***Manifest Your Fiery Destiny in the Will of God***

**El Morya — October 4, 2023**

The Blue Flame of God is a powerful Momentum that brings forth all the God Qualities that the Presence of God desires to manifest. This Momentum is sustained by the *Entire Spirit of the Brotherhood of Light* and can hold the balance for the Earth, lifting it above the mass consciousness and leading it to the Golden Age. The Chohan of the First Ray, El Morya, invites you to this Conclave of the Blue Flame of God Power, so you will discover the foundation upon which you can bring forth the Divine Desires that your Presence has placed upon the Altar of your Heart — bringing forth the Will of God, the Creativity, the Illumination, and the Divine Love that allows you to be the Fullness of who you are. When you strive continuously to invite the Holy Christ Presence and the Virtues of the Christ into your life, you prepare the way for your Presence to release the God Qualities to you. Then you are nurtured, tutored, and given the God Vision for your lifestream to fulfill your Fiery Destiny.

## ***I AM a Pillar of The Temple***

**Discourse — October 5, 2023**

One of the necessary foundation stones in the building of The Temple of The Presence is for the Sons and Daughters of God to have the correct understanding of Cosmic Law and to grasp the transcendent Nature of their God Presence. These Truths are being revealed to the modern Western world so they will be embraced with understanding, acceptance, and Illumination. True Illumination comes when the Presence bursts forth upon the Heart as the Golden Plume of the Threefold Flame. Patterns of Divine Perfection can only be manifest in the world when the outer mind is Illumined by the Ray of Golden Light within the Heart — the Light that comes from the Electronic Body of the Individual Mighty I AM Presence. For The Temple of The Presence to thrive, there must be lively Pillars — lifestreams who are mature in their understanding of the Teachings and who are truly devoted to the service of their Presence. The paramount Pathway is for you to be a Chalice that carries the Perfection of Life. As you strive to be a Pillar of The Temple and to hold the Wisdom of the Presence, you can direct your use of the Presence's Power and Life to spread the Teachings far and wide across the face of the Earth.

## ***Let Illumination's Flame Expand Your World***

**Lord Lanto — October 5, 2023**

The surest momentum for your attainment and mastery is to embrace the Mind of God. When the Flame upon the Altar of your Heart resonates with the Truth of God as Divine Wisdom, you have the co-measurement to recognize the Presence of God at work. This is the Divine Momentum you are intended to outpicture so you can elevate your consciousness into the rightful Office of the Holy Christ Presence. When you establish the Vibration of the Light of your Holy Christ Presence and the Chalice is charged, the Mind of God is ready to answer the Call and deal

with the circumstances of life. You cannot imagine what you can accomplish here and now with the assistance of your Presence! Do not put a ceiling upon your ability to rise to higher levels. You can travel all the way to the Great Central Sun and into the Heart of The One! With the Momentum of Illumination's Flame of Lord Lanto, Chohan of the Second Ray, accompanied by Elohim Apollo and Mighty Victory, you are fortified with Light and on your way to the Ascension. When you stand as a Pillar of Fire, a Torch upraised in Illumination's Flame, going through your day in Peace and Harmony, every action is guided by the Presence of God.

***Love is the Selfless Giving of Each I AM Presence  
to All of Life***

**Discourse — October 5, 2023**

***The Ascension Flame and the Dispensation of***  
***“Ascension Daystar”***

**Discourse — October 6, 2023**

On November 8, 1938, in Washington, D.C., Saint Germain gave an address announcing a momentous Dispensation regarding the Ascension. Since time immemorial, drawing up the physical body in the Ascension was a requirement. This meant that the flesh form and the etheric double, together with the emotional, mental, and memory bodies all needed to rise as one through the Initiations of Transfiguration, Resurrection, and Ascension. This was why emphasis was placed on sustaining life in the physical body. Under this new Dispensation, rather than having the necessity of raising

the physical body in its entirety, after the candidate's transition, the Life from the flesh is gleaned and absorbed back into the etheric double with the assistance of the sponsoring Masters. Also, the detaching of the Heart Flame from the etheric double never occurs. That etheric double continues to be part of the fourfold vehicles of consciousness, as the emotional, the mental, and the memory bodies are all retained. So, the subplanes of the earth element are kept and preserved and the candidate can then begin their training and Initiations in the Ascension Temple. At The Temple of The Presence, we celebrate this monumental Dispensation with our Holy Day of "Ascension Daystar."

