WAGING PEACE WITH THE TWELVE MIGHTY ELOHIM!

MASTERING THE SCIENCE OF THE
CONSTANT CONSCIOUS COSMIC CHRIST COMMAND

Easter Conclave 2022

I AM Thy Shield

Discourse — April 13, 2022

Ever since the time of Abraham 3,000 ago, when God spoke to him saying, “I AM Thy Shield and Thy Exceeding Great Reward,” the Divine Ideal of the Fiery Engram of a Shield has been a true spiritual Instrument to bestow Divine Protection upon mankind. This Shield has been maintained over the centuries by the Ascended Masters in cooperation with unascended disciples and with the Heart of God in the Great Central Sun to focus the Power of Divine Visualization. Today this Thoughtform is enshrined in the Helicon Solar Shield. Through this Fiery Engram, the Hierarchs of the Sixth Ray are focusing the Divine Protective Action of the Solar Radiance of the Christ Light, hallowing space with absolute God Love, and wherever possible providing Protection, and redirecting any destructivity back to those who have sent it forth. This Activity is granted by Dispensation of the Lords of Karma so the Divine Patterns are released as you are engaged in the God Star Vigils, holding the Helicon Solar Shield in your consciousness. This is your hour on the world stage to perform your service to overcome the turmoil, oppression, and discord in the world. Only through the intercession of the Ascended Masters will the Light that is needed come forth to hold the balance for Peace in the Earth.

Call to the Elohim to Anchor the Light!

Elohim Hercules — April 13, 2022

Elohim Hercules and his Beloved Pleiades come to anchor in the Earth the Light of God's Will so that there can be a turning of the tide of the negativity and unreality that is trying to displace the Christ Consciousness in the Sons and Daughters of God. This Cosmic Light that they stream forth to the Earth is for one and all to appropriate according to their attainment and ability. For what you receive, you are responsible to internalize and anchor in the Earth. As you look about the world, you see the travails, fear, and doubt that is so prevalent here. Knowing the deep Peace of your Mighty I AM Presence as you enter into Communion, you understand what is required. Engage in that depth of Peace that radiates out so that with every call you make you are establishing that momentum that allows for the Fullness of God Love to infuse all that comes forth, to comfort, to heal, and to bring Wholeness to every circumstance! Let your calls to the Mighty Elohim anchor the Light in the Hearts of the Sons and Daughters of God to awaken them to the Fullness of Opportunity open to them in this era. You can be a Beacon of Light to remind them of their Divine Destiny!

Let Your I AM Presence Wage Peace with Elohim

Discourse — April 14, 2022

Waging Peace with the Elohim is Waging Peace with your own Beloved Mighty I AM Presence. As you rise into the God Consciousness of your I AM Presence in the Great Central Sun, you are forever locked within the realm of supreme Divine Peace and Harmony. When you call forth the Light to hold the balance for the world, issuing the Constant Conscious Cosmic Christ Command, enter into the overshadowing of your Presence and let your outer self take on the Patterns of Perfection of your Presence. As an Ascended Master student, you are not incarnated on Earth to engage in a human tug of war with the forces of evil. Rather,

you are rising into the sovereignty of the Divine Authority of your Mighty I AM Presence. Always affirm in your consciousness, that your Mighty I AM Presence is a Self-conscious Being with its own unique and glorious Individuality. As the Light Rays go forth in answer to your call, they hold fast to the native God Consciousness of the Mighty I AM Presence. Then, as directed by the selective intelligence of the Christ Presence, the White Light swallows up the outer appearance of imperfection. In this way, the problems of Earth are all to be solved through the “I AM the Way” of the Mighty I AM Presence.

Awaken Illumination's Flame upon the Earth!

