Sword of Truth: Razor's Edge of the Emerald Ray

Easter Conclave 2018

Carving the Manifestation of Your Presence into Your Life **Discourse — March 28, 2018**

This Class the Ascended Masters seek to elevate your consciousness into your own Beloved Mighty I AM Presence and have you participate in the Transcendence, the exalted God Consciousness of your Presence, lowering its nature into your life. Serapis Bey as Phidias spent nine years on his “Athena Promachos” statue, depicting Pallas Athena in her role as defender, and another eight years on his “Athena Parthenos” statue, depicting her as the virgin maiden. Phidias also spent twelve years attuning with Zeus for his statue. Just as Phidias meditated on Pallas Athena and Zeus and strove to lower the Patterns of their Consciousnesses into this outer world, you are striving to lower the Light, Life, and Love of your own God Presence through your words, conduct, feelings, and thoughts. All of these are to carve the living, breathing manifestation of your Christ Presence and I AM Presence into this world of form to become the be-all and the end-all of your life.

You Are the Flame of God!

Maha Chohan — March 28, 2018

The Maha Chohan inaugurates this Conclave in honor of his Beloved Twin Flame, Pallas Athena, and all who stand in the Fullness of the Truth of Cosmic Law®. He reminds you that *you are the Flame of God!* You are intended to be and expand that Flame throughout the entirety of your incarnation. Stating that life is a series of Initiations, he instructs that just as Odysseus had his lessons, so you have yours. You are the Mighty I AM Presence, the Individualization of God! Holding fast to the God Awareness of who you are is the test for the true Initiate on the Path. Use the

Momentum, the Fire, the Teaching, and the Cosmic Law of your Being to ignite the Ascension in your life. That is a Mighty Work! It takes the full commitment of your life. Your Victory is won by the choices you make, the decisions, the vibration, the Law that you are.

Emulate the Patterns of Perfection in Your Presence

Discourse — March 29, 2018

Your Presence is the initiator of your incarnation, here for the purpose of taking its God Dominion over creation through the Victory of the Ascension in the Light. It is your task to identify with your Presence and the Patterns of Perfection of your own Individual God Identity. Accept the nature of your Presence as already being the accomplished Ascended Master, with all of the Divine Qualities that that entails. You can be inspired by those Patterns, weaving into your outer expression those Ideals of your Presence while transmuting all the lesser patterns in your outer self. Your Presence is the doer, the prime mover, and must do its work from within out through your four lower bodies. Your job is to make the call, to hold the tether of consciousness to your Presence, and to remove from yourself all that is unlike the Perfect Patterns of the Electronic Body of your I AM Presence.

Walking the Steep Path to the Ascension Temple

Serapis Bey — March 29, 2018

Serapis Bey instructs you on what you need to keep in the forefront of your consciousness, even now as you are moving toward the Ascension at the close of this life. You have the Flame of God abiding upon the Altar of your Heart and that is where you take command of your life. Draw forth the *Sword of Truth* of your Identity in God, and allow your Victory to begin. Call upon the White Fire if you desire to wield the *Razor's Edge Sword of Truth*. There is nothing that any Ascended Master or the Light of your Presence can do for you absent your engagement in that Light — it

must all be done through you, and *through you* is the key. The work begins at your altar and every word is a Cup of Light. Any sense of opposition in your life is an opportunity to prove the Law. Hold the Vision of your Presence fixed in your consciousness as the goal of life and all will be well!

Turning Challenges into God Victory

Discourse — March 29, 2018

Through countless incarnations, individuals fixate on outer appearances and pour their own creative thought and feeling into those appearances, giving them power. Unreality only has power if there is an emotional or mental force pushing it forward. You may think you are contending with worldwide forces, but the real enemy is within your own accumulated records of discord expressing through your memory and feeling worlds. When that accumulated pressure of discord is transmuted, the outer appearance will collapse. So be very firm with your feeling world. Follow the example of your Presence and do not give in to appearances. Train your spiritual vision and attunement to hold to God in Action in the place of every condition. The formula for overcoming is to stay your spiritual course and to practice your calls, along with receiving assistance from the Ascended Masters. As *The Odyssey* illustrates, Pallas Athena is the champion of all who strive toward their Ascension.

Hold Fast to the Emerald Ray and Be God Victorious!

