! Ignite the *Shekhinah Pillar* and be the *Oriflamme Chalice*, establishing the Ruby Fire and allowing the Flame on the Altar of your Heart to become the Chalice. When you truly do this, you will be performing the Work of the Lord, turning the tide to establish the Love of the One here on Earth.

You Are the Open Door to the Presence of God

Discourse — April 18, 2017

When the *Oriflamme Chalice* consumes all that is not of the Light, there will not be any vacuum remaining to cause a backlash to those who invoke that Light. Wherever the *Shekhinah Pillar* is invoked you have a guardian wall, a bulwark of protection. The Legions of the Lords of the Praetorian Hosts are encamped about, directing their Light both inward and outward. The completion of the *Shekhinah Pillar* in the Temple of Light's Victory represents the coming forth of the Golden Age. Wherever you send it throughout the world, God will raise up this Pillar of Fire. The time will come when you will pass through the nexus of the Realm of the Great Central Sun and enter into the Realm of The One and The Good, experiencing the Causeless Cause of all, and you will want that experience to last forever. You are the open door to the Realms of Eternity and Coming-to-Be.

Come to the Temple of the Pharos of Hierarchy

Maha Chohan — May 14, 2017

The Maha Chohan stands upon the high step leading to the Pharos of Hierarchy and welcomes you to come and enter into the study of Cosmic Law with each of the Chohans. He entreats you to allow your consciousness to soar with the Chohans to assist you in taking dominion over the elemental forces of nature by the Christ Command of the Heart Flame. Sit with these Ascended Masters and work with them on their specific Ray of God Consciousness; enter into a course of study with them so that you receive the training that you require to be victorious over the necessities of life. With this Dispensation you will begin to appreciate just how close the Ascended Masters are and their desire to assist you.

Enter into the Flow of the Presence of God

Hercules — April 19, 2017

Mighty Hercules draws you into the current of the Will of God. He explains the importance of entering into the flow of God. You have the ability to move within these great currents and be treated by the Perfection of the Mind of God. Engaging in the work of the *Oriflamme Chalice* will accelerate your Mastery and Attainment. You will want to have your attention galvanized to your Mighty I AM Presence and enter into the flow of the Oriflamme Devas. Be aware of the Mind of God elevating your consciousness, the Charge of your Christhood surrounding your consciousness in the White Fire of the Mother Light, and the Ruby Fire that will surround you as you call forth the Charge of the *Oriflamme Chalice* and invoke the Presence of God. It all requires the knitting together of the Flame of the Heart in the Will of God.

How to Work with and Become the Light of God

Goddess of Light — April 19, 2017

The Goddess of Light teaches that if the Light is to be transferred into your vehicles of consciousness, the bodies must be receptive to the Light. You will want to accelerate the vibration of your vehicles, to purify them, to keep them clean, rested, refreshed, and renewed as you daily give glory to God and drink in the Substance of God Consciousness that brings the Light into these outer vehicles. Then you have clarity of vision, for you are able to see exactly what it is that you desire to accomplish. This is important because if you do not know what it is you desire to accomplish, how will the universe know what to give you back? There must be more than ordinary pressure of the Mind of God as Illumination's Flame within your world. Mark well that what you learn is for the highest use of the Mighty I AM Presence.

To Know the Presence of God, You Must Touch It
Zeus and Tara — April 20, 2017

You are learning how to move within the currents of the Pranic Breaths prepared for you to convey the Light and Momentum of the Fire of God. You have the opportunity to stand in the Light of God, to draw it forth, and to allow that Light to change your life. It is not enough to do the work of your Presence solely for your own benefit, for the Heart of God desires to expand the Light of God into life all about you. When you elect to call forth the *Oriflamme Chalice*, you can be sure that the full resonance of the *Shekhinah Pillar* in all of its glory will be anchoring its support and Momentum behind you for the completion of all that you are endeavoring to accomplish. The Light will always win when the faithful servants of God stand as a Pillar of Fire and perform their Perfect Work.