Elohim Apollo — April 14, 2022

The Elohim of Illumination's Ray, Apollo, commends you to become the Flame of Illumination that draws forth the Mind of God. It is that Flame that feeds into your consciousness the Divine Good of God, allowing you to chart your Destiny according to the Will of God. You have been learning the secret of maintaining the Peace and Harmony necessary to enter into the Holy Communion with your Presence so you can feel that burning Fire of Illumination's Flame within your brain. Thus, you are guided by your Christ Presence with the right course of action and the right words to speak that come from the Mind of God. Calling forth the Divine Will of God at every turn will bring about the Divine Consciousness of God in Victory. Mankind has lost connection with Illumination's Flame. Therefore, there must be an awakening of Illumination's Flame upon the Earth to go out far and wide so the Charge of Light and the Fullness of Wisdom may be regained. As you establish the *Shekhinah Pillar*® in your midst to release the Light for and on behalf of mankind, there is a leavening of the consciousness that is so needed upon the Earth. With the whole of the Kingdom of God beginning to respond to all that is good, that is the beginning of the Golden Age!

A Dispensation of Ruby Fire to Anchor God's Love!

Elohim Heros — April 14, 2022

Elohim Heros and Amora come to anchor a more than ordinary Dispensation. Proclaiming: *Enough is enough!* the Elohim say it is the time to send forth the Ruby Fire Angels of Chamuel and Charity to come and clear the debris of the astral and psychic planes that are polluting the consciousness of mankind. When this Ruby Fire goes forth, there will be a shift in the Earth! It will be dramatic, but it will be for the Love of God to be anchored. Those who receive that Ruby Fire will be cleared of the debris of their negativity and astral substance. And if they do not succumb, then it will be according to their own Mighty I AM Presence and the Karmic Board what is to come next. As Chamuel and Charity's Angels blaze the Ruby Fire and Heros and Amora release their Momentum of Power, the Love of God abounds around the Earth and will continue to do so for the foreseeable future, according to the need of the hour. Hold fast to the Hand of God! The acceleration of God Consciousness in the land is beginning to move! This is your opportunity to live in God's Love!

The Omnipresent Oneness of All Heart Flames

Discourse — April 15, 2022

The God Star Vigil is a worldwide service of our extended family of Elohim, Ascended Hosts, Angels, and unascended Heart Flames to reunite worlds that have become disengaged from one another due to the thickening encrustation of human discord. The goal is to restore the natural state of the Oneness of God. To soar with the Elohim in their vast Consciousness of the Divine Ideal of Oneness, you must open your consciousness to the overshadowing of your Mighty I AM Presence. The One has the Power to share that which it is with every part of reality, as it unifies all of the realms from the Great Central Sun down to the outer physical realm. As you enter this omnipresent Oneness, you are uniting the

Infinite, the Allness of God, with the finite mortal consciousness. You may think of the Dispensation of Streaming Golden Helicon as potent, concentrated Currents of God Peace that reign Universally and Supremely, Waging Peace throughout the Earth. Divine Expansion proceeds from within the Heart Flame, bringing into outer expression the Divine Reality that already exists in The One. Hence you stand in the descending Radiance of that great outpouring from the Realms of Perfection. We all have the Divine Birthright to be the Fullness and Freedom of our Mighty I AM Presence.

Let Your Pillar of White Fire be the Standard Bearer for the Earth!

Elohim Purity — April 15, 2022

The Elohim of Purity holds fast to the streaming Consciousness of the White Fire so that Purity might continue to be anchored in the Earth as the White Ray, enabling all to return Home to fulfill their Fiery Destiny. Until that time, you will want to maintain levels of Purity that are within your grasp, by invoking the Light of God to transmute the records of your karma and bad habits, and by calling upon Illumination's Flame so that you make wise decisions to choose what is Holy, what will rise to the level of the Christ Light. Mankind has lost sight of Purity, the pure way of living, thinking, and speaking. Many cry out and wonder why God has not answered their call! But they have not seated their vibration in their Heart so that they can receive the Blessings of God's Light. Holding fast to Purity is the foundation and springboard upon which you can truly assist all of life, sending forth the Charge of the Mind of God into the mental planes to help mankind come into alignment. Purity and Astrea always stand ready with an intense *Pillar of Fire* you can call upon. Let the Momentum of your Pillar of White Fire be the standard-bearer for the Earth to leaven the Purity in Heart Flames so in need!