Lady Master Leto — March 29, 2018

Stating that you have much still to achieve, Leto instructs you to stay within the point of center of your being. Necessity's Ray allows you to gain mastery in fulfilling the requirements of your Presence. Many times the maladies that come upon you may be to test whether or not you can draw upon the Truth of your Identity. Learn Patience and the God Quality of Poise to hold the Charge of Light. Learn Mastery of the Will of God, Illumination's

Flame, and unconditional Love to receive the Emerald Ray. Your Presence's intent is for you to be the Christ. Your Presence deserves your full attention, and that primes the pump of a greater Love that it can expand through you. Hold fast to the Emerald Ray so that it will pour forth the Attainment you require to utilize wisely all that God has in store for you. The Light of God will fill your every need, your every desire, if you stay the course and hold fast!

Embracing the Allness of the Truth of Cosmic Law

Discourse — March 30, 2018

The study of the Truth of Cosmic Law bridges the gap for the outer mind between the obstacles of doubt and incredulity and the higher Truths. If you are laboring under a subconscious acceptance of mistaken beliefs, the Law of the Being of your Presence will not be able to act through you to the fullest extent. Forging new pathways of intuition into the higher Realities of God, directed by your Presence, will enable you to see beyond appearances, as Pallas Athena taught Parmenides to do. Then you can annihilate the unreality with the Sword of Truth. As was Parmenides, you can be lifted in consciousness by Pallas Athena to the Great Central Sun. And when you rise further into the Lux Invictus Moment, you will finally realize this Light is the Source of everything spiritual and everything has come forth from that Source.

We Have Won Our Victory — It is Now Your Turn to Win Yours

Saint Germain — March 30, 2018

Saint Germain calls forth the Sword of Truth for this era so that you will not mistake the initiations and opportunities that you are to pass with God Victory at every turn. Recognize and appreciate the Charge of Light that is given to you daily by the Mighty I AM Presence. You have far more Attainment than you

are allowing to come to the fore. Saint Germain once again warns the students of the karmic consequences of gossip, which prevents new Dispensations from coming forth and has caused wars and the collapse of civilizations. Cleanse the palate of worldly tastes so there can be an expansion of Attainment. For you to step into new pathways of Mastery, desired by your Presence for greater Attainment, the Flame of God has to be in command. You are called in this era to be the shining Light of the Christ, to uphold that Light for the Earth.

Your True Relationship with Your Presence

Discourse — March 30, 2018

Saint Germain has said to see your Presence as the Ascended Master within to whom you can talk. The very consciousness looking out from the eyes of the Ancient of Days, Sanat Kumara, is also native to your own Individualized Presence. Esteem your body as the Temple of the most High God. This Conference is an opportunity for you to drink in and absorb the ideas transferred to your Heart Flame by the Masters, to understand and experience the most multifaceted idea and ideal of that Glorious Presence and lower that Presence into your life, just as Serapis Bey lowered the Consciousness of Zeus when he crafted the statue as Phidias. Come and elevate in attunement into the Vision and understanding of your own Individualized Mighty I AM Presence. Monroe reads aloud a detailed prayer to the Presence, given by Saint Germain for you to make your own, returning all power back to the Presence. As you do so, your Presence will bring to you all the abundance you require in your life.

We are Talking About Your Mastery in God!

Cyclopea — March 30, 2018

The Elohim Cyclopea impresses upon you the nature of your purpose and destiny in this life and beyond and what you are intended to achieve. You are to be a living Pillar of Fire so that new

Dispensations can come forth and to brandish the Sword of Truth so all will know the Truth of God is upon the Earth. As you stand in the Holy of Holies making your calls, the Rays of Light from your Presence go forth anywhere in the world, quieting, piercing through confusion, healing the sick and ending wars. That is the Mastery you can achieve! It is time to believe in the Power of the Emerald Ray. Put it to the test and experience a miracle from the calls you have made and you will have a permanent record of that Victory as a guiding Light. You have been to the Retreats of the Masters. Some have held the vision of the desire of their Presence for many lifetimes. When you take up that work it is Bliss and you know you are fulfilling your Divine purpose in life.