God's All-Consuming Love
Discourse — April 21, 2017

When all of your four lower bodies are truly under the God Control of your Mighty I AM Presence, you are on the way to your Freedom and your Mastery, because it means that the Power of the Presence can safely be shepherded through the four lower bodies. This is a path of Love in all of its many attributes, and the Attainment of the Ascension can only be won when Love is the only power and force that is used. Training in the use of the Light Rays includes being acquainted with the Consciousness of your Mighty I AM Presence, because that is the very Light and Consciousness that needs to be stepped down. In your Beloved Mighty I AM Presence there is the knowledge of Perfection and the certitude of the Victory of the Ascension and of all things good, including the Providential Knowledge of the Perfection of planet Earth.

Call Forth the Action of the Oriflamme Chalice!

Rose of Light — April 21, 2017

The Chohan of the Third Pranic Breath of the Ruby Fire beseeches you to galvanize your consciousness within the Heart of your own Presence, draw upon that Love of God, be the Heart of the Ruby Fire, and perform the Rituals of the *Oriflamme Chalice*. You have the Heart Flame that resembles that of the rose. You are called to sacrifice that Heart Flame upon the altar of life. The Rose of Light instructs you on how to know when you have entered into an action of the *Oriflamme Chalice* and engaged in the Light of God. The initiations you receive on the Third Secret Ray allow you to gain greater Courage and recognize the depths of your Identity in God. As you are learning to put on the Ruby Fire, come to Rose of Light's Retreat. Call upon her Flame to give you the Courage to stand in the Fire.

Your Heart Has All You Require to Fulfill God's Will

El Morya — April 21, 2017

El Morya draws your consciousness back to the Flame upon the Altar of your Heart. This is the very Source of all that you require to fulfill the Will of God. When you enter the Fullness of your Heart, you know El Morya's Heart. The Will of God requires the wise use of all of the Rays of God Consciousness. You must have the razor's edge consciousness keenly fixed upon the details of your life. Hold fast to the vibration of Harmony and Peace — the deep Peace required to fulfill every alchemy of your Presence. When you put your attention upon the Presence and do not allow for any distractions, this is training. This is disciplining your outer vehicles. El Morya commends you to continue your journey in the pursuit of the Mastery of all that you are learning.

Acknowledge the One Presence and Claim it as Your Own
Discourse — April 22, 2017

Monroe Shearer introduces and explains the Ruby Ray triptych. The Ruby Ray action of the *Oriflamme Chalice* is a living grail of the condensed Liquid Light of the All-Consuming Love of the Presence going forth. He then relates some episodes from Carolyn Shearer's encounters and training with the Ascended Masters, attesting that she is the most loving, compassionate, and patient lifestream that you could ever want and that your personal connection with her Heart Flame is profound. Instruction is given on the Light and Sound Rays and the Service of Immaculata. If you can understand that Truth, Perfection, Life, Youth, Beauty, Magnificence all already exist, it is a small matter for the Presence of God to take what has always been, to unite with it through the Golden Chain in the Threefold Flame, and decree it should come to be in the realm of manifestation.

Stand in the Light of God to Make a Difference for the Earth
El Samyam — April 22, 2017

El Samyam invites you to come to his Retreat to receive instruction on the Ruby Fire. The Fires of the Heart of God move through currents of Light and Momentum of the Pranic Breaths so that the Hand of God may move in the land, building into the fabric of life more of the form and formless Nature of God in the Perfection that is required. The Ruby Fire is most important to your ability to more quickly excel on the Path of your Mastery and to resolve many of the situations upon the Earth that require the attention of the Ruby Fire and *Oriflamme Chalice* at this very moment. You cannot wait to become an Ascended Master to draw forth the currents of the Light. You begin where you are, knowing that with each invocation, with each acceleration of the Fires of your Heart, you are building upon your own Mastery that eventually will result in the full Victory, and you will stand as a Pillar of Fire.