The Power of the Name “I AM!”

Discourse — April 15, 2022

One of the Ten Commandments given to Moses by the Nameless One was, “Thou shalt not take my name in vain.” So, it was thought that by not speaking “I AM” it eliminated any possibility of using it in vain. But Jesus made statements using “I AM” throughout the four gospels. Jesus used that Name of God as an Affirmation, a Fiat, and a Truth for whatever follows “I AM.” Saint Germain teaches that the I AM God Consciousness is creative. The key to your Decrees is the Power that is unleashed as you lawfully use the Name of God, “I AM!” The I AM is truly at the root of all things that manifest and that already exist in the Great Central Sun. Give your Decrees standing in the Eternal in your Electronic Body. A universal formula for every situation is “I AM the Way!” When you know that your I AM Presence is the Way, every human condition will resolve!

Maintaining Peace and the Vibration of the Christ

Elohim Cyclopea — April 15, 2022

Cyclopea teaches you how to operate as the Christ. Establishing a Momentum that your Presence will release through you daily requires discipline of what you eat, how you sleep, where you go, what you think, and how you conduct your affairs, with the Truth of your Identity manifesting in all you do. Maintain the Vibration of the Light of the Christ daily, keeping your own Peace. For when that Peace is present, all about you is in that rarefied atmosphere of your Presence. Entering into Communion with your Presence through Invocations and Decrees gives your Presence permission to intercede on your behalf. The covenant with your Presence has given you that right to draw forth the Light of God into the Earth! And it is not only a right, but also a Commandment! Do not think you can let up on your Decrees, for there must be the ongoing Vigil that you keep in the Light of God, establishing

a Momentum where your vibration is continually accelerating. For that is building the Light that you require for the Ascension! Hold fast to all that you have learned from The Temple of The Presence®! The Golden Age is on your doorstep!

Generating Divine Love that Engenders the Golden Helicon Shield

Discourse — April 16, 2022

The Golden Helicon Shield is a Shield of the Great Central Sun with the Light of Ten Thousand Suns blazing through it. The Helicon Solar Shield is an extension of the Attainment of Ascended Beings of the Sixth Ray and many others with a Momentum of God Protection to afford to mankind. Once this Pattern is established, it can be multiplied wherever needed. The force behind this Action is Love. This Love is the veritable “Being” of God, The One, and The Good. And this Love engendering the Golden Helicon Shield is the unconditional, universal, impersonal, absolute totality of the Being of the Presence. This is the Holy Mountain symbolized by “The Rock.” As this Love pours forth, it establishes the Vibration that only your Presence can produce. Visualize the Golden Helicon Shield coming forth from the Heart of your Presence, down your Crystal Cord and out from your Heart Flame, then journeying to wherever that Protection is needed. Through our God Star Vigil, we call forth this Shield for the protection of all the Sons and Daughters of God and for the plans of the Brotherhood of Light throughout the world.

I Command You to Hold Fast to Peace!

Elohim Peace — April 16, 2022

The Sixth Ray Elohim, Peace, brings your attention to your own Path of Christhood. He asks you to awaken to your Heart Flame! For therein are the Blessings of The One God. You are to establish Peace that flows with great Power and Momentum. When you

understand this, your outer vehicles are charged with the Strength and Courage to keep on striving, making the Call to God, and allowing the Light of God to be the Doer! It is important that you have clarity of consciousness and seat your attunement in the vibration of your Holy Christ Presence. Establish an unconditional Love for all life so that you are always sending forth an Abundance of God Love. Remember the Divine Love that God has for you, and then convey that Love to all through the Holy Purposes that you fulfill. And remember always that the Elohim of Peace commanded you to hold fast to Peace!