You are Called to a Mighty Work

El Morya — March 31, 2018

Receive the acclaim from the Masters for choosing to enter into the spirit of unity of the Allness of God as your Presence does. With the overshadowing of the Holy Christ Presence you have the all-important clarity available, you have the Mind of God available, you are filled with the Divine Attributes of God, you know when to change course. Moving in the Will of God you will bring to the fore perfect gifts to share. As your Heart Flame expands beyond your physical body, it will touch all of God in life. El Morya gives insight into mastering initiations quickly. This Path of Mastery requires perceptivity, the ability to feel, to hear, to be attentive to every Affirmation of God Quality and Virtue. Your calls can be permanently recorded on the God Star Sirius. Connect with the God Consciousness of Surya, Elohim of Akasha, who was a great assistance to El Morya himself.

Liberation from Past Records and Unreality

Discourse — April 1, 2018

Knowing the Truth of Cosmic Law® will bring you God Freedom and liberation from outer, negative experiences. As life

is used to express thoughts, feelings, and desires, it etches patterns and records on the screen of manifestation. Those expressions follow a circulatory route, going out and then returning, etching a pattern in the psyche of the one who sent them forth. These are the records of the not-self whose instincts must be transmuted so the God Presence can take dominion over them. Every time you give decrees, you are invoking the Light of your Presence to take that dominion. The Ascended Masters teach you to view things from the perspective of your Mighty I AM Presence. All of the outer appearances that report imperfection are unreal, because they do not register in the Heart of God. When you say those experiences have no power, you are stating a Truth of Cosmic Law. When you make the calls and are fulfilling the Law, the Masters can lend their full Attainment to your Victory.

Putting the Light into Action is Your Holy Purpose

The Goddess of Light — April 1, 2018

The Goddess of Light suggests that you set your momentum of Light firmly fixed in the swirling action of the Threefold Flame at the beginning of your day. Ask yourself: Can I hold the Fire of the Light of my Presence and be who I AM morning, noon, and night without compromising who I AM? As you move through these planes of consciousness, you must put the Flame of God into active use, operate the Emerald Ray, and hold fast to the Divine Will of all that you have come to accomplish. There is no greater joy than the Joy of God Freedom when you are in the uplifting current of the Flame of God and the Fire of God surges through you. The Goddess of Light teaches that if you invoke the Light at the beginning of each day and stand in that Light, you will have all your Mighty I AM Presence desires for you and would accomplish through you. The Presence you so desire is right upon the Altar of your Heart.

You are Called to Resurrect Life

Beloved Jesus — April 1, 2018

For there to be true Peace, there must be the anchoring of the Light of God in the Earth. When you hold the Fire of your own Mighty I AM Presence focused on lifestreams suffering throughout the Earth, the Holy Angels and Ascended Masters will expand that Fire with their own Momentum. The Emerald Ray will pierce through your thoughts, energy, and momentums and bring them back into the Truth of your Identity. When you couple that Emerald Matrix Momentum with Resurrection's Flame, your vehicles will be refined and brought back into Divine Order. Remember, you are your brother's keeper and it is your Responsibility as the Christ to call forth and be that Light. Let this be for you a day of Resurrection in the Truth of your Identity in God, so you won't miss one day to expand the Light of God and be the Presence where you are.

The Truth of Cosmic Law

Easter Acropolis Sophia 2018

The Importance and Therapeutic Value of Engaging in Cosmic Law

Discourse — April 2, 2018

Just as there is the true Love of Wisdom, there should be the true Love of Cosmic Law. Cosmic Law is the Law of the nature of all Reality. It is operative whether you are aware of it or not. No one, not even Alpha and Omega, can change any principle of Cosmic Law. It is impersonal and will act when *you* apply it, just as when the greatest Cosmic Being applies it. The principles of Cosmic Law are operative and act with absolute precision, and because they are universal, they are impersonal — meaning not personal, not individual. The Law is going to act in every single case, and those Laws are always around us here. When you learn, obey, and embrace these Laws, you find Freedom. And when you understand these principles of Cosmic Law and what is really going on, you are able to focus your consciousness in the right way. You are then able to play your part *consciously* in cooperation with your Presence.

Become a Pillar of Fire Operating in Akasha!