The Oriflamme is the Grail Chalice

Discourse — April 23, 2017

We revere the *Oriflamme Chalice* as the Holy Oriflamme Grail Consciousness, containing within it the condensation of the compassionate Love of God for all of life in this world. It is the Holy Grail Chalice from the Great I AM, from the Heart of the Presence of God Almighty, Love condensed in the utter givingness of the selfless Sacrifice that flows forth into this system of worlds and returns back to the dynamo of the Heart of the Presence. The compassionate Love of God expressing through the *Oriflamme Chalice* is willing to disassemble and completely forget every creation that is unlike its own nature. We must use the *Oriflamme Chalice* with an absolute sense of kindness and harmlessness to every part of life. Every bit of Love is sent forth with that Ruby Ray Action and the directing intelligence of the Mind of God working through that Love.

Expand Your Own Illumination's Flame

Apollo — April 23, 2017

To anchor the Ruby Fire of the *Oriflamme Chalice* requires Wisdom. What vestments of Christhood have you donned? Have you been able to stand in the full release of the White Fire of the Mother Flame? To be filled with the overwhelming Love of God, to come into alignment with the Will of God, that is the Mastery required. As quickly as your attention goes to your Christ Mind, you see that suddenly you have command of the Light, because you are living more and more the life of your Holy Christ Presence as it is intended to be. As an initiate on the path to your Ascension, you understand the importance of every moment of every day. You cannot waste one erg of energy. Apollo urges you on to the further exploration and expansion of your own Illumination's Flame, so you can have wise use of all that God is giving you.

Enter Into the Oriflamme Chalice

Kronos — April 23, 2017

The Elohim Kronos instructs that there must be Lightbearers in the Earth who issue the Conscious Cosmic Christ Command, calling for the Light of God to consume all that is impure and for the reestablishing once more of the Patterns of God Identity. You have the ability to perform this. Your consciousness must be filled with the Light of God, with Harmony, knitting together your spiritual centers so as to be the Christ Light where you are. Stand in the fullness of your Christhood and allow Illumination's Flame to knit together your consciousness with the Buddhic Web so there can be only that which is perfect and whole in the very Presence of God. Allow Illumination's Flame to burn brightly so that when you call forth that Ruby Fire you will move mountains of adversity for all the Sons and Daughters of God. Allow your Causal Body Momentum to come to the fore and gain in mastery each time you render the call.

Accelerate in the Action of the Secret Love Star!

Lady Master Venus — April 30, 2017

Lady Master Venus reminds you that when you are seated within the Flame of God, life all about you is nourished and you make the difference. As you partake of the action of the Secret Love Star and all of the Dispensations granted in this time and cycle, you are required to have a greater stamina, Courage, and striving to keep on in the Divine Direction that your Presence has chosen for you. Be about your work of fulfilling your Divine Plan, gaining your Mastery and Attainment. Be grateful for the challenge. Run to greet the opportunity to grasp new initiations and cycles. Holding fast to the Identity of who you truly are gives you the Courage and Strength to go through any test, any initiation, and any refinement of the Refiner's Fire. Run to greet the Flame of God!

The Teaching of the Violet Flame Is Absolutely Important
Elohim Arcturus — May 7, 2017

Each day there is new opportunity afforded by the Mercy of God, by the Love of God, to overcome lesser states of consciousness. The Elohim Arcturus adjures you to call upon the Presence of God to give you Wisdom and Enlightenment so you can have the clarity of the Vision of God to pursue your way of life in accordance with the Will of God. All should be striving to enter into the Will of God. Let every Son and Daughter of God invoke the Violet Flame and the Flames of God Consciousness, unfurling all of the dimensions of the Qualities of God, as they accelerate their journey toward their Victory of the Ascension! Refine your vehicles of consciousness each day with the Violet Flame and call forth the Ruby Fire to go after those more recalcitrant energies. This is a great Dispensation for this era.