The Process of Wholly Embracing Cosmic Law **Discourse — April 17, 2022**

You gain your Victory by embracing the Truths and Principles of Cosmic Law. Like Peter when he lost his focus on God Perfection and began sinking below the waves as he walked on the water, you cannot afford to let your outer mind accept appearances that are less than God Perfection and give them power in your life. You are either in a figure eight flow with Perfection or imperfection. Put your attention on the underlying Perfection that is present behind the screen of outer appearances and which is always there in the Great Central Sun. You never need to wrestle humanly with imperfection because you have the Rock of your Electronic Body, the Rock of The Great I AM, and the Rock of the Great Central Sun, as that firm foundation of God Perfection on which you stand!

Trust in the Violet Flame and Your Mighty I AM Presence **Elohim Arcturus — April 17, 2022**

Asking you to be priests and priestesses of the Sacred Fire, Arcturus presents in-depth Teaching on your daily work at the altar. All is to be charged with Light, sanctified and purified. The words you speak hold Power and commune with the Heart

Flames of the Ascended Masters. Your Holy Christ Presence is the key to reaching a level of Mastery and Attainment that can and will perform miracles! From the beginning, the Flames of all Twelve Elohim were established upon your crown. And you are invited to call upon the *Entire Spirit of the Brotherhood of Light* for assistance you may need in any given moment or situation. Do not feel unworthiness. The Flame upon the Altar of your Heart is worthy of God Almighty, for it is a part of God! Arcturus reveals that The Temple's Holy Vigils have worked miracles. Do not let your momentum flag! Continue that acceleration in your own life, for you are the greater for it, having received in return the Blessings of God's Light into your keeping and wise use, having refined your outer vehicles, and having elevated your vibration!

Be Thou the Christ!

Beloved Jesus — April 17, 2022

During his Easter Address, Beloved Jesus blesses you with the Christ Light of his Momentum so that you may feel, receive, and *be* your Holy Christ Presence, here and now! Teaching you how to command Life by the Christ Consciousness, Jesus instructs you *not* to sit on the sidelines of life now that you are aware of your Mighty I AM Presence and the intrinsic worth of your Identity in God, but instead bring forth every Opportunity that your Presence desires for you! Allow your Heart Flame to satisfy the Law, to *prove* the Law, and to *be* the Law of God! You can invoke the Resurrection Flame in Jesus' name and have that Flame work daily in your life. Recommit your life to your I AM Presence and have God Consciousness flow freely to you. Freedom is felt by those who practice the Power of Invocation to the Light of God and purify their four lower vehicles with the Violet Flame.

THE ROCK PART I PRACTICING THE PRESENCE OF THE GREAT CENTRAL SUN

Acropolis Sophia

The Great Central Sun Operates with Laws

Discourse — April 18, 2022

The *All of God* that is the Great Central Sun, the Home of Light of your I AM Presence, is Omnipresent. Right where you are, the Great Central Sun is present. The Ascended Masters wish you to appreciate the absolute Peace, Protection, security, and safety of the Great Central Sun that envelops you. You can raise your consciousness into that omnipresent level, but equally important, the Protection of that Foundation, which is God and God only, can be invoked to manifest down to the etheric double of the physical plane, and even to the physical plane itself. There are Laws in the Realms of Coming-To-Be, in the Great Central Sun, and in The One that are all interrelated. These Laws are impersonal, immutable, and irrevocable. They operate whether mankind is aware of them or not. Those who love Wisdom will desire to learn how the Presence of God operates by Laws, and then live in accordance with those Laws, rather than fight against them. When those Laws are set into motion by an illumined consciousness, the Great Central Sun instantly responds!