Elohim Surya — April 2, 2017

Surya, Elohim of the First Secret Ray of Akasha, reminds you to hold the pristine Perfection of the Mind of God firmly fixed within each of your vehicles at all times. Guard well Purity in your life. Discipline your vehicles, purifying them with the Violet Flame and refining your palate in keeping with the Light of your Heart. Stand as a Pillar of Fire, making your calls and asking that your calls be expanded. Learn how

to direct your vehicles by the Threefold Flame of your Heart, until you are literally a walking symphony of the Music of the Spheres and your vehicles are ready for the work of your God Presence! Surya hopes that you will realize how close is the Realm of Akasha. Let your calls and the Light that you send forth continue to build your Momentum and that God Good that you invoke will bless not only your lifestream, but the Earth itself!

In the Allness of God You Know the Truth of Your Identity

Lord Maitreya — April 3, 2018

Enter into the deep Peace of the Buddhic Consciousness with Lord Maitreya and know the Allness of God! Describing an Initiation that was given to the Anointed Representative, Lord Maitreya desires you to let go and allow your Presence to establish that same experience for you. Let your consciousness flow into the Allness of God and experience God in all of Life. For everywhere your consciousness touches, there you are — a part of that which you have focused upon. As you move, think, create, and emanate the Light and energy through your spiritual centers, setting up a resonance within your outer vehicles, you take on a greater awareness of the operation of your own Presence *through* your lifestream. Surrender all that you are, all that you ever hope to be. For only then can you truly know who you are in the Presence of God.

Understanding Your Relationship to the Allness of God

Discourse — April 3, 2018

The Allness of God will move into action and fill your need because you are the Authority for that to manifest. When you shift your consciousness to the Presence of God, that Allness of God releases streams of its own Divine Power,

which manifest as various expressions of *God in Action*. When you slough off discord, self-imposed superstitions, and mortal limitations, you become more of the universal expression of the Godhead. So shift the focus of your sense of self — of who you are and where you are — and know “I AM here and I AM there.” As you restore this sense and it becomes more a part of your life, you will realize that wherever you might be, that Allness of God is always available to you. It is always everywhere present and the limitless Power of that Presence can come forth.

The very Presence of God will speak to You if You will Listen!
The Great Divine Director — April 3, 2018

The Beloved Great Divine Director addresses your ability to hear the Voice of God and clarifies what it means to surrender to the Allness of God. Surrender to God does not mean losing your momentum. In the Higher Octaves all the Cosmic Beings know that surrender to The One brings a sharing and expansion of Momentum. It begins with knowing your Identity, knowing Cosmic Law. It requires the willingness to hear and recognize the Voice of God speaking through and to you, to be attentive to the nudges of the Light Rays so you do not miss one visitation or direction. Making this commitment to your Presence and choosing the Will of God means the Rays can work more quickly. Know that the Ascension charges the world and blesses all mankind, and the Ascended Masters and Cosmic Beings want you to call on them to bless your life and family.

Instruction on the Fulfillment of the Necessities of Life
Lady Master Leto — April 4, 2018

Lady Master Leto instructs you on Necessity’s Ray — how you can have instantaneous response to the call of the Emerald Ray and to the fulfillment of necessity within your life,

knowing that the Presence of God has answered your call. Along with refining your vehicles, you must prepare your Chalice of Being to enter into the alchemies of calling forth the Light of God. As you succeed in training your vehicles and you then have a necessity of life, as quickly as you formulate a call within your mind, or even before the call is fashioned, your Presence is already responding. Leto hopes that you will allow her words to be burned upon your mind, saturated into your emotional body, and rehearsed until you have memorized this Teaching. Let this Light and Momentum of the pressure of Necessity's Ray always remind you that the Presence of God can and will fulfill all God Good.

Let your Momentum be Ready to Part Seas of Adversity

Lord Ling — April 4, 2018

Lord Ling tells how, as Moses, he was removed unexpectedly from his early life of opulence into the wilderness, stripped of all he was in the outer. He came to know the Presence of God revealed by the Nameless One in the burning bush. By drawing your attention to this, he reminds you that this Path is one of Mastery and you cannot achieve that by hiding or retreating from engaging in life. Because you know of the Mighty I AM Presence and the Threefold Flame, great Victories are expected of you. You may lead just one lifestream to recognize the Light of God. They will respond to how you bring forth sustenance and part the waters of adversity for your family, home, and country. Lord Ling urges you to believe, to stop wandering in the wilderness, and to bring about the God Freedom of your True Identity in God.