***Instruction to the Initiate on the Path to the Ascension***  
**Serapis Bey — October 6, 2023**

Serapis Bey, Chohan of the Fourth Ray of Purity, instructs you on living the life of the Christ, the Initiate on the Path to the Ascension. Serapis Bey reveals what will assist you to receive that Invitation to the Ascension from your own Mighty I AM Presence. As Purity allows God's Consciousness into your life moment-by-moment, let Purity's Ray be your disciplinarian! Free yourself from the bondage of your untransmuted karmic patterns by invoking the Violet Flame. Invoke the Light of God, maintain a Pillar of Fire, and establish Purity in your vehicles. When you stand at your altar and receive the Purity of the White Fire of the Mother Light, that White Fire will carry you into Ascension's Flame. Understanding how close your Ascension is and holding Ascension's Victory in the forefront of your consciousness is very important. For when your Ascension is your life's goal, you put the priorities of your life in Divine Order. And as God and your Ascension are put first, you can properly deal with all other necessities in your life with God's Light. Put on the Light as a garment, maintain that Vibration in Harmony and Purity, and hone and fashion the Christ Virtues!

## ***Celebrating the Encounter with Divine Providence, The Great I AM***

## ***The Mighty I AM Presence is Your Daystar of The Ascension***

### **Discourse — October 7, 2023**

The common denominator for most of the Sons and Daughters of God is that they look outside of their own Heart Flame and indwelling God Presence for sustenance and the solution to their problems. Spiritually, they venerate and worship deities to whom they give their faith and power. The first commandment as stated in the King James version of the Bible is: "Thou shalt have no other gods before me." This is the directive that all should look to their own Mighty I AM Presence. The Nature of the Mighty I AM Presence is that it is Self-made, Self-sourced, and Self-Master over

the outer expression of Itself and over all creation. Mankind must reawaken to the fact that their Presence is fully able to meet the needs of all requirements for the outer life, and furthermore will give forth a supra-abundance for the fulfillment of the Divine Plan and for the Blessing to all of Life. That is the only way one is freed to become an Ascended Master. Love God within your Heart and with Gratitude pour forth Love to the Ascended Masters who will always help you address your challenges. If the Masters see you are really relying upon your Presence, it opens the door for them to enter into a closer communion with you.

### ***Let Your Voices Awaken Mankind***

## ***The Law is The Law***

**Discourse — October 10, 2023**

This Discourse aims to rehabilitate your mind, memory, and emotions, enabling these to be more responsive to the Heart Flame in harmony with the Principles of Cosmic Law. Many have challenges accepting the Law. This is usually rooted in incredulity, doubt, fear, and human questioning. These barriers to Truth usurp Crystal Cord Energy, perpetuating a false sense of separation and duality. Understanding this is crucial because *the Law is the Law* — it is Immutable, Real, All-Powerful, inexorable, and Absolute.

You are provided with liberating knowledge: the Truth of Cosmic Law gives you the Scepter of Divine Authority to invoke your Presence into Action, and the Law will work for you as it does for the Ascended Masters. Many glorious Truths are revealed and explored and questions answered that will encourage a spring cleaning of your consciousness addressing topics such as The Great I AM, the Great Central Sun, your Divine Nature, Universal Life, the Conscious Christ Command. Discover that True Divine Knowledge is Power.