Meditate Upon the Great, Great Silence
The Nameless One — April 18, 2022

The Nameless One's Altar in the Great Central Sun pours forth the White Radiance of God's Purity constantly to the Earth. He wishes you to grasp how easy it can be for you to adopt a way of life that is in daily Communion with your I AM Presence, operating as the Holy Christ Presence, and streaming forth all the Blessings from God's Heart. The Akashic Record of the Edenic Consciousness that accompanied your first incarnation is there, and you may revivify the memory, action, and energy of that record. Like Moses, you have received instruction — the Christ Virtues to practice and the God Qualities to put into action. And you have been given Decrees and Affirmations with which to invoke that Light from your Presence. Your Calls will bear fruit across the world! Do not give up! Do not hold back! When you have the prompting, the time is now! Make room in your life to enter into the Great Silence. Opening your consciousness into the Mind of God allows you to accelerate into your Presence, and thus, into the Great Central Sun.

Anointed Representative® Carolyn Louise Shearer
Shares Experiences of the Light
Discourse — April 19, 2022

Since the Elohim presented much instruction on Decrees during this conference, the Anointed Representative® Carolyn Louise Shearer, in order to help the students, shared some of her initiations on the Path and experience with Decree work. Carolyn gives examples from her life of how the Power of the Light can bring you into your Divine Destiny and how your Calls will be answered. It takes the charge of the energy of your Threefold

Flame connecting with the word from your throat chakra that will allow you the greatest manifestation of what you desire. We all have different circumstances, different situations, different karmic patterns, but the solution to all is the Light of God! Let your Heart accept the assistance of your I AM Presence. Make the Calls! Invoke the Light! For the more you step up the Light with your Calls, the greater the Momentum of that Light that you can conduct into your affairs. This is not hypothetical, this is Real! You can take command of every vestige of your life by the Christ Light! Your Presence awaits that moment when you connect with the Light, draw it forth, and begin to fulfill all that you came to do!

Draw Upon Akasha and the Light of God that Never Fails!
Elohim Surya — April 19, 2022

Surya, the Elohim of Akasha from the God Star Sirius, deposits the Charge of Akasha into the atmosphere around you! Surya reveals the purpose of life: never to be that far from your Presence! And never to be that far from Home in the Great Central Sun! You have a full array of the Momentum of God available to you. Do not block your own Path by holding thoughts of inadequacy, inability, or negativity. If your Presence desires for you to continue to accelerate your attainment and mastery, It will open doors and bring you new patterns of life and opportunity. But never think that you have reached the highest state of consciousness available to you. You must keep striving! Keep the pressure of Light moving! Keep your connection with the Great Central Sun firmly fixed! And do not forget to send Love. It is the surge of Love that you send to your Presence and to the Heart of God in the Great Central Sun that becomes the return current. The expansion of your Heart Flame knits you together with the Great Central Sun. Let the Great Central Sun be the foundation of *Home* upon which you reside!

Pursue the Agenda of Your Mighty I AM Presence

Maha Chohan — April 19, 2022

The Maha Chohan asks you not to forget that your I AM Presence is present because of The Great I AM, The One, the Almighty. Your Presence incarnated to establish the Allness of God at the command of your Heart Flame. For the Initiation was to come into a world where you were in the midst of the Elemental Forces of Nature that would respond to the Christ Command! When you further the agenda of your Presence, it is the desire of God's Heart that you are bringing forth. Do not forget your Responsibility to commune with your Holy Christ Presence. Joy allows you to have your Christ Presence overshadow you. God Gratitude and Love from your Heart to your Presence, to God Almighty, primes the pump of all that manifests. You must have Deep Peace to hold fast to the disciplines required to be in the Light. Holding to the Teachings on the Christ Virtues will hasten your return Home to the Great Central Sun. Let not one day pass that you do not feel the Light and the unfolding of your Threefold Flame, so that the acceleration of Light builds until one day your Ascension takes place!