Do Not Give Quarter to Nothingness

Discourse — April 5, 2018

If you want Mastery in this world, you must hold the reins of God Control over your lower vehicles and not permit them to sympathize with physical or emotional disturbances or to revolve anything erupting from the memory body. Until you are able to do this, Light will flow more slowly through your Crystal Cord. There is no commingling of God Perfection with human imperfection. You have to let go of every thought of imperfection and every feeling of imperfection that would ripple through your world, this includes a sense of righteous indignation, injustice, or resentment. There must be unconditional forgiveness and forgetfulness for every actual or perceived assault, personally or globally. Human sympathy must also be eliminated from your consciousness. When you read the record of the Providential Love God has for all the evolutions of life, you will know happiness because you will realize all is well — the Hand of God is at work.

Be ready to fulfill the Law in the Vibration of God Love

Kwan Yin — April 5, 2018

Beloved Kwan Yin releases in-depth instruction on establishing the flow of the Love of God as it pierces through all human conditions, bringing a restoration of all that was intended by the Consciousness of God in the beginning. Step by step, the Goddess of Mercy takes you on a journey with God Love leading the way. Establish the figure-eight flow of Love between you and your Presence first so that Love can flow out to God in all of life, whether it is to another lifestream, the elementals, or an Ascended Master. Feel the great Compassion of this august member of the Karmic Board as she teaches the nature of true Compassion, as opposed to the vibration of sympathy. Let your

consciousness be firmly fixed upon the Love of God and when called, you will be ready to answer in that Love to fulfill the Heart's Desiring of God for the Earth.

Enter the Silence of Your Presence to Manifest Your Alchemies
Mighty Cosmos — April 6, 2018

Mighty Cosmos, Elohim of the Fourth Secret Ray, schools you on working your own alchemies and utilizing Necessity's Ray. He walks you through an exercise in experiencing that glorious Silence in your own Presence, which can be your Reality if you allow your Heart Flame to excel to the conscious awareness of your I AM Presence and enter into that Silence. Necessity's Ray does not allow for a true initiate on the Path to stay comfortable for long. These vehicles of consciousness that you wear must work together to become the Temple of the Most High. If you are to be the Truth of the Cosmic Law of your own Identity in God, then you must refine all of your vehicles, all of your perceptions of life, all of your attitudes, all that you desire — surrendering all to the Presence of God so that you can regularly experience that Silence in the Presence that Mighty Cosmos describes to you.

Stand as the Example of the Light

El Morya — April 6, 2018

El Morya enters into the Heart of your Presence to know what is the desire of your Presence for him to convey to you. You have already been tutored in the Retreats. It is time to put that training to practical application. You have all that you require to fulfill your Divine Destiny. Realize that your Presence has always held the Flame for you. That Flame that burns upon the Altar of your Heart extends into your outer vehicles the Signature Keynote of your own God Presence. You

must train your vehicles by invoking the Flames of God that will course through them. They know the Light, the Consciousness that directs them, and therefore they will hold to those Divine Patterns if you will maintain the vibration that they require to live within. El Morya lowers the Light of the Will of God of your Mighty I AM Presence round about you so that you can feel that Charge and have a greater understanding of the Truth of the Law of your Being.

Morya Night Questions & Answers

El Morya — April 6, 2018

Beloved Master Morya explains how new cycles are initiated in your life. If your Heart is in attunement and flourishing within your consciousness, you will be able to embrace that cycle and engage the Light of your Mighty I AM Presence in the very life that you live. On the subject of other organizations and students, El Morya clarifies that your example in raising up the Light at The Temple of The Presence sends the signal of the Light of God that the Ascended Masters are holding fast to the Truth of Cosmic Law. For healing in the body, you must instill Peace once again and allow for Harmony to return. It is then that you can be bathed in the Healing Currents of the Presence, the Love of the Presence, and the understanding of the Presence. Why be concerned about the unreality and the karmic patterns that still remain in any of the subplanes? You have the tools, the Fire, the Mighty I AM Presence to deal with them.