### ***The Necessity of Mastering the Pranic Breaths***

**God Tabor — October 10, 2023**

God Tabor, Chohan of the Fifth Secret Ray of the Earth Element, is joined by the Hierarchs Virgo and Pelleur. He instructs you on the importance of mastering the great Pranic Breaths, which come under the Command of the Christ Consciousness, your Threefold Flame, and the Momentum of God. This mastery is necessary to fulfill your Fiery Destiny and manifest God upon Earth! For the Earth is alive, pliable, and moves by its Elemental Force, which responds to the Christ Momentums that you invoke! Learn from the Earth Element by going out in Nature. Meditate upon the Earth. Learn the lessons of Patience, steadfastness, and Constancy that your body will teach you. Purify it, exercise it, and keep it healthy. Remember that you exercise the Christ Command as you discipline your physical vehicle made of the Earth Element. Your life will change when you understand the great Power of God at work and how there can be no resistance when God sends forth the Light. The highest priority is God, and God desires to bless all mankind and Elemental Life. God Tabor invites you to his Retreat so that you may understand how your body temple is teaching you to manifest your Christhood!

## ***Magnify the Emerald Ray to Access the Power of God***

**Leto — October 11, 2023**

As the Chohan of the Fourth Secret Ray, Leto explains that this Ray is much more than the “Necessity Ray.” It is a Divine Outpouring that in conjunction with the Emerald Ray you may anchor within your vehicles so the Christ within you can utilize your Heart’s Threefold Flame to manifest with that Momentum. This Ray, as the Water Element of the Earth, requires Divine Harmony and holding fast to Peace amid the movement of great Power. This discipline is essential for you to master in order to fulfill your Fiery Destiny, helping you realize how to manifest God’s Creation for all that your Presence desires. Leto asks you to pay close attention to Cyclopea and to attend to the Emerald Ray Masters, Archangels, and Archeiai, as well as to her Flame. Give the *Emerald Matrix* Decree frequently to expose the negative momentums and latent energies within you that do not allow you to wisely use the Christ Light entrusted to you. Never forget that it is your I AM Presence at work through your vehicles and that your Presence loves *all* of God! Leto invites you to her Retreat to rehearse with you how you can magnify the Emerald Ray in your life.

## ***The Importance of Adhering to the Truth of Cosmic Law®***

**Discourse — October 12, 2023**

The Truth of Cosmic Law® is of paramount importance and must never be deviated from or distorted in any way. You are empowered by knowing and understanding the Law of the Presence that is inviolate and always operative throughout your world. The true Principles of Cosmic Law liberate your thoughts and feelings to rise in attunement to the heights of your own I AM Presence. But when your attention flows into what *claims* to be a true Teaching

of the Ascended Masters but is not, your mind then amalgamates itself with that error, superstition, or wrong understanding of life, and you become one with it through accepting it. And thereafter, consciously or subconsciously, the limitation that error in your understanding of Cosmic Law has subtly interjected into your world will be a glass ceiling preventing you from soaring into the Higher Octaves. Holding confining ideas about the nature of your Presence will handicap your ability to *be* your I AM Presence in Action, to release your Presence's Power, and to have that Faith in the ability of your Presence to perform the Service that It is able to perform on your behalf. The Truth of Cosmic Law® must be the law you uphold! Meditate upon Cosmic Law.

### ***Your Calls Can Assist Those Caught in Negativity***

#### **Rose of Light — October 12, 2023**

As the Chohan of the Third Secret Ray, whose Keynote is Service to God in Life, the Rose of Light knows the magnificence of God Love. She instructs you on the distillation of God's Love in the Ruby Fire, noting that with one call of great sincerity and intent of your Heart Flame drawing upon the Power and Will of God moving through the Ruby Fire, you can arrest negativity and hatred of the Christ Light on the instant! Rose of Light asks that when you go to your altar daily, remember all the opportunity available to you. And as you recognize the Hierarchs of the Third Secret Ray — Oromasis and Diana, and the Elohim Kronos — you understand the God Power also available to you. But do not misuse this Power! The Third Secret Ray is the Fire Element. Accelerate the Fires of your Heart to accelerate your Service to God in Life! Live the exciting life of the Christ in the glorious Momentum of invoking, establishing, internalizing, and moving through life in the integrity and wholeness of your Holy Christ Presence. And cast every erg of your being into Holy Communion with your God Presence!