The Attributes of God in the Great Central Sun

Discourse — April 20, 2022

It is necessary for you to have a correct understanding and knowledge of the Great Central Sun so you can focus your Heart and mind there. The Great Central Sun is Changeless. Everything exists in the Eternal Now. All the facets of God Consciousness are new and fully actualized in the prime of life. Everything in the Great Central Sun is Whole, Complete, and Perfect. The Great Central Sun is Omnipotent, Omnipresent, and All-Powerful, and the Consciousness of The Great I AM shines through. You have

access to this Realm because your Heart possesses that Oneness and is the open door to the Higher Realms. You are encouraged to open your Heart and enter the timeless Realm of the Great Central Sun and acquire the ability to heal yourself and the rest of the world.

Victory for the Earth Requires Conscious Awareness of the Light

Elohim Hyperion — April 20, 2022

The Sons and Daughters of God have a Responsibility to elevate their consciousness to receive and actualize the Momentums the Elohim bring forth. The Golden Helicon affords you the opportunity to step up your vibration daily to enter into the Fullness of the Mind of God. Your own Mighty I AM Presence is constantly encouraging you to rise higher in consciousness. Waging Peace with the Elohim requires great striving on your part. When you have the Flame upon the Altar of your Heart accelerating every cell of your body, you are Courageous and ready to move forward according to the Divine Plan of your life. In the final hour of your day, turn everything over to your Presence and ask for the preparedness to continue your journey. Your Heart Flame needs to know you are willing, that you accept the Authority conferred upon you, and that you are up to the Mission and Divine Plan of your Mighty I AM Presence.

The Great Central Sun Is Everywhere and Nowhere

Discourse — April 20, 2022

Plotinus used the rising of the sun to illustrate the paradox of the Great Central Sun being everywhere and nowhere. Prior to rising above the horizon, the sun is unseen to our eyes but is still universally present. Its appearance before our eyes makes it present to us. Likewise, the Great Central Sun is always present and awaits our conscious awareness of its existence. While the Great Central

Sun is nowhere, there is nowhere it is not – so it is everywhere. When you join your consciousness with that of your Mighty I AM Presence, you will see the Great Central Sun all around you just as your Mighty I AM Presence has always seen the Central Sun all around it. Although the Allness of the Great Central Sun cannot fit into any time or space ratio, Proclus explained that its all-pervasiveness extends down to the earth element.

The Light Is Everything

Goddess of Light — April 20, 2022

It is your blessing to have Akasha close at hand, available to your own Threefold Flame, responsive to the Third Eye, ready to establish in your life, at your command, the Patterns of God from the Great Central Sun. But it requires Light, Light, Light! For that Light carries the Consciousness of God. The time is now to enter into that Consciousness. Do not put off for another moment entering into the Light of your Mighty I AM Presence, for it is as close as your own Threefold Flame. That Light accelerates the body temple so you can put on more of the Light. It may feel foreign at first, but the remembrance of it is there and will not let go. As the Patterns of Light build, you create a firm foundation for the life your Heart has always known you were to live. Holding to that high Vibration allows your consciousness to soar.

Drawing the Great Central Sun to Yourself

Discourse — April 21, 2022

The example is given of Saint Germain being held within the Great Central Sun and remaining poised and calm as the turmoil of war surrounded him. We are drawing upon the Universal God Power of the Central Sun to produce the cloud that hallows our forcefield. There is a Universal Primal Intelligence in the Light substance of this cloud. As you visualize your final goal, the Intelligence of your Heart Flame unites with the Universal

Intelligence to bring it forth. The Universal Light knows its own and rushes to serve its creator, in this case, your Heart Flame. Imprinting the picture of what you want to come forth upon the Great Silence through visualization creates the greatest Power in the Universe. Hold your vision steady until the full impression is received by the Great Silence. It is the Law that when your visualization is registered in the Great Silence it will come forth.