Understanding What it Means to be a Torch Bearer of The Temple

Discourse — April 7, 2018

What is the commitment of a Torch Bearer? A Torch Bearer desires to build Saint Germain's Golden Age and

recognizes The Temple of The Presence as the Activity sponsored by the Ascended Masters to advance their Divine Plan for the Earth. A Torch Bearer acknowledges that the Brotherhood speaks with one voice, accepts the Anointed Representatives as the Ascended Masters' Messengers empowered to deliver their Discourses and Dictations, acknowledges the Collegia Serapis® as the Office safeguarding the Purity of the Truth of Cosmic Law, and affirms all of the Articles of Faith expressed in the Torch Bearer Affirmations. You are cautioned against signing these Affirmations for the wrong reasons and "Aristotling" the Teachings. A history of The Temple is given including Anointed Representative Monroe Julius Shearer's ordination as a minister in the Summit Lighthouse by Serapis Bey. This included the "laying on of hands," signifying Apostolic Succession. The Mantles he received throughout his time with the Summit Lighthouse were never rescinded.

The Truth of Your Identity as the Mighty I AM Presence
Sophia, Mother of Wisdom — April 7, 2018

To gain the true Wisdom of Cosmic Law requires you to become attuned to your own Mighty I AM Presence as well as your own vehicles of consciousness, for that is the proving ground of what you are learning. The Presence of God desires to be constantly engaged in life. When unreality confronts you, maintain your Peace and Tranquility, calling forth Illumination's Flame and the Mind of God to pierce through that disturbance. You are charged with the Responsibility to hold fast to what you have learned, to the disciplines you have been taught, and to the Charge that comes upon you each time you engage with your Mighty I AM Presence, the Ascended Masters, and the Consciousness of the Light taught from this Altar. Beloved Sophia comes to impart to you her Momentum of Wisdom,

affirming that you can build your foundation upon the Cosmic Law that you receive at this Altar. As the edifice of your Temple is built, it will not crumble, because the foundation is true. It is built upon the Truth of Cosmic Law.

Remember Your Goal and Call Upon the Allness of God

Discourse — April 8, 2018

This week a new level of understanding of the Presence of God has been reached. The Truth of that Law will become your greatest Shield and Sword whereby you may cleave asunder God Reality from the overlay of unreality. This message of God Truth has its roots in the Realm of Eternal Being. These Eternal Truths are correct and authentic and should be embraced by millions of lightbearers as precepts and stepping stones into the Higher Realms of Perfection. If you are earnest about your Path and make your calls in Faith, the Ascended Masters will fly to your side to assist you. Behind all is the Allness of the Presence of God that will fill space in answer to your calls, displacing all the other appearances. The Allness of God can well up everywhere and be the foundation for the Dawning Golden Age of Saint Germain. You, as the Individualization of your Mighty I AM Presence, have the ability to call forth the Allness of God into your life and the world at large.

Stand in the Truth of Cosmic Law and Embody the Golden Age of One

Pallas Athena — April 8, 2018

Pallas Athena is most concerned with what will foster a Golden Age on the Earth. Entertaining patterns of dislike, distrust, hatred, or any form of negativity will not result in your Ascension. If you do not like some part of life, have nothing to do with it; seal yourself in the Light of your Presence and be

about your own business. What matters is what your Mighty I AM Presence is thinking through you, loving and acting through you, and what is the vibration of your countenance. Is it the Vibration of the Christ Light? Is it Bliss and Peace, Joy, Compassion, Harmony, Strength and Courage? Once you have learned to establish a Golden Age of One, you then have the ability to hold those Patterns fixed within your consciousness and to visualize the Rays of your Mighty I AM Presence and the *Entire Spirit of the Brotherhood of Light* going forth to anchor that Golden Age across the Earth.

Fulfill Your Divine Order and Fiery Destiny

Vaivasvata Manu — April 15, 2018

When your Heart Flame comes into embodiment, it knows it is the Son and Daughter of God vested with Purity, Divine Intent, and the Abundance of God Love. Many times you may feel removed from that Divinity, wondering if there is any hope for you. But there is more than just a flicker of hope, for you have a blaze of Fire swirling round about your own Heart Flame, galvanizing you into the Body Consciousness of your own Mighty I AM Presence. Vested in this Radiance, you never lose sight for one moment that you are the Christ, an example to others that you can live a full and joyous life. You have the opportunity to prepare for the Seventh Root Race, which will come forth with a Charge of Light that instantly embodies Purity and invokes the Violet Flame upon the Earth as a final transmutation for the Golden Age. You are building a Momentum of God Consciousness upon the Earth that will receive these glorious lifestreams.