## ***Cosmic Law is Simple, Natural, and Logical!***

**Discourse — October 13, 2023**

Cosmic Law is simple, natural, normal, rational, logical, beautiful, and liberating! It is universally applicable to both the Ascended Masters and to you. This Discourse clarifies distortions in ancient wisdom, drawing from original Teachings of Beloved Jesus, Proclus, and Saint Germain to clarify and illumine the Truth. Learn these profound Truths of Cosmic Law, discovering the Christ Presence as the Mighty I AM Presence, your Divine and True Identity. Embracing this understanding becomes a crucial tool for overcoming the emptiness and confusion resulting from accepting false teachings. Recognize the importance of returning Life energy to God by acknowledging your Mighty I AM Presence as the Doer. This Discourse challenges conventional thinking, asserting that Cosmic Law is the Natural Order. Actively aligning with the Ascended Master Way of Life™ will help you to not create negative karma. Empowering yourself to operate within these Laws will be your Path to Liberation and Freedom.

## ***Light the World with the Fire of Your Heart***

**EL Morya — October 13, 2023**

The most important realization for your lifestream is the Truth of your Identity, for that is what invites the Angels to assist you and allows the Chohans to charge your consciousness with *their Consciousness*. You have the whole Kingdom of God available to you. But you must allow the Power of God to protect you by establishing through your Threefold Flame such command that you know exactly what you are to do, to say, and where you are to go. The experiences of your life are opportunities to put on the God Qualities and the Christ Virtues. When the Ascended Masters come and impart the Vibration of these Qualities and Virtues, you feel it resonating upon the Threefold Flame of your Heart, you know it is true, and desire to be the Light of God imparting this Truth to God in Life.

## ***El Morya Q&A***

**October 13, 2023**

The first question to El Morya was regarding the situation in the Middle East. The Master said the Cosmic Councils are doing all they can to protect the innocent, including enlisting the help of all the Archangels and their Legions. Students can visualize the Shekhinah Pillar<sup>®</sup>, in all of its aspects, over the areas of conflict and over the entire world. Visualize, invoke, and be a Chalice for the Light to pour forth. Other questions asked were about remembering experiences in the Retreats, mastering the emotional body, and defining Divine Love. El Morya expressed it as the desire to feel God Love, and to do that, you must love God without reserve. If you feel reticence toward God, invoke the Violet Flame until the barriers between you and your Presence are erased. He also gave instruction on sharing the Path with another and how karma can affect those relationships.

## ***“I AM The WAY” Is the Answer to Every Situation***

**Discourse — October 14, 2023**

The entire Hierarchy of Ascended Masters and Cosmic Beings have testified that your proper role is to esteem yourself as your Mighty I AM Presence in Action. And you are to wholeheartedly enter into that consciousness. It is especially important when exercising Divine Responsibility and Divine Authority. Know and trust that the supreme Authority to release Rays of Light rests within the Eternal Now of your Mighty I AM Presence. When you are faced with challenging circumstances, remember “I AM the Way.” By accepting the Christ Virtue of Responsibility, you are opening the door and liberating your Mighty I AM Presence to release its Light through your chalice to answer the need of the hour. And the key to releasing these Higher Powers is the use of the Name of God, I AM. When you “I AM” a Truth of your Mighty I AM Presence, you are acknowledging that your Presence is Active and you are stating a Truth of Cosmic Law.