Divine Sacrifice Is Giving Forth God Love Unceasingly
Elohim Kronos — April 21, 2022

Invoking the Light of God to not only accelerate your own vehicles, but to accelerate the Earth itself and all thereon is how you establish Divine Peace upon Earth! There is vast opportunity for you to hone your skills of Invocation and witness the response to your Call! For surely there are those occasions when you are aware your Call has performed its Perfect Work. You are to become the Divine Alchemist in all things related to Cosmic Law. This is why you have available to you the full Panoply of the Christos and the Causal Body Presence with your Attainment throughout the ages, even before your first incarnation. The Good that is to come forth will always follow the Patterns of Perfection and Cosmic Law. For your own Threefold Flame is God. Your Holy Christ Presence is God. The Causal Body Presence is God. The Light that streams forth from your Mighty I AM Presence is carrying the Fullness of the Body Consciousness of God!

Your Mighty I AM Presence Is Lord of the Great Central Sun
Discourse — April 22, 2022

While it is true that the Higher Realms vibrate at a higher frequency than the lower realms, it would be a mistake to think they are separate from one another. Rather, since each realm

proceeds from higher to lower they all trace their origin back to the Great Central Sun within which they all exist. Within the Great Central Sun, your Mighty I AM Presence is forever expanding the Limitless Qualities and Attributes of Perfection that are there. It is a process of unfolding from within Itself and gaining mastery over aspects of The Good. And out here in time and space you, as the Individualization of your Mighty I AM Presence, are unfolding and obtaining this mastery on the earth plane. However, The Great I AM, from which the Great God Flames and Individual Mighty I AM Presences emanate, is above the Great Central Sun and thus your Presence is Lord of the Great Central Sun.

The Great Central Sun Is a Breath Away
Mighty Cosmos — April 22, 2022

Part of the process of becoming the Christ is gaining the ability to draw upon the Fullness of the Light of God. To accomplish this, there must be a stilling of the emotional body and a depth of Peace within you. The Mind of God knows when there is this depth of God Control necessary for the transfer of God Power to take place. You must be prepared for the Fullness of the Light of God to flow forth, and this preparation does not happen overnight. The state of consciousness, vibration, and Purity you hold within yourself establishes a temple through which your Presence can manifest all you are to bring forth. The Fullness of the Light that your Mighty I AM Presence has for you to receive is greater than you would ever be able to hold while incarnated upon the Earth! But the amount you are able to receive allows the Flame upon the Altar of your Heart to break the barriers of this outer vehicle and soar into the Great Central Sun where you are not limited by time and space.

Prepare Your Chalice to Receive

El Morya — April 22, 2022

Giving your Calls at the altar and entering into the Threefold Flame of your Heart allows you to maintain the Charge of Light and accelerate that Momentum. Having touched the Flame upon the Altar of your Heart, you realize the Mighty I AM Presence is close at hand and life is new and exciting. Every day in the Flame of God is new, for every moment there is a shift in the Charge of Light coming forth. During this cycle, the Elohim opened the door to the Great Central Sun and you had only to walk through and make yourself available. Let this be the desire of your Heart, for there must be the fulfillment of the return current you have received and internalized so you truly garner what has been proffered. The sensitivity you experience in the Flame of God is Pure and allows you to monitor your vibration and maintain the Charge your Presence desires.

Know There Is Only God-in-Action Everywhere

Discourse — April 23, 2022

All of the Realms of Creation from the Nirvanic World down to and including the physical Earth are built up by their interaction and reliance upon that Eternal Constancy of the Great Central Sun. Truly, the coming forth of creation is absolutely built upon the foundation of the Great Central Sun as the Rock. In The Temple of The Presence each one's own Mighty I AM Presence is the Rock of its Individuality and facilitates the Resurrection and Ascension. The Ascended Masters are there to help guide the Light, but the Source of that Light is each one's Electronic Body of the Mighty I AM Presence because the Victory of the Ascension must be won by each Individuality of the Mighty I AM Presence. Have the Perfect Faith and Trust to reach to the Heart of your Mighty I AM Presence to fulfill your every call and provide the antidote to whatever mortal condition you face.