## ***Do Not Doubt You Are on the Path to Your Ascension***

**Lanello — October 14, 2023**

Lanello asks what you are willing to engage in with your Mighty I AM Presence to anchor as a Flame of God. You have free will to engage in many endeavors, but are they avenues your Presence desires you to pursue? Are the attainments you desire ones that will fulfill your Fiery Destiny? In your Causal Body Presence are talents and momentums from previous incarnations waiting to be released to enhance your attainment in this incarnation. Attaining your Victory means letting go of all you think you are or hope to be in order to be the Presence of God in Action. Perhaps this is the incarnation your Presence has designated will culminate in your Ascension in the Light. Do not doubt it, for perhaps you entered this incarnation with just one area of mastery remaining to complete. Do not think past lapses in judgment negate the Divine Opportunity before you!

## ***The Transcendence and Power of Individuality and New Shekhinah Pillar Dispensation***

**Discourse — October 15, 2023**

The Anointed Representative® Monroe Julius Shearer explained that the Outpouring of the Secret Love Star, which originates in the Great Central Sun and flows in a caduceus action to the Sun-of-Even-Pressure in the center of the Earth, is part of the Shekhinah Pillar, and constitutes the White Fire Rod Core of Power from which all of the Actions within the Shekhinah Pillar emanate. In addition, the Budhhic Web interconnects all the Actions of the Pillars, creating Ascended Master Walls of Light that reach into the psychic and astral planes, seizing and binding the discord there by the Power of the Great Silence until they can be annihilated. Anchor the Shekhinah Pillar over the National Capital, State Capital, and County Seats in America and then extend the same to every other country of this Earth. Visualize the whole world being held in the Ascended Master Wall of Light.

## ***You Have a Divine Responsibility to Fulfill***

### **Goddess of Light — October 15, 2023**

To complete your earthly journey and return Home to the Great Central Sun, you have often put aside worldly endeavors because you understand the importance of consciously entering into Communion with the Light of your Presence. The Light of God is for every Son and Daughter of God. Your Presence has established and written that commitment upon the Altar of your Heart and will not abandon you. Should unfortunate things happen in your world, you must examine the disciplines of your vehicles of consciousness. Have you invoked the Light of God, establishing the current of God Reality and Purity within those vehicles? The interplay of the God Qualities upon your vehicles distinguishes the Real from the unreal. With God Reality as your anchor, you realize you are the Mighty I AM Presence of your own Being, One within the Almighty Heart of God.

## ***Two Chohans Now Serve the Second Secret Ray***

### **Maha Chohan — October 15, 2023**

The Maha Chohan announced that the Cosmic Councils and the Karmic Board have deemed it necessary to have two Chohans on the Second Secret Ray and that Godfré will be joining Lanello in that Office. They will stand as two Pillars anchoring the Light of the Second Secret Ray to establish a Momentum to expand Illumination's Flame in certain areas of the world. Lord Lanto's Retreat in the Royal Tetons will instruct students in North and South America; Lanello's Retreat in Europe will instruct those throughout Europe and Africa; and Godfré's Retreat will instruct students in the Far East. However, each Retreat will be available to all. The purpose of having three locations is to bring Illumination's Flame into closer proximity to greater numbers of individuals so the Angels can remind them there is a Higher Way of Life.

## ***Let Your Mighty I AM Presence Be Your Guardian***

### **The Nameless One — October 15, 2023**

Holding the Book of Cosmic Law, the Nameless One details how the Light and Consciousness of the Ascended Masters and Cosmic Beings is focused in the Shekhinah Pillar, transmuting and purifying through the Ruby Fire, the Golden Helicon, and the Violet Flame River, as the Buddhic Web of the Wall of Ascended Master Light multiplies the magnitude and Momentum of this Pillar. When you call forth and envision this glorious Thoughtform, you can feel its Charge as it flows through you to the center of the Earth and then returns to the Great Central Sun having purified and transmuted all into God Reality. This is the blessing and fulfillment of Cosmic Law the Nameless One has called forth. Your responsibility is to focus your attention upon calling the Shekhinah Pillar® forth, especially over governments of the world. This is the need of the hour!