You Must Anchor the Light All the Way to the Physical
Elohim Regulus — April 23, 2022

Limiting your consciousness limits your ability to accelerate on the Path to the Ascension and be God Victorious. Anchoring the Light of God all the way to the physical allows the Fullness of the Light to fill your body temple and accelerate the Vibration of the Christ so you are moving in the Grace of God. This gives you the opportunity to have the Charge of Light anchored in your body temple, accelerating the Christ Light and establishing Peace. Having the Presence of God constantly in your life carries you into greater heights of the conscious awareness of God so there is not one aspect of your life not touched by the Light of God. That Light upon the Altar of the Heart always expands and accelerates according to your striving. Therefore, become adept at invocation so the Calls you make become the command of your Mighty I AM Presence in the Great Central Sun and are then anchored here upon this earth.

Within the Consciousness of The Great I AM All Is Well
Discourse — April 24, 2022

From the Great I AM comes the fused Oneness of the knowledge of Perfection, which includes yourselves, your loved ones, and the world at large. Every tremolo, every thought or feeling that registers on the Heart Flame of any embodied lifestream, be it a newly born infant or young child, is simultaneously known by the Great I AM because they are One and in that Oneness the Individual Heart Flame's awareness is an undivided part of the Awareness of the Great I AM. Therefore, you should not postpone until after your Ascension your communion with the Consciousness of the Great I AM, for it is always ongoing. The Great I AM is constantly envisioning the absolute best for all of reality, not only the Firstborn Sons and Daughters of God, but for every other part of life as well. This selfless giving wants every part of life to be as much like the Great I AM as it can possibly be.

Keep the Flame of God Burning Brightly Upon the Earth
Maha Elohim Ouranos — April 24, 2022

With the coming of Elohim, the Earth is vibrating at a different level, bringing a greater Momentum of God Reality! And therein lies Peace and the fulfillment of every Desire of the Flame upon the Altar of each one's Heart! This is possible because it is conceived within the Mind of God, producing Patterns and Momentums enabling the Power of God to overwhelm any lesser state. Acknowledging your Mighty I AM Presence and holding fast to the Blessings flowing to you motivates you to keep striving toward your Ascension in the Light. Each of you has inherited from your Mighty I AM Presence the Responsibility to abide by Cosmic Law and keep the Flame of God burning brightly. Your attention upon the Great Silence enables you to receive the Momentum of Peace, and the Flames of Elohim upon your brow and crown are testimony of their assurance to assist you in accomplishing the task.

Alpha And Omega Will Never Turn Away from Your Heart Flame

Omega — May 8, 2022

Alpha and Omega will never turn away from your Heart Flame because that Flame is the Presence of God on the Earth and in the Ascended Octaves. The Law of Forgiveness and the Mercy of God is always flowing forth and those committed to knowing the Truth of their Identity will eventually have it imparted to them, for that is the Law. Omega is most aware of the events upon the Earth that require the Momentum of the Mother Flame. It is the Hope of Alpha and Omega that the Teachings you freely receive will become known far and wide and elevate the Consciousness of the Flames of Illumination, the Love of God, the Will of God, and

the Mother Light in the fulfillment of the Golden Age desired by The One. Do not take for granted what you have received but hold it dear that the Consciousness of your Mighty I AM Presence may be ever where you are.

Let the Unconditional Love of Your Heart Touch All of Life
Lord Gautama — May 15, 2022

There is so much about the Threefold Flame for you to realize. It is not just a passive interaction, but you must *exert* the consciousness within you to adopt a way of life that allows that Flame to be ever-present. The Flame is always there. Your Presence is always there. Gautama is always there. The more you know the Flame of God, the more you have the participation of your own Mighty I AM Presence in your way of life. Once you enter into the Heart Flame and are actively participating in that Charge of Light, you know and have the Truth resonating through your entire being. There is no fear, doubt, or questioning. Cosmic Law is a Reality to you, for you have become the Momentum which your Presence desired to share with you. This Momentum stays with you all your days, even to the Ascension and beyond, for you will have touched the Presence of God.
